THE MALAYAN POST OFFICE GUIDE.

CHAPTER I.

POSTS.

Post Office Daily Lists—Malaya.

1. The hours fixed for closing Mails are announced by means of the Post Office Daily List which is published once daily (Sundays and holidays excepted) and distributed to subscribers. These lists also contain postal, telegraph and wireless intelligence of interest to the public as well as information regarding the movements of the principal steamers and aircraft conveying mails.

2. The subscription, payable in advance, is:

- (i) For any period commencing before the 1st July until the 31st December of the same year \$10.
- (ii) For any period commencing on or after the 1st July to the 31st December of the same year \$5.
- (iii) For each additional copy beyond the first delivered together to the same subscriber and at the same address, half the subscription rates as at (i) or (ii).

CHAPTER II.

PROHIBITED ARTICLES.

1. The rules under the Post Office Ordinance (Straits Settlements) and Post Office Enactment (Federated Malay States) provide that:

There shall not be posted or conveyed or delivered by post any postal article

- (i) Consisting of or containing
 - (a) any explosive, inflammable or dangerous substance;
 - (b) any filthy, noxious or deleterious substance;
 - (c) any sharp instrument not properly protected;
 - (d) living animals except bees, leeches and silk-worms;
 - (e) any article which from its nature or by its packing, may expose postal officials to danger or soil or damage postal articles;
 - (f) any indecent or obscene print, painting, photograph, lithograph, engraving, book or card, or any indecent or obscene article;
 - (g) any public lottery ticket or any advertisement of prizes or any other announcement relating to any public lottery, sweepstakes or other gambling transaction;
 - (h) negotiable instruments payable to bearer, bank notes or currency notes, unless sent by registered or insured letter post, provided that if the face value of the bank notes or currency notes exceeds one hundred dollars the postal article must be insured.
 - (i) any article liable to Customs duty unless sent in an insured box or by parcel post or enclosed in a letter for delivery in a country which admits such letters. Such letters must bear on the address side a green label giving the description, weight and value of the articles enclosed. Exceptionally, when the laws of the country of destination permit, articles liable to Customs duty may be sent by sample post;
 - (j) samples of which the number forwarded by the same sender to the same addressee shows an obvious intention of avoiding the payment of Customs charges due to the country of destination;
 - (k) any articles which by the laws of the country or place in which the postal article is posted or to which the postal article is addressed it is unlawful to send by post.

PROHIBITED ARTICLES.

- (ii) (a) Containing or bearing any fictitious postage stamp or any counterfeit impression of a stamping machine;
- (b) purporting to be prepaid with any postage stamp which has been previously used to prepay any other postal article or any other revenue duty or tax; or
- (c) having thereon or on the cover thereof any words, letters, or marks (used without due authority) which signify or imply, or may reasonably lead the recipient thereof to believe, that the postal article is sent on Government service.
- (iii) (a) Having thereon or on the cover thereof any words, marks or designs of a character likely in the opinion of the Director-General or his deputy to embarrass the officers of the Postal Department in dealing with the postal article;
- (b) having anything written, printed, or otherwise impressed upon or attached to any part of that side of a postal article which contains the address at which the article is to be delivered which either by tending to prevent the easy and quick reading of the address of the postal article or by inconvenient proximity to the stamp or stamps used in the payment of postage, or in any other way, is in itself, or in the manner in which it is written, printed, impressed or attached, likely in the opinion of the Director-General or his deputy, to embarrass the officers of the Postal Department in dealing with such postal article.
- (iv) Having thereon or on the cover thereof any words, marks or designs of an indecent, obscene, seditious, scurrilous, threatening or grossly offensive character.
- (v) Having anything written, printed or otherwise impressed across the postage stamp thereon, otherwise than by the authority of the Director-General before posting provided that nothing in this rule shall prevent the perforation of postage stamps with initials traced in minute holes.
- (vi) Except as otherwise provided containing any letter, note or document which has the character of actual and personal correspondence addressed to a person other than the addressee or a person living with him.

2. Coin or bullion exceeding \$50 in value, except coin obviously intended for the purposes of ornament may not be sent by post. Coin, platinum, gold or silver manufactured or not, precious stones, jewellery or other precious articles transmissible by post may be sent only by insured box or parcel post and then only to places with which there is insurance.

3. Unmanufactured gold is prohibited from export by post from the Federated Malay States unless accompanied by a duty paid receipt to be obtained from the Commissioner, Trade and Customs, Federated Malay States, Kuala Lumpur. (This rule does not apply to gold coins, ornaments, etc., see para. 2.)

Additional Prohibitions—Straits Settlements.

- 4. (a) Bhang, opium, cocaine or other narcotics, except medicinal opium, morphine, cocaine or other narcotics forwarded in conformity with the provisions of Ordinance No. 124 (Deleterious Drugs) or any modification or re-enactment thereof;
- (b) any arms, firearms, or parts of firearms, unless authorised by licence issued under Ordinance No. 136 (Arms and Explosives).

Additional Prohibitions—Federated Malay States.

- 5. (a) Chandu, bhang, hypodermic syringes, opium, morphia, morphine, cocaine or other narcotics, except hypodermic syringes, medicinal opium, morphia, morphine, cocaine and other narcotics posted in conformity with the provisions of "The Deleterious Drugs Enactment" or parcels of chandu or chandu dross forwarded to or by the Deputy Commissioner or a Superintendent, Chandu Monopoly, Federated Malay States;

PROHIBITED ARTICLES.

3

- (b) skimmed or separated milk except under licence;
- (c) any arms, firearms or parts of firearms unless authorised by licence issued under "The Arms Enactment" or sent from another country through the Federated Malay States to a country or place which admits them;
- (d) tobacco exceeding 10 lbs. in weight. (N.B.—The tobacco must be for private consumption. For any quantity exceeding 10 lbs. in weight, a licence to import must be obtained and the tobacco is liable to be detained until such time as the licence to import is produced).

6. The under-mentioned plants shall not be imported into the Straits Settlements and Federated Malay States from a place outside of Malaya except with the permission of the Director of Agriculture. All parcels received through the post must be addressed to the addressee, c/o, The Director of Agriculture, Kuala Lumpur, who will take delivery of the parcel and after examination will make arrangements for the despatch of the parcel to the addressee.

The plants are as follows :

Plants of Para rubber	...	(All species of <i>Hevea</i>)
Plants of cotton		(All species of <i>Gossypium</i>)
Plants of sugar cane		(<i>Saccharum officinarum</i>)
Seed nuts of coconut		(<i>Cocos nucifera</i>)
Living and growing palms of any species.		
Plants of coffee		(All species of <i>coffea</i>) except dried beans for consumption or trans-shipment
Suckers of bananas		For planting taken from all sub-species and varieties of <i>Musa Sapientum</i> , <i>Musa Cavendishii</i> or <i>Chinensis</i> , <i>Musa paradisiaca</i> , <i>Musa textilis</i>
Seeds of oil-palm		<i>Elaeis spp.</i> species
Living plants or parts of plants including seeds of tea		All varieties of <i>Camellia thea</i>

7. Postal articles containing prohibited articles, if tendered for transmission will be refused, or, if detected in transit, detained. They are liable to be dealt with in such manner as the Director-General may direct, and the sender is in some cases liable to prosecution.

- 8. (a) Any unregistered postal article or any insured box found to contain bank notes or currency notes or negotiable instruments payable to bearer, any uninsured registered article which is found to contain bank notes or currency notes, the face value of which exceeds one hundred dollars, if posted in the Straits Settlements or the Federated Malay States, will be returned to the sender or if posted in any other country be delivered to the addressee, in both cases charged with a special fee of 30 cents in addition to any other charges due to be paid thereon.

If the article posted irregularly in the Straits Settlements or the Federated Malay States for delivery in the Straits Settlements or the Federated Malay States is not observed until receipt at the office of destination, it will be delivered to the addressee on payment of the special fee.

- (b) Any postal article other than an insured box or an insured parcel which is received at a Post Office and is found to contain coin, platinum, gold or silver whether manufactured or not, precious stones, jewellery or other valuable articles will be dealt with in the same manner as prescribed in the foregoing paragraph (a).

CHAPTER III.

LETTERS.

IMPORTANT.—Postage stamps should be affixed to the top right-hand corner of the address side of the envelope or wrapper.

1. The rate of postage on letters addressed to any place in the Straits Settlements (comprising Singapore, Penang, Malacca, Province Wellesley, Labuan, the Cocos or Keeling Islands and Christmas Island), the Federated Malay States, Johore, Kedah, Kelantan, Perlis, Trengganu, North Borneo, Sarawak or Brunei is as follows :

For any weight not exceeding 2 oz. ... 5 cents

For every additional ounce or fraction thereof ... 1 cent

2. The rate of postage on letters addressed to Great Britain and Northern Ireland, Irish Free State, Egypt, the Sudan, and the following parts of the British Empire is 8 cents for the first ounce and 4 cents for every additional ounce or part thereof.

Aden (including Kamaran and Perim)	Gilbert and Ellice Islands	New Hebrides (including Banks and Torres Islands)

For each additional 1 oz. or fraction thereof ... 6 „

4. The privilege of not prepaying or of prepaying partially does not apply to any class of correspondence sent with the obvious intention of avoiding the prepayment of postage.

For particulars see Letter Post Schedule.

LETTERS—POST-CARDS.

5

5. Letters posted unpaid or insufficiently prepaid are forwarded, but they are charged on delivery with double the deficiency with a minimum charge equivalent to 5 centimes (gold).

6. No letter for any place referred to in paragraphs 1 and 2 above, except Egypt and French India, may exceed 2 feet in length by 18 inches in width or depth. For other countries the limit of size is 3 feet in length, breadth and depth combined, provided that the greatest dimension may not exceed 2 feet. In either case, a letter in the form of a roll may not exceed 3 feet 3 inches in length and twice the diameter combined, provided that the greatest dimension may not exceed 2 feet 8 inches.

7. The limit of weight for letters is fixed at 4 lbs. 6 ounces.

8. Articles in envelopes entirely transparent or in envelopes with an open panel are not admitted.

9. The following conditions apply to articles in envelopes with a transparent panel:

- (a) The transparent panel must be parallel to the longest side, so that the address of the addressee appears in the same direction; it must be placed so as not to interfere with the application of the date-stamp.
- (b) The panel must be sufficiently transparent for the address to be perfectly legible, even in artificial light, and must take writing.
- (c) The panel must not reflect artificial light.
- (d) Only the name and address of the addressee must show through the panel and the contents of the envelope must be folded so that the address cannot be obscured, wholly or partly, by slipping.
- (e) The address must be legibly indicated in ink or type-writing. Articles addressed in copying-ink pencil or lead pencil are not admitted.

Dutiable Articles by Letter Post.

10. Dutiable articles may be sent in packets prepaid at the letter rate of postage to certain countries. A green label giving precise particulars of the weight and value of the articles must be affixed to the address side of each packet by the sender; and in addition, if the country of destination so requires, one or more non-adhesive customs declarations as required for parcels must be enclosed in or securely fastened to the packet (*see* Letter Post Schedule). Dutiable articles may also be sent to this country under the green label system but no customs declarations are necessary. These labels may be obtained on application at any Post Office. The Customs duty will be assessed and collected from the addressee in ordinary course. Letters containing dutiable articles may not be sent to any country not notified. Any letters sent in contravention of the regulations may be returned, subjected to fines, or confiscated, according to the laws of the country of destination. The affixing of the green customs label to a letter confers no title to compensation in the event of loss, damage or delay.

CHAPTER IV.

POST-CARDS.

1. The rate of postage on a single post-card addressed to any place in the Straits Settlements, the Federated Malay States, Johore, Kedah, Kelantan, Perlis, Trengganu, North Borneo, Sarawak or Brunei is 2 cents, and on a reply post-card 4 cents. The rate of postage on a single post-card to Great Britain, Ireland and British Possessions generally is 4 cents and on a reply post-card 8 cents. The rate of postage on a single post-card to other places is 6 cents, and on a reply post-card 12 cents.

2. Official post-cards are issued for the use of the public, but cards of private manufacture, with or without stamps affixed to them, are accepted for any country to which cards may be sent. Where additional postage is required on official post-cards adhesive stamps may be affixed.

Private Post-Cards.

3. Private post-cards must be made of cardboard, similar to but not thinner than that used for cards issued and sold by the Post Office for use as post-cards. They may not exceed $5\frac{1}{2}$ inches in length by $4\frac{1}{2}$ inches in width or be less than 4 inches in length by $2\frac{1}{2}$ inches in width.

4. The inscription "Post-card" is not compulsory for single post-cards of private manufacture, but private double cards must bear on the face of the first half the heading "*Carte postale avec réponse payée*," and on the reply half the heading "*Carte postale-réponse*."

Rules Applying to Official and Private Post-Cards.

5. A post-card must not be folded, cut or otherwise altered, nor may it be enclosed in a cover of any kind.

6. The right-hand half of the address side of a post-card is in all cases reserved for the address of the recipient, for the postage stamp necessary for prepayment, which stamp should so far as possible be placed in the upper right-hand corner, and for postal directions (such as "Registered," "Advice of Delivery," etc.); the address side may not be marked off into several divisions intended to receive successive addresses. The left-hand half of the address side, as well as the back, may be used by the sender for the purpose of a written communication, or may be otherwise disposed of, subject to the following restrictions:

Nothing whatever may in any manner be attached to a post-card except:

- (a) Postage stamps in payment of postage or of sums payable for registration or for advice of delivery or for express delivery;
- (b) Illustrations, photographs, stamps of any kind, address labels or slips to fold back for address purposes, labels and cuttings of any kind. Provided that these articles are not of such nature as to alter the character of the post-cards, that they consist of paper or other very thin substance and that they adhere completely to the card. With the exception of address labels or slips, these articles may only be affixed to the back or to the left-hand half of the address side of the post-cards. Stamps of all kinds liable to be mistaken for postage stamps may be affixed only to the back.

7. If any of the foregoing rules relating to a post-card be infringed, the card will be treated as a letter, unless it is eligible for transmission as a printed paper.

8. The reply halves of reply-paid cards cannot be registered by the original senders of such cards.

9. The sender of a reply-paid post-card may indicate his name and address on the face of the reply-half, either in writing or by affixing a label. The sender is also allowed to print on the back of the reply-half a questionnaire to be filled up by the addressee.

10. Reply halves are available for transmission to the country of origin, and to that country alone, provided that they were in the first instance received attached to the other half. If addressed to other countries they are treated as unpaid post-cards. Ordinary international post-cards of one country posted in another are treated as unpaid post-cards.

11. Single post-cards posted unpaid or insufficiently prepaid are charged on delivery with double the deficiency with a minimum charge of two cents. Reply post-cards of which the two halves are not fully prepaid will not be forwarded.

PRINTED PAPERS.

7

CHAPTER V.

PRINTED PAPERS.

1. The postage on printed papers is 2 cents for any weight not exceeding 2 ounces and 2 cents for each additional 2 ounces or part of that weight.

2. Printed papers posted unpaid or insufficiently prepaid will not be forwarded, but, exceptionally, insufficiently prepaid printed packets addressed to places in Malaya will be despatched to their destination taxed with double the deficiency. Insufficiently prepaid packets received for delivery will be charged with double the deficiency with a minimum charge of 2 cents.

3. The dimensions of printed papers may not exceed those prescribed for letters.

4. The limit of weight for packets of printed papers addressed to foreign countries in the Postal Union is 4 lbs. 6 ozs. To British possessions and non-Union countries the limit of weight is 5 lbs. Exceptionally a printed volume sent singly may weigh as much as 6½ lbs.

5. Printed papers must be made up in such a way that they can be easily examined. They must be either placed in wrappers, upon rollers, between boards in open cases or in unclosed envelopes, provided if necessary with blunt fastenings easy to raise and replace or secured with a string easy to untie, or be simply folded, but in such a manner that other articles cannot slip into their folds.

6. The term printed papers includes newspapers, periodicals, books, pamphlets, sheets of music, visiting cards, address cards, proofs of printing, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, paper patterns, catalogues, prospectuses, advertisements and notices of various kinds, printed, engraved, lithographed or mimeographed and, in general, all impressions or copies obtained upon paper or other material similar to paper, parchment, or cardboard, by means of printing, engraving, lithography, mimeography or any other mechanical process easy to recognize, except the copying press, a type-set hand stamp and the typewriter.

7. In the case of printed papers addressed to any place in the Straits Settlements, the Federated Malay States, Johore, Kedah, Kelantan, Perlis, Trengganu, North Borneo, Sarawak or Brunei the term printed papers in addition to the articles mentioned in the foregoing paragraph includes the following :

Receipts and statements of accounts.

8. Reproductions of a manuscript or typewritten original when they are obtained by a manifold process (hectography, etc.) are allowed to pass as printed papers; but, in order to pass at the reduced postage, these reproductions must be handed in at the counter of a Post Office, and must number at least twenty copies, precisely identical. They must not be dropped into a letter-box. The manuscript additions authorised for printed packets may also be made in these reproductions.

9. Except as provided for in para. 10 no printed packet may contain :

- (a) printed papers of which the text has been modified after printing or which bears any marks whatever of such a kind as to constitute conventional language;
- (b) stamps or forms of prepayment, obliterated or not, or printed papers representing a monetary value;
- (c) stationery properly so called, when it is clearly evident that the printed portion is not the essential part of the article.
- (d) cinematograph films, gramophone records or perforated sheets intended to be used with automatic musical instruments.

PRINTED PAPERS.

10. As exceptions it is allowed

(i) outside or inside a printed packet:

- (a) to indicate by hand or by a mechanical process the name, position, the profession, firm and address of the sender and of the addressee as well as the date of despatch, the signature, telephone number, telegraphic address, and code, and postal cheque or banking account of the sender, as well as a serial or identity number referring solely to the article;
- (b) to correct errors in printing;
- (c) to strike out, to underline, or enclose by marks, certain words or certain parts of a printed text, unless this is done with the object of constituting personal correspondence.

(ii) it is also allowed to indicate or to add by hand or by a mechanical process:

- (a) in advices of the departures and arrivals of ships—the dates and times of departures and arrivals as well as the names of the ships and the ports of departure, call and arrival;
- (b) in travellers' advices—the name of the traveller, the date, time and place of his intended visit, and the address at which he is staying;
- (c) in forms of order or subscriptions for publications, books, newspapers, engravings, pieces of music—the works and the number of copies required or offered, the price of these works, as well as notes representing essential elements of the price, the method of payment, the editions and names of the authors and publishers, as well as the number of the catalogue and the words "paper-covers", "stiff-covers", or "bound";
- (d) on pictorial cards and printed visiting cards and also on Christmas and New Year cards—good wishes, congratulations, thanks, condolences, or other formulas of courtesy, expressed in five words or by means of five conventional initials at most;
- (e) in proofs of printing—alterations and additions concerned with corrections, form and printing, and also notes such as "Passed for press," "Read—Passed for press" or any similar note concerned with the execution of the work. In case of want of space these additions may be made on separate sheets;
- (f) in fashion plates, maps, etc.—colours;
- (g) in price lists, tenders for advertisements, stock and share lists, market quotations, trade circulars and prospectuses—figures and any other notes representing essential elements of the price;
- (h) on books, pamphlets, newspapers, photographs, engravings, sheets of music and in general on all literary or artistic productions, printed, engraved, lithographed or mimeographed—a dedication consisting simply of an expression of regard, and on photographs a very concise description;
- (i) to cuttings from newspapers and periodicals—the title, date, number, and address of the publication from which the article is extracted;

- (iii) it is moreover allowed to enclose;
- (a) with proofs of printing whether corrected or not; the "relative manuscript";
 - (b) with articles of the categories mentioned under para. 10 (h); an open invoice reduced to its simplest form.
 - (c) with all printed packets, a card, an envelope or wrapper bearing the address of the sender of the packet, and having a postage stamp of the country of destination affixed for the prepayment of the return postage.

Tradesmen's Bills are not allowed to pass at the rate for printed papers except when addressed to the places mentioned in paragraph 7.

11. Address cards and all printed matter of the form and substance of a card either folded or unfolded as indicated in para. 5 may be forwarded without wrapper, envelope or fastening.

12. Cards bearing the heading "Post-card" or the equivalent of this inscription in any language are allowed to pass at the rate for printed matter provided that they conform to the general conditions as stated above and to the same dimensions as post-cards.

Blind Literature.

13. Packets containing papers impressed for the use of the blind sent to any place are accepted up to a maximum weight of 11 lbs. The prepaid rate of postage on such packets is 2 cents per 2 lbs. or fraction thereof. In all other respects the regulations as regards printed papers apply.

CHAPTER VI.

NEWSPAPERS.

1. A newspaper means any publication consisting wholly or in great part of political or other news, or of articles relating thereto or to other current topics, with or without advertisements. It must be published in numbers at intervals of not more than seven days. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page.

2. A supplement to a newspaper is deemed to be part of such newspaper if it consists wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets of paper put together at some one part of the newspaper whether gummed or stitched up with the newspaper or not, or if it consists wholly or in part of engravings, prints or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the whole or part of the title of the newspaper printed at the top of every page, or if it consists of engravings, prints or lithographs at the top of every sheet or side. The supplement or supplements issued with a newspaper must not exceed the newspaper itself in size and weight.

A document cannot be regarded as a supplement merely because it is printed under that title. A separate document intended to be used for separate purposes is not supplement to a newspaper.

For example, documents of the following descriptions if enclosed in copies of newspapers render them inadmissible at the rate of postage specified in para. 4, namely:

- (a) Any document not printed by the responsible printer of the paper, such as an advertisement sheet printed for an advertiser and sent to the publisher of a newspaper for distribution with it.
- (b) A contents bill, an advertisement sheet with an order form attached, a prospectus with an application form attached, or a proposal or enquiry form.

- (c) Any document drawn up in the form of a direct personal communication to the recipient, such as a printed circular in the form of a letter purporting to be addressed by an advertiser to the person by whom the newspaper in which it is enclosed is received.

3. Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends so that the same can be easily removed for the purpose of examination.

4. Every newspaper when posted must be so folded and covered (if posted in a cover) as to permit the title to be readily inspected.

The rate of postage on each newspaper—

- (a) printed and published within the Straits Settlements, the Federated Malay States, or in any British Possession or Protected State in Malaya; or

(b) registered as a newspaper at the General Post Office, London, if posted in the Straits Settlements or Federated Malay States addressed to any place in the Straits Settlements, Federated Malay States, Johore, Kedah, Kelantan, Perlis, Trengganu, North Borneo, Sarawak or Brunei, is 2 cents for any weight not exceeding 5 ounces, and 2 cents for each additional 5 ounces or fraction thereof provided that no enclosure which is not part of the newspaper or a supplement thereto is enclosed with the newspaper. If two or more copies are sent in a single packet, each newspaper shall be liable to the same postage as if posted separately. But in no case shall a packet of such newspapers be chargeable with a higher rate than that chargeable on a packet of printed papers of the same weight. Insufficiently prepaid newspapers addressed to places in Malaya will be sent forward to their destination taxed with double the deficiency.

5. The rate of postage on any newspaper not falling within the above paragraph is 2 cents per 2 ounces or part of that weight. If a newspaper addressed to any place within Malaya is insufficiently prepaid, it will be forwarded to its destination taxed with double the deficiency. An insufficiently prepaid newspaper destined to a place outside Malaya will not be forwarded.

6. Limits of size and weight prescribed for "Printed Papers" also apply to newspapers.

CHAPTER VII.

COMMERCIAL PAPERS.

1. The postage on commercial papers is:

Not exceeding 10 ozs. in weight	12 cents
For each additional 2 ozs. or fraction thereof	2 „

2. Commercial papers posted unpaid or insufficiently prepaid will not be forwarded, but, exceptionally insufficiently prepaid commercial packets addressed to places in Malaya will be sent forward to their destination taxed with double the deficiency. Insufficiently prepaid packets received for delivery will be charged with double the deficiency with a minimum charge of 2 cents.

3. If there be any mixture of commercial and other papers in the same packet, the whole packet is treated as a commercial paper packet.

4. The following are considered as commercial papers: All papers and all documents, whether writings or drawings, produced wholly or partly by hand, not having the character of an actual and personal correspondence, such as open letters and out-of-date post-cards which have already fulfilled their original purpose, or copies thereof, papers of legal procedure, documents of all kinds drawn up by public functionaries, way bills or bills of lading,

invoices, certain documents of insurance companies, copies of or extracts from deeds under private seal, written on stamped or unstamped paper, musical scores or sheets of music in manuscript, the manuscripts of works or of newspapers forwarded separately, pupils' exercises in original or with corrections but without any note which does not relate directly to the execution of the work.

These documents may be accompanied by reference slips or statements showing the following or similar particulars, list of the papers included in the packet and references to correspondence exchanged between the sender and addressee such as:

"Annex to our letter of.....to Mr.....
our reference.....your reference....."

5. Commercial papers must be made up in such a way that they can be easily examined. They must be either placed in wrappers, upon rollers, between boards, in open cases, or in unclosed envelopes, provided if necessary with blunt fastenings easy to raise and replace, or secured with a string easy to untie, or be simply folded, but in such manner that other articles cannot slip into their folds.

6. No commercial paper packet shall contain postage stamps, whether obliterated or not, or any printed article representing a monetary value. It is allowed, however, to enclose out-of-date correspondence bearing cancelled postage stamps which served to prepay the original postage.

7. The limits of size and weight for commercial papers are the same as those for letters.

CHAPTER VIII.

SAMPLES.

1. The postage on patterns or samples of merchandise is 4 cents for any weight not exceeding 4 ounces and 2 cents for every additional 2 ounces or part of that weight.

2. Patterns or samples posted unpaid or insufficiently prepaid will not be forwarded, but, exceptionally, insufficiently prepaid sample packets addressed to places in Malaya will be forwarded to their destination taxed with double the deficiency. Insufficiently prepaid packets received for delivery will be charged with double the deficiency with a minimum charge of 2 cents.

3. Packets of samples addressed to Great Britain and Ireland, British Colonies or Possessions, Egypt, or to non-union countries may not exceed 2 feet in length and 1 foot in width or depth. Packets of samples for all other countries may not exceed 3 feet in length, breadth and depth combined, provided that the greatest dimension may not exceed 2 feet or, if in the form of a roll, 3 feet 3 inches in length and twice the diameter combined, provided that the greatest dimension may not exceed 2 feet 8 inches.

4. The limit of weight to all places in the British Empire, Egypt, and to all countries not in the Postal Union is 5 lbs.; to all foreign countries (except Egypt) in the Postal Union the limit is one pound.

5. By sample packet is meant any postal article consisting of *bonâ fide* trade patterns or samples of merchandise without saleable value. Packets containing goods consigned in execution of an order (however small the quantity may be), or articles sent by one private individual to another, which are not actually trade patterns or samples cannot be forwarded by Sample Post. It is recommended that every sample should be indelibly marked "sample not for sale," or otherwise defaced in such a way as to render the article unsaleable in the ordinary way of trading.

6. Transmission at the sample rate is also accorded printers' blocks, keys sent singly, fresh cut flowers, articles of natural history (dried or preserved animals and plants, geological specimens and other similar objects), tubes of serum or vaccine and pathological objects rendered innocuous by their mode of preparation and packing. These articles, except tubes of serum or vaccine sent in the general interest by laboratories or institutions officially recognized, must not be sent for a commercial purpose.

7. Packets containing articles liable to Customs Duty are delivered either free or on payment of duty or are withheld from delivery according to the law of the country of destination, *see* Letter Post Schedule.

8. It is permissible to indicate by hand or by a mechanical process, outside or inside the packet, the name, position, profession, and address of the sender and of the addressee, as well as the date of despatch, the signature, telephone number, telegraphic address and code, postal cheque or banking account of the sender, a manufacturer's or trade mark, numbers, prices and any notes indicating the essential elements of the price and particulars relating to weight, measurement and size or to the quantity to be disposed of, and such as are necessary to determine the origin and the character of the goods.

9. In order to secure the return of packets which cannot be delivered, the names and addresses of the senders should be written or printed on the outside.

10. Packets of samples which are not fully prepaid, or which contain letters or manuscript notes having the character of actual or personal correspondence, or which are not made up in the manner prescribed or which exceed the limits of weight or size, or which in any other respect do not fulfil the conditions laid down for those articles, will not be forwarded.

11. Special restrictions are mentioned in the Letter Post Schedule.

12. For regulations as to packing, *see* Chapter X.

CHAPTER IX.

MIXED PACKETS.

1. Printed papers, commercial papers and samples of merchandise, but not printed papers intended for the blind, may be enclosed in the same packet, subject to the following conditions:

(a) Each article taken separately shall not exceed the limits of size and weight applicable to it.

(b) The total weight shall not exceed 4 lbs. 6 oz.

(c) If the packet contains commercial papers, the minimum postage shall be 12 cents and if it consists only of printed papers and samples, the minimum postage shall be four cents.

(d) The total postage on such a packet shall be charged at the rate of postage applicable to the class of enclosure subject to the highest rate of postage.

CHAPTER X.

MAKE-UP AND PACKING.**A.—General.**

1. Postal packets of every kind, especially parcels, must be so made up as not only to preserve the contents from loss or damage in the post, but also not to injure other packets or any officer of the Post Office. If insecurely packed, they are liable to be stopped. The public are warned that the transmission by post is prohibited of insecurely packed packets which are likely to injure other postal packets in course of conveyance or any officer of the Post Office, and that the senders are liable to penalties under the Post Office Ordinance or Enactment.

2. Any packet, especially any letter, containing anything of a fragile nature should be marked or labelled "**Fragile**".

3. Nothing inflammable, corrosive, or explosive, may be sent by post, nor anything having an odour so strong as to affect the contents of other packets in the mails.

4. The packing of parcels for places abroad should be very strong, with due regard to length of journey, conditions of transit, climate, etc. Cardboard or ordinary brown paper is **not in general sufficient packing**. Any light and bulky article should be packed in a strong wooden case; three-ply boxes can generally be accepted only at the sender's risk.

5. Any article of china, crockery or glass should likewise be packed in a strong wooden case, with plenty of soft packing between the article and the top, bottom and sides of the case.

6. A parcel intended for transmission to a tropical country during the rainy season should be protected by a tin-lined case or other efficient damp-proof packing.

7. For some countries special kinds of packing are required by the Post Offices of transit or of destination; and particulars in these cases will be found opposite the names of the countries in the Parcel Post Table of Postage, etc.

8. No compensation is paid for damage to an article inadequately packed.

B.—Packing Regulations for Certain Articles.

9. Eggs, fish, game, meat, fruit and vegetables are transmissible by parcel post only.

10. Glass and crockery, liquids, butter and other greasy substances, cheese and other strong smelling articles, cream or other similar substances, colouring powders and grains should also be sent by parcel post. Additional precautions are necessary for certain of these articles when sent by letter post.

11. The following are the methods of packing required for the substances mentioned below :

- (a) **Butter, cream, semi-liquids and greasy or strong smelling articles** must be so packed that the contents will not soil or taint other packets. Where a tin is used, e.g., for cream, the lid must fit tightly, and the tin should be wrapped in grease-proof or corrugated paper and securely tied with string crossing the lid in two directions. Semi-liquids, butter and other greasy substances, if sent by letter post, must have a securely closed inner cover of grease-proof paper or some substance impervious to moisture and grease in addition to an outer covering of wood or metal sufficiently strong to prevent any risk of the contents escaping during transit.

- (b) **Seasoned raw celluloid** (i.e., free from all volatile solvent) and inflammable **cinematograph and photographic films**, i.e., those having a nitro cellulose base, must be packed in a tin case enclosed in a strong wooden box as described in the next paragraph.

Any other article composed wholly or partly of **celluloid** must be enclosed in a strong wooden box. If the lid or bottom or any of the sides of the box is composed of more than one piece of wood, the pieces must be jointed together by means of tongues and grooves. A lining of suitable material must be placed between the upper edges of the box and the lid; and the lid must be firmly screwed down. A white label bearing the word, "Films" or "Celluloid", as the case may be, in plain black letters, must be affixed to the packet and in the case of a parcel to the despatch note, when one is used. A parcel intended for conveyance by way of France and thence by French Packet, must also have an inner box of cardboard, and a large red label bearing the word "Celluloid" in very distinct black letters must be affixed to the parcel and despatch note.

The special packing conditions outlined in the foregoing paragraph do not apply to "non-inflammable" or "slow-burning" films but each packet containing non-dangerous films must have on the outside a white label bearing the words in plain black letters "Films—Non-inflammable".

Senders of packets must themselves ascertain and must comply with any special conditions governing the importation of celluloid or films into particular countries (*see also Letter Post Schedule and Parcel Post Table of Postage, etc.*).

- (c) **Eggs**.—The safe transit of eggs cannot be guaranteed but the following method of packing is recommended: Use a wooden or other rigid box with suitable partitions and a well-fitting lid, wrap each egg separately in newspaper or other soft material, place the eggs on end, each in a separate partition, and fill up the vacant spaces in the box with newspaper or cotton waste; mark the parcel "Eggs".
- (d) **Fish and Meat**.—Parcels of fish and meat should be marked "Perishable" and must be so packed as to prevent contact of the contents with other postal packets or leakage of any moisture.
- (e) **Flowers**, whether sent by letter or parcel post, should be enclosed in boxes of wood or metal.
- (f) **Fruit**, and more especially soft fruit, must be so packed that the juice cannot exude, or serious damage to the Mails may result. Metal boxes with tightly fitting lids should be used, securely tied with string crossing the lids in two directions. No parcel is admissible which contains soft fruit packed in a chip or wicker basket, or a cardboard box, or a tin box with a lid that is not both tightly fitting and securely tied. The parcel should be marked "Fruit with Care".
- (g) **Game** should be packed in waterproof wrappers or boxes sufficiently substantial to prevent the contents from damaging other parcels or becoming objectionable to handle in transit. Such wrappers or boxes must be used if the game is partly dressed or "gutted", or if it is not fresh and dry. A duplicate address label should be attached to the contents of parcels of game if wrappers, cardboard boxes or covers, or paper covers are used, as game so packed may become loose. Game posted without covering, i.e., with a neck label only, will, however, be accepted, but only if the label is securely tied, and if (i) the game is fresh and dry and not so "high" as to taint other parcels, and (ii) no liquid is likely to exude.

MAKE-UP AND PACKING.

15

-
- (h) **Glass, Crockery and China.**—Articles of this nature should be securely packed in rigid boxes of metal or wood, or (in the case of very small packets) of rigid cardboard or leatherboard. Plenty of soft packing should be used between the articles and the top, bottom and sides of the boxes; each article should be separately wrapped.
- (i) **Gramophone records** should be enclosed in their envelopes and sorted into sets according to size. Each set should be placed between two stout wooden boards—large enough fully to cover the records and not to expose the rims—and then cross-tied to form a firm, compact bundle. The bundle or bundles should be enclosed with plenty of soft packing material, above, below and around, in a rigid box.
- (j) **Hats, millinery and similar articles** should be packed in rigid boxes of wood or other material, or in stout “leatherboard” boxes with lids extending about two-thirds of the depth of the box, or in strong cardboard boxes protected externally by light cross-bars of wood consisting of two frames placed at right angles to one another and fastened together where they cross at the top and bottom. Strawboard boxes are unsuitable.
- (k) **Iron casting, tiles, etc.,** should generally be packed in some soft material, such as straw roping or hay roping.
- (l) **Liquids, etc.**—For liquids and substances which liquefy easily two receptacles must be used. The outer receptacle must be of strong wood or metal. Between this and the inner receptacle containing the liquid, space must be left all round which must be filled with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid contents in the event of breakage.
- (m) **Musical instruments** should be enclosed in stout wooden cases with sufficient soft internal packing to prevent movement and to prevent damage through jolting. Leather or American cloth cases do not afford adequate protection—especially to stringed instruments.
- (n) **Pictures in frames** should be protected at the front and back by stout wooden boards each rather larger than the frame. Soft packing should be placed firmly between the corners of the frame and the boards but not so as to press on the glass.
- (o) **Dyes and similar substances** must be enclosed in a stout metal box, placed inside a wooden box, with sawdust between the receptacles.
- (p) **Powders and fine grains** (tea, coffee, cocoa, flour, etc.), must be so packed that the contents will not soil or taint other packets. They must have an inner covering, securely closed, and a strong outer covering of metal, wood, leather or cardboard. Cardboard boxes are not suitable, however, for quantities exceeding 3 lb. in weight.
- (q) **Sharp instruments** may only be sent by post if the edges or points are carefully covered so as to prevent risk of injury to any officer of the Post Office or damage to other packets.
- (r) **Umbrellas and similar articles** should be enclosed in stout wooden cases made of wood at least three-eighths of an inch thick; but the two small ends of such cases may be of three-ply wood. Plenty of soft interior packing should be used if the handle of the umbrella, sunshade, etc., is brittle or fragile.
- (s) **Suit, attaché, dressing, and similar cases** should be protected by wooden boards covering the sides.

- (t) **Wireless Apparatus.**—Sets, speakers, etc., should be enclosed in rigid boxes, preferably of wood. Accumulators, eliminators, etc., encased in a brittle material such as bakelite, should be packed in stout wooden cases. Ample soft internal packing should be provided to prevent movement and damage of the article as a whole, or of any of its parts. Special care should be taken to provide additional support for heavy attached component parts, and adequate protection of projecting or fragile parts—e.g., terminals, and parts made of glass, parchment or fretwork—in order to avoid damage through jolting pressure.
- (u) **Live bees or leeches** must be enclosed in a box so constructed as to avoid all danger and to allow the contents to be ascertained.
- (v) **Jewellery, etc.,** which may only be sent by insured box or insured parcel post should be packed as indicated under chapter "Insurance".
- (w) For the packing and sealing of insured articles, see chapter "Insurance".

C.—Packing, etc., of Sample Packets.

12. **Samples** must be sent in such a manner as to be easy of examination and, when practicable, must be sent in covers open at the end. The upper left-hand corner of the packet should be clearly marked "Sample". In view of the risk of other packets being entrapped when open covers are used, posters are reminded that "embarrassing" packets generally are prohibited from the post and are recommended to use the type of covers described under "E.—Embarrassing Postal Packets". Packing is not obligatory for articles consisting of one piece, such as pieces of wood, metal, etc., which it is not the custom of the trade to pack. The address of the addressee must be indicated, as far as possible, on the packing or on the article itself. If the packing or the article is not suitable for the inscription of the address and service indications or for affixing the postage stamps, a tie-on label, preferably of parchment, must be securely attached. The same applies when the date-stamping is likely to injure the article. In order to secure the return of a packet which cannot be delivered, the name and address of the sender should be printed or written outside. It is permissible to indicate by hand or by a mechanical process, outside or inside the packet, the name, position, profession, style, and address of the sender and of the addressee, as well as the date of despatch, the signature, telephone number, telegraphic address and code, postal cheque or banking account of the sender, a manufacturer's or trade mark, numbers, prices, also notes representing essential elements of the price, and particulars relating to weight, measurement and size, or to the quantity to be disposed of, and such as are necessary to determine the origin and the character of the goods. A sample packet may contain, besides these particulars, any printed papers; and, if the rate applicable to commercial papers be paid, it may also contain commercial papers.

13. **Any liquid, oil or substance** which easily liquefies must be enclosed in a receptacle hermetically sealed; and the receptacle must be placed in a special box of metal, strong wood or strong corrugated cardboard containing sawdust or spongy material (not cotton) in sufficient quantity to absorb the liquid if the receptacle becomes broken. The lid of the box must be fixed in such a manner that it cannot easily become detached.

14. **A fatty substance** which does not easily liquefy, such as ointment, soft-soap, resin, etc., as well as silkworm eggs, the transmission of which presents fewer difficulties, must be enclosed in an inner cover (box, bag of linen or parchment, etc.), which must itself be placed in a second box of wood, metal, or stout thick leather.

MAKE-UP AND PACKING.

17

15. A sample enclosed in a linen or paper envelope of little strength must have a label, preferably of parchment, attached, with the address of the addressee, the postage stamps and the impression of the date-stamps. The address must be repeated on the article itself.

16. Any article, such as tinned food, which would be spoilt if packed in the manner prescribed may exceptionally be admitted in a cover hermetically sealed. In that case the sender or the addressee may be required to assist in the check of the contents either by opening the packet or in some other satisfactory manner.

17. An article of glass or other fragile material must be securely packed (in a box of metal, wood, or strong corrugated cardboard) in such a way as to prevent all risk of injury to other postal packets or to postal officers.

18. Dry colouring powder, such as aniline blue, etc., is not admitted unless enclosed in a stout tin box, placed inside a wooden box with sawdust between the two covers.

19. Dry non-colouring powder must be placed in a box of metal, wood, or cardboard, the box itself being enclosed in a bag of linen or parchment.

20. Live bees or leeches must be enclosed in a box so constructed as to avoid all danger and to allow the contents to be ascertained. Each incoming packet containing live bees must bear the full name and address of the addressee and must also be addressed "c/o The Officer of Customs and Excise, Mount Pleasant Depot, General Post Office, London, E.C. 1".

21. Sharp instruments such as scissors, knives, razors, forks, steel pens, nails, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by sample post, provided that they are *bona fide* samples without saleable value, and are packed and guarded in so secure a manner as to involve no risk to the contents of the mail bags and to the officers of the Post Office, whilst at the same time they may be easily examined.

22. Deleterious liquids or substances may be sent abroad for medical examination or analysis by sample post under conditions similar to those prescribed in the following paragraph for "Articles sent (by Inland Letter Post) for Medical Examination or Analysis".

D.—Articles Sent for Medical Examination or Analysis.

23. Deleterious liquids or substances, though otherwise prohibited from transmission by post may be sent for medical examination or analysis to a recognised medical laboratory or institute, whether or not belonging to a public health authority, or to a qualified medical practitioner or veterinary surgeon within Malaya by letter post, and on no account by parcel post, under the following conditions :

Any such liquid or substance must be enclosed in a receptacle, hermetically sealed or otherwise securely closed, which receptacle must itself be placed in a strong wooden, leather, or metal case in such a way that it cannot shift about, and with a sufficient quantity of some absorbent material (such as sawdust or cotton-wool) so packed about the receptacle as absolutely to prevent any possible leakage from the package in the event of damage to the receptacle. The packet so made up must be conspicuously marked "Fragile with Care", and bear the words "Pathological Specimen".

Any packet of the kind found in the parcel post, or found in the letter post not packed and marked as directed, will be at once stopped and destroyed, with all its wrappings and enclosures. Further, any person who sends by post a deleterious liquid or substance for medical examination or analysis otherwise than as provided by these regulations is liable to prosecution.

E.—Embarrassing Postal Packets.

24. The following are instances of packets which are held to be embarrassing to the Post Office and are liable to be refused or withheld from delivery :

- (a) A packet having anything printed or otherwise impressed upon or attached to the address side which, either by tending to prevent the easy and quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to impede the officers of the Post Office in dealing with it. Cards, envelopes, labels and wrappers are, however, admitted if the writing or printing is confined to the left-hand half of the address side, the right-hand half being reserved exclusively for the postage stamps and the address.
 - (b) A packet bearing on its address side an adhesive label or printed design either resembling a postage stamp in shape or size or in the form of a frame for a postage stamp.
 - (c) A packet having a postage stamp affixed elsewhere than at the right-hand top corner of the address side.
 - (d) A packet having its address parallel to the breadth instead of to the length of the envelope.
 - (e) A pictorial card, or packet containing a collection of views of places, which does not conform to the following conditions, viz. : It must not be less than four inches in length by two and three-quarter inches in width, and must, whenever possible, be square or oblong in shape. If an irregular shape be used, the lower edge and the left-hand edge should be straight and at right angles to one another, but those edges may be serrated provided that the packet will stand upright upon them when sorted with other articles.
 - (f) A packet or envelope of a red colour, or of another colour likely to cause strain on the eyes of the officers of the Post Office. Cards, labels or envelopes should be white, but objection is not taken to pale shades of buff, yellow, green or blue. It is essential, however, that the ink used on coloured paper should be in sharp contrast with the tint of the paper. The foregoing also applies to the visible portion of enclosures in envelopes with transparent or "cut-out" panels.
 - (g) A packet enclosed in a wholly transparent envelope.
 - (h) (I) A packet enclosed in an envelope with a transparent panel, which does not conform to the following conditions, viz. :
 - (i) The panel must extend parallel to the length of the envelope.
 - (ii) A sufficient space, about $1\frac{3}{8}$ inches, must be left above the panel for the postage stamp and the date-stamp impression.
 - (iii) No writing or printing other than the address may be displayed through the panel, and the address must appear through the panel in such a manner as to be read with reasonable facility.
 - (iv) The enclosures must be so folded that they cannot move about in the envelopes, and thus cause the address to be hidden.
 - (II) A packet enclosed in an envelope, with an open ("cut-out") panel which
 - (i) exceeds $3\frac{1}{2}$ inches in length by $1\frac{1}{4}$ inches in width;
 - (ii) does not comply with the requirements shown in (i), (ii), (iii) and (iv) in paragraph (I) above.
- (Envelopes with "cut-out" panels are not allowed in any circumstances in the International Service.)

MAKE-UP & PACKING—CERTIFICATES OF POSTING. 19

- (i) A packet having an opening large enough to be likely to entrap small letters or post-cards conveyed in the same bag. Objection is not raised to the use for the open post of a small envelope not exceeding $3\frac{1}{2}$ inches in depth with a "tuck-in" flap along the top not exceeding 6 inches in width nor to the use of any other envelope with a "tuck-in" flap if the opening does not exceed $4\frac{1}{2}$ inches in width. If larger envelopes are necessary posters are recommended to use specially-shaped flaps (e.g., in the nature of a tongue) which can be tucked into a narrow slit, or some form of metal fastener (*see below*) which will not interfere with the easy examination of the contents of the envelope, or a fastening of string which can be easily untied. If metal paper fasteners (paper clips are inadmissible) are used, they must be blunt and must be well pressed down to obviate risk of injury to the hands of the sorters.
- (j) A card or envelope which is less than 4 inches in length by $2\frac{3}{4}$ inches in width or a packet of such small dimensions as to be likely to impede the officers of the Post Office in dealing with it in the post.
- (k) Post-cards, and other cards sent unenclosed, must not be less than $\frac{1}{100}$ inch thick.

CHAPTER XI.

CERTIFICATES OF POSTING OF UNREGISTERED ARTICLES.

1. The object in granting certificates of posting is to afford the public an assurance that letters and other articles entrusted to servants or messengers for posting have actually been posted.

2. (i) A certificate of posting may be obtained in respect of any postal article for which an official receipt is not given by the Post Office, subject to the following conditions:

- (a) The certificate of posting, written in ink, or indelible pencil must be presented to an officer on duty at the Post Office, together with the article to be posted, during the hours the office is open for public business and at least half an hour before the hour for closing the mail for which the packet is intended;
- (b) The certificate must contain an exact copy of the address on the article to which it relates, and must have a 2-cent stamp affixed thereto;
- (c) The officer on duty will compare the address of the article with the certificate and, if it be correct, will obliterate the postage stamp and impress the date stamp upon the certificate. The certificate will then be initialled by the officer and returned to the person who presented it.

(ii) A postal article in respect of which a certificate of posting is issued will not be registered nor will it be checked in the post, but will be treated as if it had been posted in a letter-box. In the event of loss, damage, or delay, the certificate will confer no title to compensation. Such certificate will not be deemed to furnish a proof of the nature of the contents of the postal article to which it relates.

NOTE.—The certificate may be on a slip of paper or in a book. No additional responsibility attaches to the Post Office in respect of articles for which such certificates are granted.

CHAPTER XII.

REGISTRATION.

1. Subject to the limitations specified in the Letter Post Schedule, letters, post-cards, printed papers, commercial papers, literature for the blind and patterns or samples may be registered for transmission to nearly every country.

2. The registration fee payable on each article, is uniformly 15 cents. Bank notes or currency notes which exceed one hundred dollars in face value cannot be sent by registered post unless the article is insured.

3. The hours during which registration business is conducted and the time up to which registered articles intended for transmission by a particular mail may be posted are notified at each Post Office. On Sundays, Christmas Day and Good Friday the registration branch is closed.

Special Late Fee Arrangements at Singapore and Penang.

4. Registered correspondence can as a rule be accepted for despatch after the ordinary hour of closing on payment of a late fee of 10 cents. This late fee is in addition to the registration fee and postage.

The period during which late fee registered letters can be accepted varies according to circumstances. Particulars can be ascertained at the respective post offices.

No late fee registered letters are received after 6 p.m.

Conditions of Registration.

5. The prepayment of the postage and registration fee is compulsory in the case of all registered articles, and must be made by means of postage stamps affixed to the articles to be registered.

6. Articles which bear an address written in pencil or consisting of initials are not admitted to registration. On articles other than those despatched in envelopes with transparent panels, the address may, however, be written in indelible pencil. The full address must be written in Roman characters on the envelope or cover, and the word "Registered" must be written or printed at the top of the address side of the cover or wrapper.

7. A letter presented for registration must not show any trace of opening and reclosing before posting, and must be enclosed in a strong cover securely fastened. Letters, in the form of packets, not fastened with any adhesive matter, tied with string will be accepted provided the ends or knots of the string are sealed with wax or by means of a lead or steel seal crushed with a press. The foregoing sentence refers to letters in the form of packets only; printed papers, newspapers, commercial papers or samples which are accepted for registration must be open for inspection in accordance with the general rules governing those articles. Otherwise no special condition as to form or make up is prescribed.

8. Articles intended for registration must be presented at the counter of a Post Office and a receipt obtained for them. They must on no account be dropped into a letter-box. No Postman or Post Office peon is allowed to receive from any person an article to be registered.

REGISTRATION.

21

9. Articles forwarded in envelopes with a transparent panel may be registered.

10. It is prohibited to send any ordinary article or uninsured registered article, marked on the outside with any declaration as to the value of the contents, except such declaration as is required for customs purposes, and the Post Office will refuse to receive such articles so marked.

11. Letters or letter packets containing bank notes or currency notes exceeding one hundred dollars in face value or containing coin, bullion, jewellery or other precious articles cannot be accepted for registration, and if so accepted in ignorance of the contents no indemnity will be paid in the event of loss.

Articles Posted Without Registration.

12. Any postal articles found among the ordinary correspondence on the cover of which the word "Registered," or any other word, phrase or mark to the like effect, is written or impressed will, if sufficiently prepaid as regards postage and registration fee, be registered and sent forward to their destination. If they cannot be registered in time to be forwarded by the mail for which they are posted, such articles are detained for the next despatch.

13. Any postal article marked "Registered", found posted without registration which is wholly unpaid or insufficiently prepaid will not be forwarded, but will be sent to the Returned Letter Branch for disposal. Should such an article be incorrectly received at a Post Office in Malaya from any other Post Office, it will be delivered to the addressee charged with a tax equal to the amount of the deficiency.

14. Any registered packet re-posted without the word "Registered" being erased, or erased only in pencil, will be dealt with as in the preceding paragraph.

Delivery of Registered Articles.

15. No registered article will be delivered to the addressee until he, or his representative, shall have signed with ink or copying ink pencil, a receipt in the prescribed form, which will be presented to him for signature, together with the relative "Advice of Receipt," if there be one. Where such person or his servant or agent refuses to give such a receipt the article may be withheld and dealt with or disposed of in such manner as the Director-General may in his discretion direct or authorise. In the Federated Malay States only, a fee of 10 cents for clearance through the Customs is charged on every registered article on which Customs charges are levied.

Advice of Delivery.

16. The sender of a registered article addressed to any place in the Postal Union may obtain an acknowledgment of its due delivery to the addressee by prepayment in stamps of a fee of 12 cents, in addition to the postage and registration fee. Articles for which the sender requires an acknowledgment of delivery must be marked very clearly with the inscription "Avis de réception" or with the letters "A.R." The sender of a registered article may also obtain an acknowledgment of delivery, after the article has been posted, on payment of a fee of 16 cents. This fee will be charged in cases where the sender of a registered article has not paid for an acknowledgment of delivery in the first instance, and asks for enquiry to be made by the Post Office as to the disposal of the article, provided that the enquiry is made within twelve months from the date of posting. This fee will be refunded if the enquiry has been rendered necessary by a fault of the postal service of this country or any other country or place through which the article may have passed.

Indemnity for Loss.

17. Except in the case of *force majeure* (e.g., tempest, shipwreck, earthquake, war, etc.), the Post Office of Malaya and all countries and colonies included in the Postal Union undertake to pay to the sender an indemnity not exceeding \$17.50 when it is proved to their satisfaction that a postal article duly admitted to registration has been entirely lost whilst in their custody, but no question of compensation is entertained by them for the loss of or damage to anything contained in an uninsured registered letter, provided the cover itself be delivered, or for any expense arising directly or indirectly from delay in transit.

18. Every claim for compensation must be made immediately the loss of a registered article is discovered, and within one year of the date of posting at latest. No indemnity will be paid:

- (a) unless all the conditions of registration have been complied with;
- (b) if the letter or letter packet contained bank notes or currency notes the face value of which exceeded one hundred dollars or any article the transmission of which by registered post is prohibited;
- (c) in respect of any registered packet which cannot be accounted for in consequence of the destruction of official documents through a cause beyond control;
- (d) in respect of any registered packet which has been seized by the Customs authorities by reason of a false declaration of its contents.

In every case, it must appear that the loss did not arise wholly or in part by the fault of the sender, and that it occurred while the article was in the post. Countries, colonies, dependencies and postal agencies not included in the Postal Union are under no obligation to pay any compensation or indemnity in respect of a registered letter or packet.

If a registered article considered as lost is subsequently found, the person to whom compensation has been paid may take possession of the article against repayment of the amount of compensation.

CHAPTER XIII.**EXPRESS DELIVERY SERVICE.****(A).—Inland Service.**

1. An inland Express Delivery Service is in operation in the Straits Settlements and Federated Malay States and is available for all types of correspondence except parcels.

2. There are two types of Express Delivery Service :

Service 1 ... By special messenger after receipt at the office of delivery at the request of the sender

Service 2 ... By special messenger after receipt at the office of delivery at the request of the addressee

3. Delivery of express articles is restricted to the Municipal areas of Singapore, Malacca and Penang and to the Sanitary Board areas of Seremban, Kuala Lumpur, Ipoh and Taiping. Express delivery beyond those areas or in other towns cannot be undertaken.

EXPRESS DELIVERY.

23

Service 1.

4. Articles for express delivery addressed to the above towns may be posted at or handed in at any Post Office in the Straits Settlements or Federated Malay States during the hours it is open for the transaction of business. A red "Express" label to be obtained at any Post Office must be affixed to the top left-hand corner of the address side of the cover of the article.

5. The express fee, which is additional to postage and other fees, is 30 cents per article and must be prepaid in postage stamps affixed to the article.

6. On receipt of the article at the Post Offices referred to in paragraph 3 the express articles will be sent out for delivery by special messenger.

7. On Sundays and Public Holidays, delivery of an express article will be confined to the hours for telegraph delivery and subject to the office being open to receive and sort incoming mails.

Service 2.

8. This service permits addressees residing within the areas referred to in paragraph 3 to obtain delivery of correspondence (except parcels) by special messenger in advance of the ordinary delivery by postman. Such delivery will be effected during the hours for telegraph delivery and subject to the office concerned being open to receive and sort inward mails.

9. All applications by addressees for delivery by express messenger must be made in writing on application forms to be obtained at the offices referred to in paragraph 3. The application includes an undertaking to pay all charges which may be due on the expected article or articles.

10. The fee for this service is 30 cents which must be prepaid by means of postage stamps affixed to the application form. This fee covers any number of expected articles up to ten or weighing collectively ten pounds. Any excess over that number or weight will be charged for by additional fee or fees at the same rate. No part of this fee can be refunded in the event of no articles being received or found.

11. Further information regarding these services may be obtained on application at any Post Office.

(B).—Service with Great Britain and Northern Ireland.

12. Letters and other articles, including parcels, are accepted for delivery by express messenger in Great Britain and Northern Ireland.

13. All articles intended for such delivery should be handed in at the counter and must be clearly marked EXPRESS in the top left-hand corner. Such articles may also be insured or registered.

14. In the case of letters or other articles (except parcels) no fee will be collected from the sender but the addressee will be liable for the express delivery fee at the rate of 6d. per mile.

15. In the case of parcels the sender must prepay a fee of 25 cents. This fee will cover the cost of delivery within one mile from the delivery office and when the addressee resides outside that limit he will be liable for an additional charge at the rate of 6d. per mile.

CHAPTER XIV.

LATE FEE POSTING IN THE STRAITS SETTLEMENTS.

1. Late fee correspondence is received at the General Post Offices, Singapore and Penang, for despatch by various mails. The late fee is 10 cents for each article. This fee is additional to the ordinary postage.

The period during which late fee letters can be accepted varies according to circumstances. Particulars can be ascertained at the respective Post Offices.

No late fee letters are received after 6 p.m.

When necessary late fee letters are received by an officer of the Post Office on board ship on Sundays.

2. Each ordinary article must be presented at the Enquiry Counter of the office of posting (except when posted on board). If the sender forwards, together with the article, an exact copy of the address written on a slip of paper or in a book, the slip or book will be impressed by a late fee stamp and also by the date stamp without charge.

3. No additional responsibility attaches to the Post Office in respect of articles for which such certificates are granted. See Chapter "Registration" for late fee posting of registered letters.

4. Any correspondence found posted on board ships without the prescribed late fee, will be detained until the following mail.

CHAPTER XV.

RE-DIRECTION.

1. The principle of free re-direction is adopted for everything sent by post throughout the Postal Union, except for parcels. This principle, however, does not exempt from additional postage correspondence which, though fully prepaid for the first transmission, is re-directed to a country to which the postage is higher than that originally prepaid. Thus a letter or packet prepaid at the local rate, and afterwards, re-directed to a place to which the postage is higher, should have additional stamps affixed to it, representing the difference between the local rate and the foreign rate of postage, otherwise the difference will be charged on delivery. The same treatment would be adopted with a letter or packet fully prepaid for the inland service of a foreign country or colony and re-directed to the Straits Settlements or Federated Malay States. Letters originally posted unpaid and letters or packets posted insufficiently paid, and subsequently re-directed, though not chargeable for re-direction, are subject to the ordinary charge of double the deficient postage on delivery. Articles which have originally circulated free of postage in the inland service are on re-direction to a foreign country charged with the full rate applicable to prepaid articles of the same nature addressed directly from the place of origin to that country. If an article passes on re-direction through a country to which the country of origin has a higher postage rate than that to the country of destination the article is subject to the higher rate.

2. All parcels sent by parcel post are chargeable with fresh postage if re-directed. Insured parcels are subject to a fresh insurance fee on re-direction from one country to another; but insured letters are not subject to a fresh insurance fee on re-direction.

3. Any postal packet may be re-directed to the same addressee at another address, either by an officer of the Post Office or by any agent of the addressee after delivery:

Provided that—

- (a) In the case of an unregistered article re-directed by the agent of the addressee, the article has not been opened. Whenever thought necessary a receipt may be required from the addressee of a re-directed letter or packet at the second address.
 - (b) In the case of a registered article re-directed by an agent of the addressee, the article has not been opened and has been returned to the postman at the place of delivery with a request, written on the back of the receipt and signed by the agent, for the article to be re-directed to a new address; or, if delivery has been taken, that the article has not been opened and has been re-posted in accordance with the general conditions prescribed for the posting of registered articles.
 - (c) The sender has not forbidden re-direction by a note to that effect on the address side of the correspondence.
4. A postal article re-posted after having been opened shall be treated as a postal article posted for the first time and charged with postage accordingly.
5. Letters, etc., returned to the senders that they may rectify or complete the address are not, when re-posted, treated as re-directed, but as liable to fresh postage.
6. Written instructions regarding re-direction of correspondence should be sent to the Post Office of the district which a person is about to leave. The instructions should be clear and must not be conditional, and the attention of the public is especially invited to the rule that letters cannot be re-directed in transit, neither can they be stopped at an intermediate office and delivered to the addressee.
7. Registered letters or packets on being re-directed may not be dropped into a letter-box, but must be taken to a Post Office to be dealt with as registered.
8. The Post Office only undertakes to re-direct letters, etc., when the articles cannot be re-directed by the addressee's agent at the place of address. It does not undertake the re-direction of letters, etc., for a person temporarily leaving home, unless the house be left uninhabited; nor, as a general rule, does it re-direct letters addressed to clubs, hotels, boarding houses, lodgings or to the care of box-holders; neither does it undertake to provide for the re-direction of letters, etc., for a longer period than six months from the date of removal.
9. Letters for officers, non-commissioned officers, private soldiers, or seamen in the Army or Navy on actual service, are exempt from any charge for re-direction.

CHAPTER XVI.

REPLY-COUPONS.

International Reply-Coupons.

1. In order to provide means for prepayment of replies by post, International Reply-Coupons are on sale at all Post Offices. Price 24 cents each. A coupon may be exchanged for stamps of the amount payable on a single-rate foreign letter in any country of the Postal Union.

2. An International Reply-Coupon will be exchanged for a postage stamp, or postage stamps, to the value of 12 cents on presentation at any Post Office.

Imperial Reply-Coupons.

3. Imperial Reply-Coupons for use within the British Empire are on sale at all Post Offices. Price 10 cents each.

4. These coupons are exchangeable at any Post Office in the British Empire or in a British Protectorate for a stamp equal to the amount payable on a single-rate letter from that country to any other Empire country.

5. Any such coupon presented at a Post Office will be exchanged for a stamp, or stamps, to the value of 8 cents.

CHAPTER XVII.**POSTE RESTANTE.**

1. Letters and other articles addressed "Poste Restante," or "To be called for," unless claimed are detained:

(a) In the case of articles posted in the Straits Settlements, Federated Malay States, Johore, Kedah, Kelantan, Perlis, Trengganu, North Borneo, Sarawak and Brunei, for a period of one month;

(b) In other cases for a period of three months; from the date on which they reached the Post Office.

Letters addressed "Poste Restante" are delivered at any time when the office is open for public postal business.

2. The "Poste Restante" being intended solely for the accommodation of strangers and travellers who have no permanent abode in the town, letters or parcels for residents must not be addressed to the Post Office "To be called for." If letters for a person known to have a fixed residence in the place are addressed "Poste Restante," they will be sent out for delivery by postmen. Even strangers must not use the "Poste Restante" for more than three months.

3. Letters addressed to initials, figures or to fictitious names, or to a Christian name without a surname, or to conventional marks of any kind are not taken in at the "Poste Restante," but are at once sent to the Dead Letter Office for disposal.

4. All persons applying for "Poste Restante" letters must furnish the necessary particulars to prevent mistakes, and to ensure the delivery of the letters to the persons to whom they properly belong. The applicant must be able to state from what place or district he expects letters and produce some proof of identity; and if he sends for his letters, the messenger, besides being furnished with this information, must have a written authority to receive them.

5. Letters not called for by the end of the prescribed period are sent to the Dead Letter Office for disposal. When, however, letters, etc., addressed to a Post Office "To be called for," bear a request for their return within a specified time if not delivered, they are dealt with in accordance with such request, provided that the period of detention at the Poste Restante does not exceed that prescribed in paragraph 1 above.

CHAPTER XVIII.

**PRIVATE BOXES, WINDOW DELIVERY, LOCKED BAGS
AND POSTING BOOKS.****Private Letter Boxes.**

1. Private letter boxes may be rented at the under-mentioned Post Offices :

Singapore, Penang, Malacca, Kuala Lumpur, Ipoh, Klang,
Seremban and Taiping.

2. The fee for a private box is \$10 for any period commencing before the 1st July and \$5 for any period commencing on or after the 1st July and ending on the 31st December following.

3. The renter of a private box is required to make a deposit of \$5 and such deposit is forfeited if the key is not returned when the box is given up or if the key is lost. In the latter case a fresh deposit of \$5 must be made before another key is issued.

4. The box number should form part of the address of correspondence addressed to a box holder.

5. Ordinary correspondence addressed to a box holder is not sent out for delivery. The box holder or his agent may take delivery of the correspondence at any time, day or night, by merely unlocking the numbered box rented.

Window Delivery.

6. The fee for a window delivery ticket at a Post Office at which private boxes are available is \$20 for any period commencing before the 1st July and \$10 for any period commencing on or after the 1st July and ending on the 31st December following.

7. At a Post Office at which no private box is available the fee is reduced to \$10 and \$5, respectively, provided the ticket holder requests that all ordinary correspondence addressed to him be held at the Post Office until called for.

NOTE.—At Singapore, Penang and Malacca a special arrangement at present exists whereby at the request of the ticket holder correspondence addressed to his address is sent out for delivery by postman if not called for at certain fixed times. For this dual service at either of those three offices the full fee at the rate of \$20 a year is charged. At all other offices in the Straits Settlements and Federated Malay States ordinary correspondence addressed to a window delivery ticket holder is held at the Post Office until called for.

8. Window delivery tickets must be presented at the counter of a Post Office only within the hours fixed for such delivery by the Director-General.

9. The fee for the issue of a duplicate ticket is \$2.

10. A person residing outside the ordinary delivery beat of the postmen is not required to take out a window delivery ticket to obtain delivery of his correspondence over the counter.

Locked Bags.

11. The fee for the use of a locked receptacle for delivery and/or reception of correspondence is \$20 for any period commencing before the 1st July and \$10 for any period commencing on or after the 1st July and ending on the 31st December following; but the fee is reduced to \$10 and \$5, respectively, in the case of a locked receptacle used by a person residing outside the ordinary delivery beat of the postmen.

12. A window delivery ticket where required is issued free of further charge for use with a locked receptacle for which the fee prescribed in the preceding paragraph has been paid.

13. Firms, etc., at the more important centres should provide two bags, one for daily use and a larger one for use on eastbound mail days.

14. In exceptional cases the Postal Department undertakes to despatch and receive locked bags by train. The user of the locked bag must pay, in addition to the ordinary locked bag fee, a fee for the conveyance of the bag at such rates as the Director-General may from time to time direct. The fee for conveyance is payable quarterly in advance. The user of the bag must make his own arrangement for taking delivery of and despatching the bag at the railway station at his end of the journey.

15. The office at which the bag is to be made up will be decided by the Director-General. Normally it will be the nearest Post Office, and the name of the office should form part of the address of correspondence intended for inclusion in the private bag.

16. A private bag for despatch by rail will not be made up addressed to a Railway Station within the delivery area of a Post Office or, as a general rule, to a Railway Station at which a Postal Agency exists.

Posting Books.

17. Posting books may be used by the public for the entry of the total number of each class of correspondence sent to the post and for the entry by the postal officials of the total number of each class of correspondence sent out for delivery to them.

18. The fee for the use of a posting book is \$20 for any period commencing before the 1st July and \$10 for any period commencing on or after the 1st July and ending on the 31st December following; but the fee is reduced to \$10 and \$5, respectively, in the case of a posting book used by a person residing outside the ordinary delivery beat of the postmen.

19. A locked receptacle may be used free of extra charge in conjunction with a posting book for which the fee prescribed in the preceding paragraph has been paid.

20. A posting book may not be used for more than one address at the same time.

21. The Director-General may refuse the further use of a posting book to any person who writes in it abusive or offensive language towards any officer of the department, or puts it to other improper use.

General.

22. All fees are payable in advance.

23. "Ordinary delivery beat of the postmen" means and includes any place or district in which there is regular daily delivery by a postman.

24. Registered correspondence and ordinary parcels addressed to box-holders and window delivery ticket holders are sent out for delivery by postman unless the box-holder or ticket holder makes written request that such articles be held for delivery over the counter. If the latter method is chosen it must apply to all such articles and at all times; the addressee may be required to supply the Postmaster with a specimen signature and a complete indemnity must be given.

25. At Singapore, Penang and Malacca the holder of a posting book or a subscriber to the locked bag service may arrange for an account to be kept of insufficiently prepaid correspondence addressed to him and for the account to be settled monthly.

26. In the Federated Malay States the holder of a posting book or a subscriber to the locked bag service may require the Postmaster to keep a deposit not exceeding \$10 for the payment of postage and surcharges, and no charge will be made for keeping the account. The Postmaster will enter the amount of each deposit in a book, in which he will also enter payments made from it. The payments must not exceed the amount of the deposit.

DELIVERY.

29

CHAPTER XIX.

DELIVERY.

1. **Hours of Delivery.**—The hours of delivery are notified at each Post Office. Parcels, registered letters and, except in special cases, unpaid or insufficiently paid letters are not delivered on Sundays, Good Friday or Christmas Day.

2. **Delivery to Callers.**—No person living within a district for which there is an official delivery can obtain his letters, etc., at the Post Office unless he rents a private box or bag or takes out a "Window Delivery" ticket.

3. Any person residing outside the ordinary delivery beat of the postmen, who sends his own messenger regularly to the Post Office to take delivery of correspondence received to his address or to the address of members of his family, can have his letters and other unregistered articles delivered to the messenger, who must pay the postage due on the unpaid or insufficiently paid articles. In the Federated Malay States the addressee may deposit money in advance to pay the postage, in which case an account will be kept with him and adjusted at regular intervals.

4. If the addressee specially authorizes the Postmaster to do so, in writing (in the form given in the margin), the Postmaster will also deliver to the messenger all registered and insured articles which may arrive for the addressee or his family.

"I authorize the Postmaster of.....to deliver registered and insured articles and parcels to my messenger named....., and on the Postmaster delivering such articles to the messenger and obtaining the latter's receipt, I free the Post Office from all responsibility in respect of such articles."

5. If the addressee does not authorize his messenger to sign on his behalf, the receipts for registered and insured articles will be handed to the messenger for delivery to the addressee. When the receipts are returned to the Post Office duly signed the articles will be made over to the messenger. The addressee may be required to supply the Postmaster with a specimen signature and a complete indemnity must be given.

6. It is not necessary that the authority granted to the Postmaster should apply to all classes of articles; it may be restricted to uninsured registered articles, in which case insured articles will be delivered only on the return of the receipts and notice signed by the addressee.

7. Letters can only be delivered as addressed, or in accordance with general instructions for re-direction. Applications that letters addressed to private individuals at their business houses may be delivered at their private residences before and after business hours on week-days, and on Sundays and holidays, cannot be entertained as the concession entails delay to the general delivery.

Delivery of Correspondence.

8. The delivery of a postal article at the house or office of the addressee or to the addressee (or to his servant or agent or other person considered to be authorised to receive the article according to the usual manner of delivering postal articles to the addressee) and where the addressee is a guest or is resident at an hotel delivery to the proprietor or manager thereof or to his agent is deemed to be delivery to the addressee. In the Federated Malay States only, a fee of 10 cents for clearance through the Customs is charged on every letter, letter or sample packet on which Customs duty is levied.

30 DELIVERY—UNDELIVERABLE CORRESPONDENCE.

9. Postmen are forbidden to deliver any article on which any sum of money is due to the Post Office, whether on account of postage or any other account, without receiving immediate payment of the amount due, or to deliver any registered or insured letter or parcel without obtaining the signature of the addressee or his representative on the receipt and acknowledgment, if any. Postmen are also forbidden to deviate from their prescribed beats, and cannot therefore be required to call again to receive payment of sums due. They are not bound to give change.

10. The addressee of an article is not bound to pay the amount due on it to the Post Office if he forthwith returns it to the postman unopened. In this case he should write the word "Refused" across the cover, and add his signature.

11. When a person takes delivery of an article on which any sum is due to the Post Office, he must pay the amount marked upon it. Any complaint of overcharge should be made to the Postmaster of the office of delivery, to whom the article should be taken before being opened.

12. If a person, after taking delivery of an article on which any postage or other sum is due, refuses to pay the amount marked as due, it will be recovered from him in the same way as a fine imposed under the Post Office Ordinance or Enactment, and the Post Office has further the power of withholding from him until such charge be paid or recovered any article addressed to him not being on Government service.

13. If the Director-General is satisfied that any article has been maliciously sent for the purpose of annoying the person to whom it is addressed, he may remit the amount of postage charged upon it.

14. Articles addressed to initials or to fictitious or assumed names will only be delivered if posted to the care of some known person or firm.

15. Articles insured for more than \$100 are delivered only at a Post Office counter. Articles insured for \$100 or less are normally delivered by postmen but it is within the discretion of the officer in charge of the delivery office to require the addressee to take delivery at the Post Office.

CHAPTER XX.

DISPOSAL OF UNDELIVERABLE CORRESPONDENCE.

1. Any postal article other than a parcel, found to be undeliverable is disposed of in the following manner :

- (a) if posted in this country and found to bear the name and address of the sender upon the outside—returned direct to the sender unopened;
- (b) if posted in this country and found not to bear the name and address of the sender on the outside—sent to the Dead Letter Office where, if it contains no indication of the sender's address or enclosure of importance, it is destroyed;
- (c) a letter found to contain an article of value is recorded and if returnable to the sender is registered.
- (d) if posted in any other country is returned unopened to the country in which it was posted;
- (e) undeliverable printed papers of no value are not returned unless the sender, by means of a note on the outside of the packets has asked for their return.

2. Undeliverable and unclaimed registered or insured postal articles and unregistered postal articles found to contain articles of value which cannot be returned to the sender are retained in the Dead Letter Office for a fixed period at the disposal of the sender or addressee and, if not claimed, are disposed of in accordance with the regulations.

3. Undeliverable parcels are dealt with as indicated in Chapter "Parcel Post".

CHAPTER XXI.

**RE-DELIVERY TO THE SENDER OF POSTAL ARTICLES
IN COURSE OF TRANSMISSION BY POST.**

1. Any postal article posted in the Straits Settlements or Federated Malay States and not yet despatched from the Straits Settlements or Federated Malay States, respectively, may be re-delivered to the sender when in course of transmission by post, without reference to the consent of the addressee, subject to the under-mentioned conditions :

2. No such postal article shall be re-delivered to the sender except by the authority of the Director-General or one of the following officers :

For the return of articles posted in the Straits Settlements—

The Colonial Secretary;

The Resident Councillor, Penang or Malacca;

The Resident, Labuan;

The Controllers, Posts and Telegraphs, Singapore or Penang;

The Superintendent, Posts and Telegraphs, Malacca.

For the return of articles posted in the Federated Malay States—

The Chief Secretary (now Federal Secretary);

The Resident in each State;

The Controllers, Posts and Telegraphs, Ipoh and Kuala Lumpur;

The Superintendent, Posts and Telegraphs, Seremban.

3. A fee of ten dollars shall be paid in respect of each postal article the re-delivery of which to the sender is applied for.

4. Application for re-delivery of a postal article to the sender shall be in writing and may be presented to any of the authorities mentioned in paragraph 2 either direct or through any officer in charge of a Post Office.

5. No such application shall be received except from the sender of the postal article or from some person authorised in that behalf by the sender in writing.

6. Every such application shall be accompanied by a written statement (which may be enclosed in a sealed cover) of the reasons why re-delivery is sought. Such sealed cover shall not be opened except by the authority to which the application is presented, or where such authority is the Colonial Secretary, the Chief Secretary (now Federal Secretary) or a Resident, by the Under Secretary or Secretary to the Resident as the case may be.

7. Any of the authorities mentioned above may, on receiving the application for re-delivery, order re-delivery of the postal article to the applicant upon being satisfied that the applicant is the sender thereof and that sufficient reasons have been given for the re-delivery, otherwise the postal article shall be sent at once to its address.

8. A postal article in course of transmission by post shall not be re-delivered to anyone but the sender, or some person authorised in that behalf by the sender in writing.

CHAPTER XXII.

AIR MAIL SERVICES.

1. Particulars of the services, showing countries served, air routes, fees payable, etc., may be obtained at any Post Office.

2. The general regulations of the air mail are as follows :

- (a) Any kind of letter packet may be sent by Air mail. Printed papers, commercial papers and samples must be prepaid at the rates payable for air mail letters. The limits of size and maximum weight are the same as for similar correspondence sent by ordinary post. Air mail correspondence is accepted for registration but cannot be insured.
- (b) Air mail correspondence may be posted at any Post Office or in any ordinary posting box. The latest date and hour of posting for each air mail service can be ascertained from the local Post Office.
- (c) A special blue air mail label must be affixed to the top left-hand corner of the address side of every air mail packet. These labels may be obtained free of charge at any Post Office.
- (d) Stamps to the full value of the fee must be affixed at the top right-hand corner of the address side of the packet. If the fee is not fully prepaid the article will not be sent by air mail and will be forwarded by ordinary mail. (Exceptionally however, articles addressed to places in Great Britain and Northern Ireland and in South Africa on which the fee is unpaid or insufficiently prepaid, will be forwarded by Imperial Air Mail and double the deficiency will be collected from the addressee or from the sender, if the addressee refuses delivery. In addition, air mail correspondence addressed to Canada, India and New Zealand on which the fees prepaid represent at least 25 per cent. of the charges will be forwarded taxed with double the deficiency). Special attention is drawn to the fact that the fees are in respect of a weight of half an ounce. A letter containing more than an ordinary double sheet of notepaper (note size) is likely to be over half an ounce in weight.
- (e) Postcards are accepted for conveyance by air at special rates.
- (f) Except in the following circumstances, superscriptions are not ordinarily necessary. Air mail correspondence can, if the sender so desires, be sent (i) for transmission by air for part of the journey only or (ii) to countries not directly served by an air service from Malaya upon payment of the prescribed fee to the country as far as which or through which the correspondence is to be forwarded. It is then necessary that the postal article should bear a special superscription. For example, under (i) a letter addressed to Italy may be prepaid for transmission by air to Cairo only and must therefore be superscribed "BY AIR TO CAIRO". Under (ii) a letter for Canada with which there is no direct air service can go by air to London and thence by surface transport and must then be superscribed "BY AIR TO LONDON".
- (g) Air mail fees are subject to alteration and adjustment from time to time.
- (h) In certain cases money orders may be advised abroad by air mail (see under Chapter "Money Orders").

CHAPTER XXIII.

WIRELESS TELEGRAPH LICENCES.

1. No person may establish a wireless station or install or work any apparatus for wireless telegraphy in the Straits Settlements or Federated Malay States or on board any ship registered at a port in the Straits Settlements or Federated Malay States except under licence.

2. Wireless Receiving Licences may be obtained at any Post Office counter where money orders are issued. An application form must be filled up and the fee of \$5 paid.

3. Applications for Temporary Experimental Transmitting Licences and Licences for Ship Stations should be addressed to the Director-General, Posts and Telegraphs, Kuala Lumpur.

CHAPTER XXIV.

GENERAL POSTAL RULES AND MISCELLANEOUS INFORMATION.**Business Hours.**

1. At every Post Office the hours during which business is transacted with the public are conspicuously notified.

Despatch.

2. The hours for closing mails, and the hours up to which parcels and registered or insured articles may be posted for inclusion in such mails, are notified at each Post Office in a conspicuous position.

Indications as to Route.

3. Correspondence for Great Britain and Ireland, the continent of Europe and Egypt unless otherwise superscribed for transmission is despatched by contract mail steamers. When two mail packets leave for Europe on or about the same day the mails are forwarded by the vessel which is expected to provide the quicker service. Correspondence for other countries or places is forwarded by the most advantageous means available. Postal articles which for a special reason the sender desires to send by a particular vessel or route should be inscribed with the name of the vessel or route, thus "per s.s." or "via". Postal articles marked in this manner will be sent by the vessel or route indicated, if such vessel or route is notified as available for the despatch of mail matter.

Treatment of Correspondence Containing Articles Liable to Customs Duty.

4. Any postal article received from another country and suspected to contain undeclared goods liable to Customs Duty will be opened at the Post Office in the presence of the addressee or his agent and of an officer of the Customs Department. The Customs Duty will be assessed and the article delivered to the addressee on payment of the charges due, unless such article is required for ulterior proceedings.

Postal articles declared to contain goods liable to Customs Duty will be opened at the Post Office and the duty assessed by the Customs Department. On payment of the charges due, delivery will be effected to the addressee.

**Treatment of Postal Articles from other Countries bearing
Fictitious Postage Stamps.**

5. If a postal article is received from another country bearing a fictitious or previously used postage stamp, a notice will be sent to the addressee, asking him to attend at the Post Office to receive delivery. If the addressee or his agent fails to attend within the time specified in the notice, or having attended declines to make known to the Postmaster the name and address of the sender, and to re-deliver to the Postmaster the portion of the article which bears the fictitious or previously used stamp, or, if the postal article is inseparable from the stamp, the entire postal article, the article will not be delivered, but will be dealt with in accordance with the law.

Mode of Payment.

6. (1) Postage may be prepaid either by :
 - (a) adhesive postage stamps; or
 - (b) impressions of stamping machines working under the direction or by the permission of the Director-General; or
 - (c) the use of a stamped envelope, cover, post-card or other postal form.
 - (d) by cash or cheque, subject to such conditions as the Director-General may from time to time prescribe.
- (2) An embossed or impressed stamp cut out of or otherwise detached from an envelope, cover, post-card or other postal form is not eligible for the prepayment of postage or registration, etc.; and any postal article prepaid wholly or in part by such a stamp is treated as an unpaid or underpaid postal article as the case may be.

Prepayment of Postage in Cash.

7. Senders of large quantities of correspondence may prepay postage charges in cash or by means of bankers' cheques at the Post Offices at Singapore, Penang, Malacca, Kuala Lumpur, Ipoh and Seremban. The following conditions govern this service :

- (a) All postal articles except insured or registered letters, insured boxes and parcels will be accepted.
- (b) The total postal charges on each posting must not be less than \$5.
- (c) Each posting must consist of the same category of correspondence, i.e., it must consist solely of letters or newspapers or circulars and each article must be liable to the same postal charge.
- (d) Each posting must be handed in at the Post Office counter between 10 a.m. and 4 p.m.
- (e) Letters and circulars must be tied in bundles of 50 with addresses arranged in the same direction. Bulkier packets and newspapers to be tied in bundles of 10.
- (f) Where the local officer in charge of the Post Office requires it, the poster must arrange the articles in such a manner as to include in different bundles articles destined for different districts or towns.
- (g) All postal charges due must be paid either prior to the time of posting or at the latest at the time of posting.
- (h) At the time of posting, the sender will present a docket, copies of which may be obtained from the local Post Office, certifying that the articles are tied in bundles of 50 or 10, and that they consist of the same category of correspondence subject to the same postage charge.
- (i) On the special authority of the Director-General in each case, newspaper offices may be allowed to send their newspaper wrappers for stamping as "paid" 24 hours before the time of posting, subject to the name of the newspaper being clearly printed on the wrappers.

Exceptional Detention of Certain Correspondence.

8. The Director-General has power to delay the despatch or delivery of all other postal packets when it is necessary to do so in order to secure the due despatch of the letter mails; and also to delay parcels when he considers it expedient for their safety and protection to do so.

Miscellaneous Information, Regulations and Suggestions.

9. (a) Considerable inconvenience and delay in sorting occur in consequence of persons not having their correspondence sufficiently addressed, and in cases where there are several individuals of the same surname such correspondence may consequently be delivered to the wrong persons, who are apt to open it in error. It should be remembered that the address on a postal article is the guide to the Post Office as to where it is to be delivered, and the public is therefore reminded that correspondence should always be directed as fully as possible.

(b) The address of every postal article should be fully and clearly written in Roman characters parallel to the length of the letter or packet and with sufficient space above the address for postage stamps, postmarks, etc.

(c) Correspondence for places abroad should bear, besides the name of the town or city the name of the country of destination (this should be written in large characters on the envelope). Particular attention is invited to this rule, as it will prevent letters being mis-sent when there are towns of the same name in different countries.

(d) Postage stamps should be affixed to the top right-hand corner of the address side of the cover.

(e) Stamps other than postage stamps and labels which might be mistaken for postage stamps must not be affixed to the address side.

(f) Post Office officials are forbidden to affix stamps to letters or other articles brought to the Post Office.

10. Senders of articles at reduced rates are recommended to indicate on the covers of the articles the class of correspondence to which they belong, i.e., printed papers, commercial papers, samples or blind literature.

11. Letters posted unpaid or insufficiently prepaid for any country to which prepayment is compulsory are sent to the Dead Letter Office. Letters and single post-cards so posted for other countries are forwarded, but are charged on delivery with double the deficiency.

12. Printed packets, commercial packets and sample packets wholly unpaid or only partly prepaid will not be forwarded.

13. Every article should bear on the lower left-hand corner the name and address of the sender, in order that the Post Office may be able, in case of non-delivery, to return it unopened and without delay. This is especially desirable in the case of registered articles.

14. No information can be given respecting letters or other postal articles, except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

15. On re-directed letters, care should be taken not to place the fresh stamps over those which have been previously used.

16. Stamps should be so affixed to printed matter as not to cause the covers to adhere to the articles enclosed, thus sealing the articles and subjecting them to letter rates on delivery.

17. Thin envelopes should not be used, especially for large packages. Being often handled and in mail bags subjected to pressure or friction, such envelopes are frequently torn open or burst without any fault on the part of those who handle them. All articles, which are likely to suffer from stamping or pressure, should be packed in strong covers. The Post Office cannot take any special precautions to secure the safety of fragile articles.

18. The use of sealing wax in ordinary mail matter, should be avoided. It often causes letters to adhere to each other, and the addresses are sometimes destroyed in the attempt to separate them. When sealing wax is used for seals outside letters and packets a piece of tissue paper should be laid over the wax before pressing it with a seal.

19. Articles of considerable value ought not to be sent by post, unless registered or insured. Any person who sends such articles otherwise, not only runs a risk of losing his property without compensation, but exposes to temptation everyone through whose hands such articles pass.

20. In the case of currency or bank notes, which may not be enclosed in a letter unless it is registered or insured, a memorandum should always be made of the number and particulars of each note in order to afford the means of identification. Cheques sent by post should always be crossed, so as to prevent their being cashed in the event of the letters being lost, mislaid or stolen.

21. Post Office officials are not bound to give change, nor are they authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness or weight can be entertained after it has been removed from the counter.

22. Post Office officials are not bound to weigh letters, etc., for the public, but they may do so if their duty be not thereby impeded. This rule does not apply to parcels or insured articles, which are tested both as to weight and size before being accepted.

23. Postage should always be fully prepaid.—Articles on which the postage has not been prepaid or has not been fully prepaid, represent money that has to be realized by the Post Office. Such articles are therefore forwarded and delivered under special arrangements which necessarily involve delay.

24. With respect to the prepayment of correspondence addressed to foreign countries, the attention of the public is invited to the importance of prepaying postage in full, as insufficient prepayment, besides involving delay, renders the articles liable to refusal by the addressee.

25. On westbound European Mail days all postal articles should be posted as early in the day as practicable, especially when sent in bulk.

26. Prepayment of postage on postal articles can only be effected by means of postage stamps which are valid in the country or port from which the articles are posted. Correspondence posted on the high seas may be prepaid by means of the postage stamps and according to the tariff of the country to which the vessel belongs or by which it is maintained.

27. Postal officials are strictly forbidden to give credit for postage stamps or sums due on unpaid or insufficiently prepaid postal articles.

28. Adhesive stamps which have been obliterated by the Post Office or which have any word, letter, character, figure or mark written upon them or impressed upon them, otherwise than by the authority of Government before posting, or which are defaced, torn, cut or otherwise rendered imperfect, cannot be used for the prepayment of postage. Applications for refunds or exchange in respect of spoiled, misused or unused stamps or

stamped postal stationery should be addressed to the Commissioner of Stamps in the Straits Settlements and to the Collector of Stamp Duties in the Federated Malay States. The use for the prepayment of postage of any stamp which has once passed through the post or which has previously been used as a revenue stamp, is an offence punishable under the Post Office Acts. Stamps which bear any pen or pencil mark or the impression of any rubber stamp cannot be recognised by the Post Office.

29. To prevent the purloining of adhesive stamps by employees in firms or large establishments, they may be perforated with initials (but not with names or trade marks) traced in minute holes, no larger than those dividing one stamp from another on a sheet of stamps.

30. Masters of vessels leaving a port of the Straits Settlements or Federated Malay States are forbidden by law to receive for conveyance any loose correspondence that is not fully prepaid with Straits Settlements or Federated Malay States (as the case may be) postage stamps.

31. Persons changing their places of residence are particularly requested to leave written instructions at the Post Office of their previous residence and to send written instructions to the Post Office to which they may be going. These instructions must be simple and direct, and should state clearly whether re-direction is to apply only to letters addressed to the person giving the instruction or to those addressed to members of his family or household. Complicated or conditional instructions will not be attended to.

32. If an unpaid or insufficiently paid postal article is refused by the addressee it is sent to the Returned Letter Office and returned to the sender for recovery of the postage due. The sender is bound to accept such article and pay the postage demanded, otherwise he is liable to prosecution by the department.

33. The addressee is not bound to accept any unpaid or insufficiently paid postal packet, but if he opens it, or does not at once return it unopened, he is bound to pay the postage due thereon. Any post-card on which postage is due is not allowed to be read by the addressee unless he first pays the amount due thereon.

34. A knowledge of Postal Rules is presumed, and as full information regarding articles that can and articles that cannot be sent by post is published, under the proper heads, in the Postal Guide, no application will be entertained for the refund of the value of postage stamps on correspondence which is discovered, after the postage stamps have been obliterated, to contain any prohibited article, or which exceeds the limit of weight, or for any other reason cannot be forwarded, and which has consequently to be returned to the sender. Any loss resulting from non-observance of the rules by the sender of an article must be borne by him.

35. **Responsibility of Government for Loss or Damage.**—The Government does not incur any liability by reason of the loss, misdelivery, delay of, or damage to, any postal article in course of transmission by post. No officer of the Postal Department incurs any liability by reason of any such loss, misdelivery, delay or damage, unless that person shall knowingly cause the same fraudulently or maliciously or by his wilful act or default.

36. **Complaints.**—When complaint is made of a postal article being lost or missing, information, as precise as possible, regarding all the facts of the case, should be furnished as soon as possible. Forms of application may be obtained at any Post Office.

When complaint is made that correspondence has been mis-sent or delayed, the cover should always be forwarded, as without it no useful enquiry can be made.

CHAPTER XXV.

PARCEL POST.

1. The postage to be prepaid on parcels addressed to any place in the Straits Settlements, the Federated Malay States, Johore, Kedah, Kelantan, Perlis, Trengganu, North Borneo, Sarawak or Brunei is as follows:

On a parcel not exceeding 3 lbs. in weight	...	30 cents
" " 7 " "	...	50 "
" " 11 " "	...	70 "
" " 22 " "	...	\$1-10 "

The maximum limits of size are: length breadth or depth, 3 feet 6 inches, length and girth combined, 6 feet. Maximum weight 22 lbs.

2. Parcels are also forwarded to the countries and places named in the Parcel Post Table of Postage, etc., in which the conditions of service are also shown.

3. A parcel must not be posted in a letter box, but must be taken to a Post Office and handed to a clerk at the counter and a certificate of posting obtained. The hours during which parcel post business is transacted are notified in a conspicuous position at each office.

4. Prepayment of postage in stamps is compulsory. The postage will carry the parcel to its destination without further charge for conveyance, unless otherwise specially stated.

5. An advice of delivery cannot be obtained in respect of an uninsured parcel, but if it is desired to make an enquiry regarding the disposal of such a parcel, the Post Office undertakes to make such an enquiry if made within 12 months from the date of posting of the parcel, on payment of a fee of 16 cents. This fee will be refunded if the enquiry has been rendered necessary by a fault of the postal service of this country or any other country or place through which the parcel may have passed.

Addresses.

6. Each parcel must be clearly addressed in Roman characters written in ink. A parcel bearing an address otherwise written will not be accepted, unless a translation of the address is added.

7. The address should be written on the parcel itself, and not merely on a label, which may become detached. The parcel should bear the words "Parcel Post" on the upper left-hand corner.

8. It is also desirable that the sender's address should appear either inside the parcel or on the cover. In the latter case it must be kept distinct from the address to which the parcel is sent. The date of posting should also be added.

Customs Declaration and Despatch Note.

9. Every parcel except a parcel posted in the Straits Settlements for delivery in the Colony or a parcel posted in the Federated Malay States addressed to a place within the Federated Malay States must be accompanied by a declaration of contents (in the prescribed form, which is obtainable gratis at every Post Office), bearing the address of the parcel to which it relates, and a declaration of its contents and value as well as the signature and address of the sender. The contents should be stated in full detail, a separate description of each article, and its value, being given. Declarations written on any but the prescribed form cannot be accepted.

Parcels posted in the Colony for delivery in the Colony and parcels posted in the Federated Malay States for delivery in the Federation should bear the names and addresses of the senders upon the covers.

10. Two forms of Customs declaration are in use: (1) An adhesive form, intended to be affixed to the cover of the parcel, and (2) a non-adhesive form. A number of identical copies of the latter form have in many cases to be made out, *see* Parcel Post Table of Postage, etc., column headed "Customs Declaration"—in which the use of the adhesive form is indicated by "A" and of the non-adhesive form by "C." The figure following "C" shows the number of such forms to be made out in each case.

11. When a non-adhesive form "C" is used, the sender must also fill up a despatch-note. The net weight or quantity of the different kinds of articles contained in a parcel should be separately stated, any other particulars should be given which would facilitate the assessment of Customs duty, such as the material of which clothing is composed and whether new or not. In the case of articles returned to the country where they originated the fact should be stated. The forms for foreign parcels should when possible, be filled up in both English and French; and the address upon the despatch-note should always be as complete as that upon the parcel itself. When filling up declarations, the use of the sign "etc." should be carefully avoided, as it is regarded with suspicion by the Customs authorities.

12. When the contents are liable to duty in the country of destination, an incorrect declaration of the contents or value may result in the seizure of the parcel or in the imposition of a heavy fine which may not be remitted even if the parcel is returned to the sender.

13. All parcels are liable to be opened for Customs examination, and their contents are subject to Customs duty according to the laws of the country of destination. Except in the case of a parcel referred to in the following paragraph, such duty cannot be prepaid, but is collected from the addressee on delivery. The Post Office can give no information as to the Customs tariff or procedure of any particular country; nor does it accept any responsibility for loss, delay or charges arising from the Customs or other regulations to which the contents of parcels are subject.

Customs and other Charges Payable by Sender.

14. Persons sending parcels to any of the countries noted with the letters "PC" in the Parcel Post Table of Postage, etc., at the end of this Guide can take upon themselves at the time of posting the payment of the Customs and other charges ordinarily payable by the addressees. The words "Free of Charge" must be written in ink above the address of such a parcel.

15. The sender must pay a fee of 25 cents, sign a form of undertaking to pay on demand the amount due and make a deposit on account of the charges. For parcels addressed to the Straits Settlements or Federated Malay States the deposit required is at the rate of 20 cents for every dollar of the declared value with a minimum deposit of \$2; for all other places the deposit required is \$5 in respect of any declared value up to \$10 and thereafter \$1 for each \$2 of declared value or fraction thereof. A final settlement is made when the amount due has been notified by the country of destination.

16. The Post Office cannot undertake to make any enquiry respecting charges levied on a parcel forwarded under this arrangement.

17. An undertaking to pay charges under this arrangement cannot be accepted when the sender is residing only temporarily, or is unable to give a settled address in the Straits Settlements or Federated Malay States.

Prohibitions.

18. No parcel is admissible which contains base or counterfeit coin, coin or bullion exceeding \$50 in value, except coin obviously intended for purposes of ornament; articles infringing trade-mark or copyright laws, any article or substance liable to become offensive or injurious through natural decay during the time ordinarily occupied in transmission, unless enclosed in a hermetically sealed tin, or any article or substance detailed under general prohibitions in Chapter II or specially prohibited from importation into the country or colony to which the parcel is addressed. For a list of such special prohibitions, see Parcel Post Table of Postage, etc. The Post Office can accept no responsibility for the correctness and completeness of this list, although efforts are made to secure accuracy.

19. Plants are not in ordinary conditions admitted into most of the countries of Europe, for fear that phylloxera may be introduced with them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these countries. The chief conditions are that the plants must be packed securely, but in such a way that they can be easily examined, and must be accompanied by a declaration of the sender, attested by some competent authority, that there has been no vine in or near the ground from which the plants come. This declaration must be attached to the despatch-note of the parcel to which it relates. On the despatch-note, Customs declarations, and the cover or label of the parcel should be written the words, "Phylloxera Certificate annexed."

20. Plants of para rubber, cotton, sugar cane, palms, coffee, seed nuts of coconut, or suckers of bananas may not be sent by post unless the written permission for their importation has been received from the Chief Secretary to the Government, Federated Malay States, Kuala Lumpur (now Federal Secretary), or Chief Agricultural Field Officer, Federated Malay States, Kuala Lumpur, before such plants are despatched. Every such plant or consignment of plants must be accompanied by a certificate in duplicate signed by an officer of the Department of Agriculture or some other competent person in the country of origin, previously approved by the Chief Secretary to the Government, Federated Malay States, not more than 14 days prior to the date of despatch stating that the plants have been examined by the certifying officer and are free from any pest or disease.

21. When the contents of a parcel are liable to duty in the country, of destination, an incorrect declaration of contents or value renders the parcel liable to confiscation.

22. Parcels infringing the rule regarding prepayment, weight, size or value or containing forbidden articles or uninsured valuables (see following para.) will not be forwarded.

23. Parcels containing platinum, articles of gold or silver, precious stones, jewellery, and articles of a like nature, will only be accepted when addressed to places with which there is insurance, and they must be insured.

24. A parcel may not contain a letter or communication in the nature of a letter, even if addressed in the same way as the parcel, but it is permissible to enclose open invoices, business cards, printed circulars, or advertisements, price lists, particulars of contents or receipted account for such parcel.

25. The transmission of parcels which bear on the outside any writing or drawing of an indecent or offensive nature, or within which any contents of a like nature may be observed, and parcels containing gunpowder, cartridges, lucifer matches, liquid celluloid, or any thing explosive or liable to sudden combustion, bladders containing liquid, live animals, except bees, leeches, or silk-worms, grossly offensive or filthy matter, or anything in a condition likely to injure other parcels or any officer of the Post Office, or opium or any contraband article or substance is prohibited.

26. As to packing of ordinary parcels see Chapter "Make up and Packing".

27. As to packing and sealing of insured parcels see Chapter "Insurance".

PARCEL POST.

41

Preferential Tariffs in certain Dominions and Colonies.

28. On importation into many British Dominions and Colonies, articles of British production or manufacture are entitled to preferential rates of Customs duty when accompanied by a certificate of origin as indicated below. If desired, the certificate may be enclosed in the parcel, a note to this effect being made in the relative Customs declaration.

29. In the case of a parcel for Antigua, Australia, Bahamas, Barbados, Bermuda, British Guiana, British Honduras, British Somaliland, Ceylon, Cyprus, Dominica, Fiji Islands, Gambia, Gibraltar, Grenada, India, Malta, Mauritius, Montserrat, Nevis, North Borneo, St. Helena, St. Kitts, St. Lucia, St. Vincent, Samoa (Apia), Sarawak, Seychelles, Sierra Leone, Tortola, Trinidad and Tobago, Union of South Africa (Provinces of Cape of Good Hope, Natal, the Orange Free State and the Transvaal), Basutoland, Bechuanaland, Swaziland and Rhodesia (Northern and Southern), a certificate in the following form should be used, provided that the contents are not merchandise for sale and (except for Barbados) do not exceed £10 in value. For Barbados, the certificate may be used irrespective of value.

“The contents of this parcel are not merchandise for sale, and every article herein to the extent of at least.....(insert 25 per cent. 50 per cent. or 75 per cent. as the case may be) of its present value is *bonâ fide* the produce or manufacture of.....’ (insert the United Kingdom for a parcel for Australia or India, and name of part of British Empire for a parcel for any other destination). It is desirable that the following should be added, if applicable ‘and that the final process of manufacture has been performed at.....’ (insert name of part of British Empire).

Dated at.....this.....day of.....193 .

.....Sender.”

30. Parcels for Canada, the contents of which are not merchandise for sale and do not exceed 50 dollars in value, should be accompanied by a certificate in the following form:

“Every article herein to the extent of at least one-half of its present value is *bonâ fide* the produce or manufacture of.....(name of country).

Dated at.....193.....Sender. In the presence of.....(Officer of Post Office).”

31. Parcels for Newfoundland or New Zealand, containing any of the articles entitled to preferential rates of duty, should be accompanied by an invoice bearing a certificate of origin in the following form:

“I.....(full name), of the firm of.....do hereby certify that this invoice, amounting to £.....for goods exported to Newfoundland or New Zealand and on account of (name of person to whom invoiced) is true and correct, and that the goods specified therein are *bonâ fide* the produce or manufacture of (name of part of British Empire)

Signed.....

Dated at....., this.....day of.....193 .”

32. Parcels for India containing merchandise to which the preferential rates under the Ottawa Agreement Act apply, a certificate in the full form required under that Act should be attached to the Customs declaration.

33. Parcels for Jamaica or for the Turks and Caicos Islands containing any article entitled to a preferential rate of duty, should be accompanied by a certificate in the following form:

I, the undersigned, do hereby declare that to the best of my knowledge and belief, the contents of this parcel are:

(a) (If not a manufactured article) the growth or produce of*.....

(b) (If a manufactured article) to the extent of at least.....(insert 25 per cent., 50 per cent. or 75 per cent. as the case may be) of the present value of the goods is *bonâ fide* the manufacture of.....and that the final process of manufacture has been performed at.....aforesaid

Dated this.....day of.....193 .

Witness.....

Sender.....

*(Insert name of part of British Empire).

Delivery of Parcels.

34. The officer in charge of a Post Office has power to delay parcels, when necessary to do so, in order to secure the due despatch or delivery of letter mails.

35. The addressee or his representative may be required to take delivery of a parcel or parcels at the Post Office.

36. No parcel will be delivered until the addressee or his representative has signed with ink or copying ink pencil a receipt on the prescribed form which is presented to him for signature together with the relative advice of delivery form if there is one. In the Federated Malay States only, a fee of 20 cents for clearance through the Customs is charged on every parcel on which Customs charges are levied.

Miscellaneous.

37. It should be borne in mind that parcel mails for Europe usually take longer in transit than letter mails as they are despatched by certain authorised routes or vessels only. In the case of Great Britain parcel mails take approximately six days longer in transit than letter mails.

38. The Post Offices of Ceylon and India charge warehousing fees on parcels which are not claimed by the addressee within certain prescribed periods. If a parcel is treated as undeliverable and returned to Malaya, the accrued warehousing fees will be collected from the sender.

Re-direction.

39. A parcel may be re-directed to any place participating in the parcel post service on prepayment of the postage to that place or on receipt of an undertaking to pay the postage if the addressee refuses to pay it provided that it conforms with the regulations applicable to parcels sent by post to the country or place to which it is re-directed. Parcels re-directed from other countries are not delivered until the postage, if any, due by the addressee has been paid.

40. Any parcel sent by parcel post incurs fresh postage at the ordinary rate if re-directed, except where the parcel is, or would be, delivered from the same Post Office both at the original address and at the address to which the parcel is re-directed.

Disposal of Undelivered Parcels.

41. (1) The sender of a parcel addressed to any of the countries named below may request at the time of posting that, if the parcel cannot be delivered as addressed, it may be:

(a) Treated as abandoned, or

(b) Be tendered at a second address in the country of destination.

No other alternative is admissible.

If a despatch note is used the instruction as to disposal must be written conspicuously on the cover of the parcel as well as on the despatch note; if no despatch note is used, the instruction must be written on the Customs declaration and must be in one of the following forms:

"If not deliverable as addressed, abandon", or

"If not deliverable as addressed, deliver to....., or if that is not possible, return to me."

In the absence of a definite request for abandonment, or delivery at an alternative address, a parcel which is undeliverable at the original address is returned to the sender without previous notification and at his expense.

PARCEL POST.

43

(2) The countries participating are: Straits Settlements, Federated Malay States, Johore, Kedah (including Perlis), Kelantan, Trengganu, Brunei, North Borneo, Sarawak, Great Britain, all British Dominions and Colonies, and the under-mentioned foreign countries:

Argentine	France and all French Colonies	Peru
Austria		Poland
Belgian Congo	Germany	Portuguese East Africa
Belgium	Greece	Russia
Brazil	Guatemala	Siam
Bulgaria	Holland	Sudan
China	Iceland	Sweden
Colombia	Japan	Switzerland
Cuba	Lettonia	Syria
Czecho-Slovakia	Liberia	United States of America and its Possessions
Danzig	Lithuania	Uruguay
Denmark	Luxemburg	Venezuela
Dutch West Indies	Mexico	Yugoslavia
Ecuador	Netherlands Indies	
Egypt	Norway	
Estonia	Panama Republic	

42. Parcels received from the countries named, not bearing a request for abandonment or delivery to an alternative address, are retained for a period of 30 days, after which time they are, if still undelivered, returned direct to the sender at his expense. Parcels which bear an alternative address are retained for delivery to the first addressee for a period of 15 days, and, if not delivered, are retained for a further period of 15 days for delivery to the second address. If still undelivered the parcel is then automatically returned to the sender as above. Parcels which bear a request for abandonment are, if undelivered at the end of 30 days, forwarded to the Dead Letter Office for disposal. Parcels addressed to Poste Restante are, exceptionally, retained for the period laid down in Chapter "Poste Restante".

43. This arrangement applies to all parcels whether ordinary, or insured, exchanged with the countries named; but cash-on-delivery parcels received not bearing a request for abandonment or delivery to an alternative address are retained for a period of 15 days only, after which time they are if still undelivered returned direct to the sender at his expense. Cash-on-delivery parcels which bear an alternative address are retained for delivery to the first addressee for a period of 8 days and if not delivered are retained for a further period of 7 days for delivery to the second address. If still undelivered the parcel is then automatically returned to the sender as above. Cash-on-delivery parcels which bear a request for abandonment if undelivered at the end of 15 days are forwarded to the Dead Letter Office for disposal.

44. If a parcel addressed to any country or place other than those mentioned above cannot be delivered, the sender is advised, provided that his address is given on the parcel or on the forms prepared by him at the time of posting, or that it can be ascertained by opening the parcel and examining its contents; and his instructions for the disposal of the parcel are then communicated to the Post Office at which the parcel is lying.

45. In most cases the foreign Customs duty is cancelled on the return of a parcel; but on parcels sent back from the Republic of Colombia, Dominican Republic, Spain,* and certain French Colonies, Customs charges are not cancelled, and must be paid on delivery, in addition to the return postage. Other non-postal charges, for warehousing, etc., are maintained on parcels sent back from :

Argentine Republic	Hungary	Portugal and certain
Belgian Congo	Iceland	Portuguese Colonies
Belgium	India	Rhodesia (Southern)
Ceylon	Iran	Russia in Europe
Chile	Italy	Russia in Asia
Czecho-Slovakia	Japan	South Africa
Denmark	Lettonia	Spain
Egypt	Luxemburg	Switzerland
France and certain	Morocco (French zone	Tunis
French Colonies	only)	
Germany	Norway	
Holland	Poland	

46. A parcel is returned to the sender on payment of the postage (together with any other charges which may be due) from the place to which it is addressed to the Straits Settlements or Federated Malay States. If the sender refuses to pay the postage or does not claim the parcel within six months from the date of its return the parcel is sold and the amount of the postage recovered out of the proceeds.

Compensation for Uninsured Parcels.

47. A certificate of posting is given for each parcel. Such certificates do not indicate that any liability or responsibility attaches to the Post Office for loss, damage or delay in respect of any parcel.

48. Except in cases beyond control, compensation not exceeding \$10 in respect of parcels not exceeding 11 lbs. in weight or \$14 in respect of parcels weighing more than 11 lbs. but not more than 22 lbs. may be paid for the loss or damage of uninsured parcels sent by parcel post within the Straits Settlements or Federated Malay States or between those two countries when such loss or damage takes place while the parcels are in the custody of the Post Office and does not arise from any fault or neglect of the senders or from the nature of the contents.

49. In similar circumstances, compensation may be paid for the loss or damage in the Malayan service of an uninsured parcel addressed to any country shown in the Parcel Post Table of Postage, etc., except where an indication is given therein that no compensation is payable. The compensation paid will in no case exceed those shown in the preceding paragraph.

50. In the case of parcels lost or damaged in any country outside the Straits Settlements and the Federated Malay States the Director-General will endeavour to obtain compensation for the senders under similar regulations. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss or damage has taken place.

51. No compensation will be paid for delay in respect of any parcel.

52. No compensation will be paid for the loss or damage of uninsured parcels sent to or from any country other than those mentioned above.

53. The conditions governing claims for compensation in respect of insured parcels also apply to uninsured parcels.

54. The decision of the Director-General on all questions arising between him and any person claiming payment in respect of the loss of or damage to any article enclosed in or forming part of a parcel is final and conclusive.

* The Customs duty levied on parcels in Spain is cancelled if the parcels are sent back within four months from the date of posting.

CHAPTER XXVI.

CASH-ON-DELIVERY SERVICE.

1. This arrangement for collecting from the recipient for remittance to the sender, by card money order, the value of articles sent by parcel post, is in operation within Malaya, and between Malaya and the countries shown in the table at the end of this chapter. The table shows also the currency in which the trade charge must be expressed, the maximum amount of the trade charge allowed and the delivery fee collected by the country of delivery of the parcel from the addressee.

2. The trade charge is the sum of money specified in writing at the time of posting by the sender of a cash-on-delivery postal article as recoverable on the delivery thereof from the addressee.

3. A cover containing a railway receipt or a bill of lading is admissible as a cash-on-delivery parcel for transmission by the internal postal services of Malaya or by the postal services existing between the Post Office of Malaya and the Post Offices of Johore, Kedah, Kelantan and Trengganu.

4. Parcels on which trade charges are to be collected may be posted at any Post Office in Malaya.

5. The trade charge may not exceed the amount of the declared value plus the postage and fees payable in connection with the cash-on-delivery service. (Fractions of an anna, a cent or a penny are not admitted). An exception to this rule is allowed in respect of covers containing railway receipts or bills of lading referred to in paragraph 3 above. Such covers cannot be insured.

6. The following rules shall apply to the posting of a cash-on-delivery parcel in Malaya :

(a) The parcel shall be handed to an officer on duty at a Post Office during the hours fixed for posting parcels.

(b) The sender shall write on the cover of the parcel and on the despatch note if one is used the word "Remboursement" or the letters "C.O.D." followed by the amount of the trade charge in Roman characters. The sender must also write on the cover of the parcel, or on a label affixed to the cover, his name and address.

No erasure or alteration of the amount of the trade charge is allowed even if certified.

An incorrect entry must be completely obliterated and a fresh entry made.

(c) On the posting of the parcel a certificate of posting signed by the officer of the Post Office receiving the parcel must be obtained by the sender.

7. The sender must fill up a special trade charge card with all the particulars required on the card, except the number of the parcel and those in the space headed "Service Instructions". No erasure or alteration of the entry of the amount of the trade charge is allowed. If the sender desires to correct the entry of the amount he must make out a fresh card.

8. (i) The despatch fee payable on a cash-on-delivery parcel posted in Malaya shall be prepaid by the sender at the time of posting.

(ii) The delivery fee payable in respect of an incoming cash-on-delivery parcel shall be paid by the addressee in addition to the trade charge.

9. The trade charge on a cash-on-delivery parcel may not be altered or cancelled after acceptance of the parcel by the Post Office.

10. (i) There shall be charged and paid on every cash-on-delivery parcel in addition to the postage and any other charges payable on such parcel the following fees :

(a) On every parcel posted in Malaya—

(1) If the parcel is addressed to a place in Malaya, Johore, Kedah including Perlis, Kelantan or Trengganu a despatch fee equivalent in amount to the ordinary commission charged on a money order to the same destination of the same value as the trade charge to be collected.

(2) If the parcel is addressed to a place other than those mentioned in (1) with which the cash-on-delivery service is in operation, a despatch fee amounting to 20 cents for the first \$10 plus 10 cents for each subsequent \$10 or fraction thereof to be collected.

(b) On every parcel delivered in Malaya a delivery fee of 15 cents.

(ii) If the trade charge is expressed in a currency other than that of the Straits Settlements the above despatch fees shall be based on the equivalent amount in Straits Settlements currency at the rate of exchange published by the Post Office on and for the date of posting.

11. The sender must indicate on the cover of the parcel and on the relative Customs declaration, if one is used, whether in the event of its non-delivery it shall be (1) treated as abandoned or (2) tendered for delivery at the second address. No other alternative is permissible. A request for delivery at a second address without payment of the trade charge cannot be admitted.

12. All undeliverable cash-on-delivery parcels, unless the sender has requested their abandonment, are returned to the sender at his expense without previous notification. The period of retention is 15 days; 8 days at the disposal of the first addressee and 7 days for the second addressee if an alternative address is given.

13. Particulars of the delivery fee charged in the other countries participating in the service are furnished in the table. The fee is collected from the addressee of the parcel; and no deduction in respect of it is made from the amount of the trade charge money order.

14. Upon delivery of a cash-on-delivery parcel the relative trade charge order will be issued to the sender of the parcel free of charge. A trade charge once collected shall in no circumstances be refunded to the addressee of the parcel.

15. (i) Where the trade charge on an outgoing cash-on-delivery parcel is expressed by the sender in Straits Settlements currency and the country of delivery of the parcel requires the trade charge to be expressed in its own or in some other currency, the conversion will be made by the Post Office accepting the cash-on-delivery parcel from the sender, and the rate of conversion shall be the paying rate in the foreign currency as published on the date of posting of the parcel.

(ii) Where the trade charge on an incoming cash-on-delivery parcel is expressed in a currency other than Straits Settlements the conversion rate shall be the issuing rate in that currency as published on the date of arrival of the parcel in Malaya.

16. Before a trade charge order in respect of a cash-on-delivery parcel posted in Malaya is paid, the production of the certificate of posting of such parcel may be required.

17. When a cash-on-delivery parcel is received for delivery at a Post Office in Malaya, the Postmaster may, instead of delivering the parcel at the address written thereon, give notice to the addressee of the arrival of the parcel. The parcel shall in such circumstances be delivered to the addressee at the Post Office on his application within the hours fixed for the delivery of parcels and upon payment of the trade charge and all other charges due on the parcel.

CASH-ON-DELIVERY—INSURANCE.

47

18. The Post Office shall not incur any liability in respect of the sum specified for remittance to the sender of a cash-on-delivery parcel, unless and until that sum has been received from the addressee of the parcel and unless a claim for that sum has been preferred by the sender of the cash-on-delivery parcel within one year from the date of posting of the parcel.

19. No cash-on-delivery parcel will be given up or allowed to be opened by the addressee until the amount of the trade charge, the delivery fee and any other charges due have been paid. But the addressee will see from the entry on the parcel the name and address of the sender who must have sent the parcel in fulfilment of an order.

20. No receipt will be given for the trade charge which is collected.

21. Cheques will not be accepted in payment of trade charges unless sufficient time is allowed for clearance before the parcel is delivered.

22. Parcels on which trade charges are to be collected will, in other respects than those above specified, be treated like other parcels—e.g., as regards insurance and compensation.

CHAPTER XXVII.

INSURANCE.

1. The Post Offices at which insurance business is transacted are marked "I" in the list of offices published in this Guide.

2. Letters, boxes and parcels may be insured at the Head Post Offices at Singapore, Penang, Malacca, Labuan, Kuala Lumpur, Ipoh, Seremban and Taiping for any sum not exceeding \$3,400 and at all other Post Offices participating in the service for any sum not exceeding \$500, subject to the limit of insurance appearing against the country of delivery in the Letter Post Schedule and in the Table of Parcel Post Rates.

3. In no case may the insured value exceed the real value of the contents of the insured article.

Letters.

4. The letters to which the insurance system is applicable are those which contain valuable paper (bank notes, currency notes, bonds, coupons, securities, etc.), or valuable documents (plans, estimates, contracts, etc.). Such articles, if liable to Customs duty, may only be sent in insured letters to those countries which admit dutiable articles by letter post. Post-cards, packets of printed papers or commercial papers, sample packets, or letters which contain articles other than those above-mentioned, cannot be insured. An object of value which cannot be sent in an insured letter may generally be sent in an insured parcel.

5. Letters intended for insurance must be presented at the counter of the Post Office. They must not be dropped into a letter-box. The cover of the letter must bear an entry of the sum for which it or its contents are to be insured.

6. Every letter intended for insurance must be enclosed in a strong envelope made up in one piece of material which will allow the seals to adhere completely. The envelope must be securely fastened and sealed by means of identical seals in fine wax, with spaces between, reproducing a private mark, and affixed in sufficient number to secure all the folds of the envelope. Seals must be placed over each flap or seam of the cover of a packet. The use of envelopes with coloured borders or transparent panels is not allowed. No labels may be affixed except those of the postal service. Every letter must be made up in such a manner that its contents cannot be tampered with without external and visible damage to the envelope or the seals.

The seals on an ordinary envelope should be placed as shown below:

7. Letters which, although addressed to a country or place to which the insurance system does not extend, have been irregularly insured, will be returned to the senders.

8. A fresh insurance fee is not payable in respect of a re-directed insured letter. No insured letter may be re-directed to a country or place to which the insurance system does not extend.

9. Insured letters cannot be sent by all the routes available for ordinary correspondence, and therefore may occupy a longer time in transit.

10. The only declaration as to contents or value allowed on the cover of an insured article (except such declaration as is required for Customs purposes) is the value for which the contents are insured.

INSURANCE.

49

Boxes.

11. Articles of gold and silver, coin, platinum, precious stones, jewellery or other precious articles which are prohibited from transmission by ordinary, registered or insured letter post may be sent in the letter mails as "insured boxes" to the under-mentioned places :

British Empire.

Aden	Gambia	Leeward Islands
Barbados	Gibraltar	Malta
Bermuda	Great Britain and Northern Ireland	Newfoundland
British Guiana	Grenada	New Zealand
British Honduras	Hong Kong	North Borneo
Brunei	India	Palestine
Ceylon	Irish Free State	Sarawak
Cyprus	Johore	St. Helena
Falkland Islands	Kedah and Perlis	St. Vincent
Federated Malay States	Kelantan	Straits Settlements
Fiji Islands		

Foreign Countries.

Albania	France	Manchuria, Japanese Agencies in
Algeria	French Cameroons	Mauritania
Argentine Republic	French Equatorial Africa	Morocco (except Spanish Zone)
Austria	French Guiana	Netherlands Indies
Belgian Congo	French Guinea	Portuguese Timor
Belgium	French Sudan	Portugal
Brazil	French Togoland	Portuguese West Africa
Bulgaria	French West Indies	Saudi Arabia (Kingdom of) (Mecca and Jedda only)
Cape Verde Islands	Germany	Senegal
Chile	Holland	Sweden
China	Hungary	Switzerland
Chosen	Indo-China	Syria
Crete	Italy	Tunis
Czecho-Slovakia	Ivory Coast	Turkey
Dahomey	Japan	Yugo-Slavia
Danzig (Free City)	Libya	
Denmark	Lithuania	
Egypt	Luxemburg	
Estonia	Madeira	

12. The postage to be prepaid is 8 cents per 2 ounces, with a minimum charge of 40 cents.

13. The prepayment of all charges on an insured box, namely, the postage and insurance fees, is compulsory.

14. An insured box must not exceed 2 lbs. in weight and must not measure more than 12 inches in length, 8 inches in breadth and 4 inches in height.

15. The under-mentioned classes of articles are specially prohibited from transmission in insured boxes :

- (a) Letters, notes or documents having the character of actual and personal correspondence.
- (b) Bank notes, currency notes or securities payable to bearer.
- (c) Living animals.
- (d) Coin or bullion exceeding \$50 in value, except coin obviously intended for the purposes of ornament.

It is, however, permissible to insert in an insured box an open invoice confined to the particulars which constitute an invoice and also a simple copy of the addressee's name and address and the name and address of the sender.

16. Dutiable articles may be sent in insured boxes, the contents of which are generally subject to the same Customs and other legal requirements as apply to goods sent by parcel post. Every insured box must be accompanied by a Customs declaration prepared by the sender. Customs declarations of the non-adhesive type as used for parcels should be used, but the heading "PARCEL" in column 1 should be altered to "INSURED BOXES—BOÎTES AVEC VALEUR DÉCLARÉE". The Customs declarations must be prepared with great care and must specify the style of packing and include a description of the box, its gross weight and the total value of the contents. The net weight and value of each of the different articles contained in the box must also be shewn separately. The number of Customs declaration forms required to accompany an insured box is indicated in the Letter Post Schedule.

17. The box used for packing must be strongly made of metal or wood and when a wooden box is used the wood must be at least one-third of an inch thick

18. An insured box must be tied crosswise with a single strong string (not two or more pieces joined together), the two ends of the string being held together under a seal of fine wax bearing a private mark. The box must also be sealed on the four sides with seals identical with that used for the ends of the string. The box must not be wrapped in paper but the surfaces of the top and bottom must be covered with white paper for the inscription of the addressee's name and address and the insured value of the contents and for the impression of the official stamps.

Parcels.

19. Every insured parcel must be packed carefully and substantially, with due regard to the nature of the contents and the length of the journey, and must be sealed with wax, lead or steel bearing a private mark, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. For instance, seals must be placed over each join or loose flap of the covering of a parcel; and, if string be used in packing a seal must be placed on the ends of the string where they are tied. It is strongly recommended, when possible, that an impression of the seal used on parcels should be made on the counterfoil of the despatch-note.

20. Parcels containing precious stones, jewellery, or any article of gold or silver, must be enclosed in strong boxes or cases, which must be sewn up or otherwise fastened in wrappers of linen, canvas, strong paper or other substantial material. In such case the seals must be placed along the edges of each join or loose flap at distances not more than three inches apart. The address of such parcels must be written in ink on their actual covering.

21. The transmission by parcel post of coin or bullion exceeding \$50 in value, except coin clearly intended for purposes of ornament, is prohibited.

22. Where the insurance system is restricted to particular Post Offices in the country of delivery, parcels intended for destinations beyond those Post Offices are regarded as insured only for that part of the journey which terminates at one or other of the offices named as participating in the insurance system. In such cases the cover of the parcel must be inscribed by the sender "To be insured as far as the service permits."

23. If an insured parcel is re-directed from one country to another fresh postage and insurance fee is payable, provided that no insured parcel shall be re-directed to a country or place which does not participate in the exchange of insured parcels; if re-directed within the Straits Settlements to a place in the Straits Settlements or within the Federated Malay States to a place in the Federated Malay States fresh postage only is payable. Exceptionally, this regulation shall not apply where the parcel is, or would be, delivered from the same Post Office both at the original address and at the address to which the parcel is re-directed, in which case no postage or insurance fee shall be payable.

Insurance Fees.

24. The fees payable for insurance, including registration, are as follows :

When the value insured does not exceed \$100 ... 30 cents

Every additional \$100 or fraction thereof ... 15 ,,

25. The fees for insurance are in all cases in addition to the postage.

26. All postage, registration and insurance fees chargeable on a letter, box or parcel must be prepaid at the time of posting.

27. When stamps are employed for prepayment of insured articles as few as possible must be used. They must not be folded over the edge of the cover; and when more stamps than one are used, they must be affixed with spaces between them.

28. The limit of insured value is \$3,400.

General Regulations.

29. Insured articles have all the safeguards of the registration system; and subject to the following regulations, compensation may be paid if an insured article or any part of its contents is lost or damaged in the post.

30. An insured article may not be addressed to initials or in pencil. The full address without erasure or correction must be written in Roman characters on the envelope or cover.

31. A certificate of posting must always be obtained by the sender of an insured article. He may also obtain an "Advice of Delivery" for an insured article under the same conditions as those applicable to registered letters.

32. All the seals on an insured article must be of the same kind of wax (or lead or steel in the case of parcels), and must bear distinct impressions of the same private device. Coins must not be used for sealing; and the device must not consist merely of straight, crossed or curved lines which could readily be imitated.

33. If an article tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless, the onus of properly enclosing, packing, and sealing the packet lies upon the sender; and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

34. The amount for which the article is insured must in all cases be expressed in local currency.

35. The amount must be written by the sender on the address side of the article in words in Roman characters and in Arabic figures without erasure or correction even if certified; thus "Insured for two hundred and fifty dollars (\$250)." The amount must also, in the case of a parcel, be entered on the despatch note, if one is used.

36. No letter, box or parcel can be insured for more than :

- (a) The sum representing the limit of insurance in the country or place to which it is addressed, or the limit of insurance authorised at the office of posting whichever is the less.
- (b) Its actual value, but the insurance of a part only of that value is permitted. The amount of the insured value of papers which represent value by reason of the cost of preparation may not exceed the cost of replacing these documents in case of loss. A parcel of which the contents have no saleable value may be insured for a nominal sum in order to obtain the safeguards of the insurance system.

37. Insured articles cannot be sent by all the routes available for ordinary postal articles and may therefore be detained until they can be despatched by an authorised route or vessel.

38. In these rules :

- (1) The expression "coin" means coin of all kinds whether or not current in the Straits Settlements or Federated Malay States or elsewhere, except such as is used or designed for purposes of ornament.
- (2) The expression "bullion" means uncoined and unmanufactured gold or silver (as the case may be).
- (3) The expression "paper money" means—
 - (a) bank notes and currency notes of all sorts, whether current in the Straits Settlements or Federated Malay States or elsewhere;
 - (b) money orders and postal orders;
 - (c) unobliterated postage or revenue stamps;
 - (d) exchequer bills, bank post bills, bills of exchange, promissory notes, cheques, credit notes which entitle the holder to money or goods, and all orders and authorities for the payment of money, whether negotiable or not; and
 - (e) bonds, coupons and securities for money, whether negotiable or not.
- (4) The expression "jewellery" means—
 - (a) gold or silver in a manufactured state, that is to say, a state in which value is added to the raw material by skilled workmanship, and in this definition are included any coins used or designed for purposes of ornament;
 - (b) diamonds and precious stones;
 - (c) watches, the cases of which are entirely or mainly composed of gold or silver; and
 - (d) any article of a like nature which, apart from the workmanship, has an intrinsic or marketable value.

39. In extraordinary circumstances, such as will justify the measure, the Director-General may, on condition of his giving immediate notice, temporarily suspend the insurance system either wholly or partially.

Delivery of Insured Articles.

40. No insured article will be delivered until the addressee or his representative, has signed with ink or copying ink pencil a receipt in the prescribed form, presented to him for signature, together with the relative "Advice of Delivery," if there be one. Where such person or his servant or agent refuses to give such a receipt the article may be withheld and dealt with or disposed of in such manner as the Director-General may in his discretion direct or authorise.

41. Articles insured for more than \$100 are delivered only at a Post Office counter. Articles insured for \$100 or less are normally delivered by Postmen but it is within the discretion of the officer in charge of the delivery office to require the addressee to take delivery at the Post Office. In the Federated Malay States only, a fee of 10 cents for clearance through the Customs is charged on every insured letter, letter-packet or box, and 20 cents on every insured parcel on which Customs charges are levied.

Compensation.

42. Compensation for the loss or damage of an insured article or its contents while in the post will not exceed the amount of the actual loss or the amount of the insured value and will not be paid at all for any letter or parcel which has been delivered without external trace of injury and accepted without remark by the addressee; nor will compensation be given when loss arises from tempest, shipwreck, earthquake, war or other causes beyond control.

43. No compensation either for loss or damage will be given where—

- (a) a letter, box or parcel contains any article which may not, under the regulations in force for the time being, be lawfully sent by the post by which it is in fact sent;
- (b) the loss or damage has been caused by the fault or negligence of the sender, due to improper or insecure packing or otherwise or arises from the nature of the article;
- (c) the insurance has been fraudulently made for a sum above the real value of the contents, or there has been any other fraud on the part of the sender or addressee;
- (d) the insured article cannot be traced in consequence of the destruction of the documents relating to it from causes beyond control;
- (e) the insured article has been accepted contrary to any of the rules under this section;
- (f) the contents of the article are likely to become offensive through natural decay during the time occupied in transmission;
- (g) the insured article has been seized by the Customs authorities by reason of a false declaration of its contents.

44. No compensation will be given in respect of damage to :

- (a) A letter, box or parcel containing any article of an exceptionally fragile character or any article which from its nature cannot with reasonable safety be sent by post;
- (b) A letter, box or parcel containing a perishable article;
- (c) A letter, box or parcel containing a fragile article which is not marked "fragile, with care."

45. In the Federated Malay States no compensation either for loss or damage will be given in respect of a letter containing any paper money, unless it be enclosed in a registered letter envelope provided by the Director-General; and

- (a) If containing any bank note, unless the name of the bank of issue, and number and amount, and (where necessary) the date of the note be supplied when required;

- (b) If containing any postal order, unless the amount and number of such order be supplied when required;
- (c) If containing any bill of exchange, bond, coupon or other order or authority for the payment of money or security for money, unless particulars sufficient to identify the document be supplied when required.

46. In no case will the Director-General give compensation for injury or damage consequent upon the loss, damage or delay of a letter, packet or parcel, or of any article contained therein.

47. Where compensation is given for the loss of an insured letter, box or parcel or of any article contained in an insured letter, box or parcel the Director-General will take over, up to the amount paid, the rights of the person who has received compensation. If ultimately, however, an article regarded as lost is found in whole or in part the person to whom compensation has been paid will be advised that he has the option of taking possession of it against re-imbusement of the amount of compensation paid.

48. The Director-General may in every case either of loss or damage, if he thinks fit, reinstate the contents of a letter, box or parcel instead of giving pecuniary consideration.

49. No legal liability to give compensation in respect of any letter, box or parcel for which an insurance fee has been paid attaches to the Director-General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss has taken place.

Claims for Compensation for Insured Articles.

50. Applications for compensation should be addressed to the Controller of the Post Office in the respective Settlement or State. In the case of letters, boxes or parcels exchanged between any Post Office in the Straits Settlements or Federated Malay States and any other Post Office in the Straits Settlements, the Federated Malay States, Johore, Kedah, Kelantan, Perlis or Trengganu, claims for compensation must be made within one month after the date on which the article was posted, or within 48 hours of the time of its delivery. The certificate of posting must be produced when required.

51. In the case of articles addressed to places beyond the Straits Settlements, the Federated Malay States, Johore, Kedah, Kelantan, Perlis or Trengganu, no claim for compensation will be admitted if made more than a year after the article was posted.

52. Where the application relates to the damage of a letter, box or parcel or to the damage or loss of any article contained therein, the letter, box or parcel should be retained for inspection as nearly as possible in the state in which it was delivered.

53. Where a letter, box or parcel when delivered bears signs of injury, the recipient should call attention to the fact of such injury at the time of delivery, and, if possible, open the article in the presence of an officer of the Post Office. In such a case the contents of the letter, box or parcel will be verified and entered in an inventory, which will be prepared in duplicate, and must be signed by the addressee.

54. Compensation is payable to the sender.

55. In case of loss of the insured article or of complete destruction of its contents, and if compensation is paid to the sender, the latter is also entitled to repayment of the postage charges.

56. When an enquiry has arisen from an error on the part of the postal service the postal enquiry fee is also repaid.

POSTAL ORDERS.

55

CHAPTER XXVIII.

POSTAL ORDERS.

1. The term "Malayan postal order" means a postal order issued by the Malayan Postal Union, and with the value shown in Straits Settlements currency.

The term "British postal order" means a postal order issued by the British Post Office, and with the value shown in sterling.

2. The following are the denominations of postal orders sold, and their sale price, including commission, to the public:

Malayan Postal Orders.

Denomination.	Sale price.	Denomination.	Sale price.
\$ c.	\$ c.	\$ c.	\$ c.
50	54	2 50	2 55
1 00	1 04	3 00	3 06
1 50	1 54	4 00	4 08
2 00	2 04	5 00	5 10

British Postal Orders.

Denomination.	Sale price.	Denomination.	Sale price.
s. d.	\$ c.	s. d.	\$ c.
6	29	5 0	2 24
1 0	51	7 6	3 31
1 6	72	10 0	4 39
2 0	94	12 6	5 48
2 6	1 15	15 0	6 55
3 0	1 39	20 0	8 75
4 0	1 81	21 0	9 18

3. The sender of a Malayan postal order may increase its value by an amount not exceeding 49 cents by affixing the face of the order not more than three unused postage stamps; such stamps must be valid in the Malayan Postal Union or in the administration in which the postal order is purchased.

4. The sender of a British postal order may increase its value by an amount not exceeding five pence (eighteen cents) by affixing to the face of the order unused stamps valid in the Malayan Postal Union and not exceeding two in number. The equivalents are 1d., 4 cents; 2d., 7 cents; 3d., 11 cents; 4d., 14 cents. No fractions of a penny will be paid.

5. No credit will be given for stamps that are in excess of the number allowed, or that are affixed elsewhere than in the spaces provided. Stamps perforated with initials or marks, or embossed or impressed stamps cut out of envelopes, postcards, etc., cannot be used for this purpose.

6. Postal orders do not, like currency notes, represent value in themselves. If an order is lost or stolen, no person into whose hands it may fall, though himself innocent, is entitled to receive the amount of the order. The rightful owner is alone entitled to cash the order; and, if the remitter has taken the precaution of filling in the name of the payee, it is open to the rightful owner to take legal action for the recovery of the amount from the person who negotiated the order.

7. The purchaser of a postal order must, before parting with it, fill in the name of the person to whom the amount is to be paid, and he should fill in the name of the office of payment as a precaution in case the order should be lost or stolen. If the purchaser does not know which Post Office is most convenient to the payee, he should insert the name of the town, village or district where the payee resides. The order will then be paid at any Post Office in the place named.

8. Should the sender of a postal order know that the payee has a bank account, it is recommended that, in addition to filling in the name of the payee, the sender should cross the order in the way in which it is usual to cross cheques. A crossed order will be paid only through a bank; and, if the name of the banker be added, payment will be made only through that banker.

9. The purchaser of a postal order should tear off and retain the counterfoil. Although, in the event of a postal order being lost, the possession of a counterfoil does not entitle the holder to reimbursement, it facilitates enquiry. The counterfoil will be date stamped on the back to shew the office and date of purchase.

10. Malayan postal orders can be cashed at any Post Office in Malaya, Johore, Kedah, Kelantan, Trengganu or Brunei. (*Note*.—Malayan postal orders are sold but not cashed at Railway postal agencies in Malaya). British postal orders can be cashed in Great Britain and Northern Ireland, and in the under-mentioned British Possessions and places where British Postal Agencies are maintained, but not elsewhere:

Aden	French India (Chander-nagor, Karikal, Mahé, Pondicherry and Yanaon)	*Nyasaland Protectorate

	*New Zealand	*Turks and Caicos Islands
	*Nigeria	*Uganda
	*North Borneo	*Zanzibar

† Postage stamps to be recognised for Cook Islands should bear the inscription "Raratonga".

† Malayan postage stamps are valid for extending up to 5d. the value of British postal orders issued in Johore, Kedah, Kelantan, Trengganu and Brunei.

* See paragraph 12.

|| British postal orders are paid but not issued in the Irish Free State.

§ The postage stamps used at the Agency of the Iraq Post Office at Kuwait (Koweit) on the Persian Gulf are Indian postage stamps overprinted "Kuwait".

POSTAL ORDERS.

7 0 ...	3 00	14 0 ...	6 00		

Irish Free State postal orders can be cashed in Malaya under the conditions applying to British postal orders.

12. Postage stamps of the countries and colonies marked* in the list given in paragraph 10 are paid up to the value of 5d. (excluding fractions of a penny) when affixed to British postal orders. Postage stamps of British Agencies are not recognized for this purpose if the value has been overprinted in local currency. In calculating the amounts to be paid in Malaya the following table of equivalents is used:

Country.	Currency.	EQUIVALENT OF				
		1d.	2d.	3d.	4d.	5d.

13. If a postal order be not paid within six calendar months from the last day of the month of issue, a second commission will be charged, and must be paid by affixing postage stamps of the required amount to the back of the order. This second commission shall be the equivalent of the original commission for Malayan postal orders, and shall be at the following rates for British postal orders: 6d. to 2/6, 8 cents; 3/- to 11/6, 10 cents; 12/- to 17/6, 12 cents; 18/- to 21/-, 18 cents. **Before payment of such an order is made authority must be obtained from the Accountant-General.**

14. The person named as the payee must, before payment is made, sign the receipt at the foot of the order, and must also fill in the name of the office of payment, if this has not already been done. A Postmaster may require the person presenting the order to sign his name on the order before payment, although the receipt has already been signed.

15. No postal order will be paid, even though presented for payment by a Banker, unless the name of the payee be inserted in the body of the order.

16. After a British postal order has once been paid, to whomsoever it may have been paid, the Director-General shall not be liable for any further claim.

17. If any erasure or alteration is made, or if the order is cut, defaced or mutilated, payment may be refused.

18. The sender of a postal order may obtain repayment of the amount (but not the commission) on presenting the order and the counterfoil at the issuing office. If the order has been crossed for payment through a Bank the sender must first cancel the crossing by writing across the face of the order the words "Please pay cash" and adding his initials.

19. An application respecting a postal order that is stated to have miscarried, or to have been lost or destroyed, should be accompanied by the counterfoil and should state:

- (i) The precise circumstances in which the enquiry is made.
- (ii) Whether the order was filled in or crossed, and, if so, how.
- (iii) The Post Office at which and the date the order was purchased.
- (iv) If the order was sent by post:
 - (a) The nature of the packet and the amount of postage paid.
 - (b) Whether the whole packet or only the postal order is missing. If the latter, the cover should be enclosed.
 - (c) The name and address of the sender.
 - (d) The name and address of the addressee.
 - (e) The date, hour and exact place of posting.

If the counterfoil cannot be produced or the serial number quoted, search will be difficult and is less likely to be fruitful. The British Post Office imposes a fee of 2/- (86 cents) for the search for any order of greater value than 2/6 in these circumstances, and will not undertake the search for an order of a value not exceeding 2/6 unless the counterfoil is produced or the serial number quoted.

MONEY ORDERS.

59

CHAPTER XXIX.

MONEY ORDERS.

1. Money order business is transacted at all Post Offices during the hours they are open between 8 a.m. and 5 p.m. except on Public Holidays, Bank Holidays and Sundays.

2. Money orders are issued for payment in the Straits Settlements, Federated Malay States or any of the countries or places named in the list of Foreign and Colonial Money Order Services.

3. The Director-General may at any time suspend the issue of money orders at or upon any post office or country.

4. Money orders shall be expressed in the currency shown against the country of payment in column 3 of the list at the end of this Guide of Foreign and Colonial Money Order Services.

Currency and Rates of Exchange.

5. The amount of a money order expressed in other than Straits Settlements currency is paid to or by the Postal Department at such rate of exchange as the Director-General announces. Information regarding rates of exchange can be obtained from any Post Office.

Rates of Commission.

6. The rates of commission on money orders issued are as follows:

(a) Inland money orders, i.e., money orders issued on the Straits Settlements, Federated Malay States, Johore, Kedah, Kelantan, Trengganu and Perlis:

For sums not exceeding \$100	...	...	...	...	20 cents
„ exceeding \$100 and not exceeding \$150	...	...	...	...	30 „
„ „ 150	„	„	200	...	40 „
„ „ 200	„	„	250	...	50 „
„ „ 250	„	„	300	...	60 „
„ „ 300	„	„	350	...	70 „
„ „ 350	„	„	400	...	80 „

(b) Foreign money orders, i.e., money orders for all places not mentioned in paragraph 6 (a) above—

For sums not exceeding \$20	...	...	...	...	20 cents
„ exceeding \$ 20 and not exceeding \$ 30	...	...	...	...	30 „
„ „ 30	„	„	40	...	40 „
„ „ 40	„	„	50	...	50 „
„ „ 50	„	„	60	...	60 „
„ „ 60	„	„	70	...	70 „
„ „ 70	„	„	80	...	80 „
„ „ 80	„	„	90	...	90 „
„ „ 90	„	„	100	...	\$1.00

„ „ 175	„	„	200	...	2.00
„ „ 200	„	„	300	...	2.50
„ „ 300	„	„	400	...	3.00

Orders on Netherlands Indies and China that exceed \$400 will be subject to additional commission at the appropriate rate for the amount in excess of \$400.

(c) Money orders advised through the under-mentioned countries for payment in another country are subject to deductions which are made from the amount of the order by the country which acts as intermediary. The amounts of such deductions are as follows:

Through Australia—

3*d.* for each £5 or fraction of £5.

Through Ceylon—

Orders from Straits Settlements 19 cents of a rupee for each Rs. 75 or fraction of Rs. 75.

Orders from Federated Malay States no deduction.

Through India—

1 anna for sums not exceeding Rs. 10.

2 annas for sums exceeding Rs. 10 but not exceeding Rs. 25.

For sums exceeding Rs. 25, 2 annas for each complete sum of Rs. 25 and 2 annas for the remainder, provided that if the remainder does not exceed Rs. 10, the deduction for it shall be only 1 anna.

The foregoing rates of deduction do not apply in the case of money orders sent through the intermediary of the Indian Post Office for payment in countries to which the amount is advised onward from India in sterling. Such orders are converted at Bombay into sterling at the rate current in India for the issue of sterling money orders, and are subject to a deduction of 2*d.* for sums not exceeding £1 and approximately 1*d.* for each succeeding £1 or fraction of £1.

Through Great Britain—

2*d.* for each £1 or fraction of a £1 with a minimum charge of 4*d.*

Through Hong-Kong—

$\frac{1}{2}\%$ of the value of the money order.

Through Netherlands Indies—

25 cents for sums not exceeding 25 guilders.

50 cents for sums exceeding 25 guilders but not exceeding 75 guilders.

62½ cents for sums exceeding 75 guilders but not exceeding 100 guilders.

50 cents for each additional 100 guilders.

Limit of Amount.

7. The maximum amount of a single money order is as shown against the country of payment of the order in column 3 of the list of Foreign and Colonial Money Order Services.

8. No order may contain a fraction of a cent, penny or anna.

Mode of Application.

9. The remitter of a money order must enter in ink in a money order application form, obtainable at any Post Office, the particulars required therein. No alteration or erasure is permitted in a money order application form in respect of the amount or name and address of the payee. The names of the remitter and payee must include the surname and at least the initial of one Christian name. If the remitter is unable to state the Christian name, he should mark the application form accordingly and the money order will be issued at his risk. Asiatic names should be stated with such completeness as to ensure proper identification; e.g., the name of a native of India should include the father's name, the name of a Malay should include the "Bin" and a Chinese name should include the "Seh". The usual designation or title of a firm, company, society, Government official, etc., is sufficient. For orders drawn on China, Macao, Japan, Chosen, Formosa the names of the payees, if Chinese or Japanese, should be given in full without abbreviations of any kind, and the name and address of the payee in Chinese or Japanese characters, must be furnished on a separate form.

MONEY ORDERS.

61

10. For all orders on foreign countries for which a receipt is handed to the remitter it is essential that the full and precise address of the payee be furnished in order to ensure correct payment.

11. The issuing officer will hand to the remitter either:

- (a) A money order to be forwarded to the payee for presentation at the office of payment or
- (b) A money order receipt to be retained by the remitter.

In the latter case payment is effected by means of an order issued by the Postal Administration of the country on which the order is drawn. The list of Foreign and Colonial Money Order Services shows which system applies to each country.

Advice of Payment.

12. The remitter of a money order payable in the Straits Settlements, Federated Malay States or in any of the countries against which the letters A.P. appear in the list of Foreign and Colonial Money Order Services may, on payment of a fee of 12 cents at the time of purchase of the order, obtain an official advice of payment. Applications for an advice of payment made at any time subsequent to the purchase of the order must be accompanied by a fee of 24 cents. Paragraph 35 refers to telegraph money orders.

Payment of Money Orders.

13. (a) When a money order as described in paragraph 11 (a) above has been issued the person in whose favour it is made payable must sign the order and present it, either personally or through an agent, at the office of payment shown thereon. The person presenting the order must state the name of the remitter. If the names of payee and remitter as shown on the advice at the paying office agree with the receipting signature on the order and the name of the remitter as furnished by the applicant, payment will be made to the applicant unless the paying officer has reason to believe that the person presenting the order is neither the payee nor his agent.

(b) When no money order has been issued any person who claims payment of an order must furnish satisfactory evidence that he is the person entitled to receive the money must state the name of the remitter and sign a receipt for the money.

(c) If the payee is unable to write and is also unable to produce a responsible identifying witness known to the Postmaster, he must affix his thumb impression on the money order. If he produces a satisfactory witness, he will be allowed to make his mark on the order by means of a cross and the witness will sign his (the witness's) name and address below the mark.

(d) If the payee is unable to sign his name in Roman characters but is able to sign in some other characters his signature in the latter characters will be accepted provided that it can be read and confirmed by a member of the staff at the paying Post Office. If no member of the staff can read the signature, a responsible witness or, in default of such witness, a thumb impression will be required.

(e) If the payee is able to sign in Roman characters the signature will be accepted without witness or thumb impression.

(f) The receipting signature on the money order must be that of the payee or a person duly authorised in writing by the payee to receive money on his behalf.

Payment through a Bank.

14. A money order payable in Malaya or in Great Britain and Northern Ireland may be crossed for payment through a Bank by the remitter or payee. An order so crossed will be paid only to a Bank. When a crossed order is presented by a person known to be in the employment of the Bank in whose favour the order is crossed, the formalities observed on presentation in the ordinary way will be dispensed with.

PERIOD FOR WHICH ORDERS ARE VALID.

15. (1) Orders payable and issued in Malaya (Straits Settlements and Federated Malay States) remain valid for six months from the last day of the month of issue with the following exceptions:

Country.								Period of validity.
Siam	...	...	...	...	...	...	...	Three months
China	...	...	...	...	...	...	...	} Twelve months
United Kingdom		...	...	...	...	...	...	

After six months, orders from the Netherlands Indies can be paid only upon an authorisation of payment, which will be issued by the Post Office of origin of the money order. In no circumstances can a money order drawn on Malaya by any other place abroad be paid after the lapse of the period of validity.

(2) Orders issued on or by countries not shewn in the foregoing list usually remain valid for the same periods as those for orders issued on or by the countries through which they are sent (*see* list of Foreign and Colonial Money Order Services).

16. (1) After the lapse of the prescribed period a money order becomes void. Except as otherwise provided in sub-paragraph (2) next following no money order drawn on the Straits Settlements or Federated Malay States will be paid to the payee after the lapse of the period of validity.

(2) The value of a void order issued in the Straits Settlements or Federated Malay States will be refunded to the remitter. If he cannot be found the amount for which the order is drawn remains at the disposal of the remitter or payee for a period of three years (one year in the case of an order issued in the Federated Malay States) from the date of issue of the order. If no claim is made by the remitter or payee within this period the amount of the money order is not claimable from the Government.

Alterations in Particulars of a Money Order.

17. At any time before payment of a money order the name of the payee may be altered by the remitter who may also alter the name of the office of payment to any other money order office in the same country of destination. The office of payment of an order may also be altered at the request of the payee.

18. For any alteration in the particulars of a money order, for payment of a void order or for repayment of an order, a second commission equal to the original commission is charged, but not more than one such charge is made in respect of any one order. The fee for the issue of a duplicate order is 25 cents. Where a duplicate is required of an order which has been lost through any fault of the Postal Service the fee will be waived.

MONEY ORDERS.

63

Repayment of a Crossed Order.

19. If application is made for repayment of an order which has been crossed for payment through a bank the sender must first cancel the crossing by writing across the face of the order the words "Please pay cash" and adding his signature.

Wrong Payment or Delay in Payment.

20. After once paying a money order, by whomsoever presented, the Post Office is not liable to any further claim.

21. No application can be entertained for compensation for alleged injury from the non-payment of a money order at the expected time.

Abuse of System.

22. Should it appear that money orders are being used for the transmission of large sums of money or that the system is in any way being taken improper advantage of, the officer-in-charge of the Post Office can refuse to issue orders in any case where from the aggregate amount that would be issued to, or payable to, the same person, it may be evident that an evasion is being attempted.

Telegraph Money Orders.

23. Money orders may be advised by telegram from any money order office in the Straits Settlements or Federated Malay States which is also a Telegraph Office to any money order office which is also an office for the delivery of telegrams in the Straits Settlements, Federated Malay States, Johore, Kedah, Kelantan or Trengganu and to the under-mentioned countries:

Ceylon	India
Great Britain and Northern Ireland	Irish Free State

24. No single telegraph money order may exceed \$400, Rs. 600 or £40 according to the currency in which it is expressed. Telegraph money orders for India or Ceylon may not include fractions of a rupee.

25. The same remitter is not allowed to obtain in one day telegraph money orders for a sum exceeding \$400 in the aggregate drawn on the same office or payable to the same person.

26. The charges for telegraph money orders are as follows:

- (a) The charge for an ordinary money order to the country of payment including commission.
- (b) The charge for the official telegram of advice to the office of payment at ordinary rates or deferred rates, where available, as requested by the remitter.
- (c) A supplementary fee of 50 cents for orders on Great Britain and Northern Ireland, Irish Free State, India or Ceylon.

27. (1) The remitter must state on the application form whether the order is to be delivered at the address of the payee or to be called for at the office of payment. In the former case he must furnish an address of the payee sufficient to ensure delivery. In the latter case, the word "Post Office" or "Poste Restante" should be inserted as the address, and the remitter should inform the payee of the despatch of the order and of the name of the Post Office at which he must apply for it, unless this is already known to the payee.

(2) If the office of payment is not a Telegraph Office, the name of the nearest Telegraph Office should be written after the name of the office of payment. If the sender is unable to indicate the nearest Telegraph Office, the telegram of advice may be accepted at his risk, provided that the name of the country of destination is added after the name of the office of payment.

28. A registered abbreviated address cannot be accepted in place of the name of the payee, but it may be used as an address only if prefixed by the symbol c/o. The use of abbreviated addresses may, however, in some cases give rise to delay in payment. A registered abbreviated address may not be used in telegraph money orders from the Straits Settlements to India.

29. A receipt is handed to the remitter of every telegraph money order, and this receipt should accompany every enquiry concerning an order.

30. The person applying for payment must furnish the name of the remitter, and if the order is addressed "to be called for" at the Post Office, he must also produce evidence of his identity.

31. In the event of an application being made for payment of a telegraph money order by a person giving a name not in agreement with the name of the remitter or payee as advised by telegraph, or asking for an amount differing from the sum telegraphed, he may send a paid service telegram of enquiry to the office of issue to verify the name or amount. Should there prove to be an error in the telegram of advice due to the fault of the department the sum paid for the service telegram will be refunded.

32. The remitter may give directions for the order to be crossed for payment through a bank in which case he must pay for the insertion of the word "crossed" in the telegram of advice.

33. If it be desired to stop payment of a telegraph money order the remitter should apply in writing to the office at which the order was issued. The receipt and full particulars of the payee's name and address as entered in the money order should be forwarded with the application. Payment may be stopped by telegram, on the remitter paying the cost of the necessary service message. In no case, however, will the Post Office be responsible for inability or failure to stop payment of a money order in compliance with the remitter's wishes.

34. The remitter is allowed, on paying for the additional words required, to add to the official telegram of advice any short communication in English which he may wish to send to the payee. He may also, if he so desires, prepay the cost of a reply to such communication. The full rate per word is charged for the prepaid reply, the minimum charge being 40 cents.

35. If the remitter requires an advice of payment he must not only pay the usual fee of 12 cents but also the cost of including the letters AP which count as one word in the telegram of advice. The advice of payment will be sent by post.

36. Applications for alterations in the particulars of an order, for stopping payment or for repayment will be made in the ordinary course of post, unless the remitter pays the cost of a service message.

37. In other respects telegraph money orders are subject to the regulations which govern the transmission of ordinary money orders.

Air Mail Money Orders.

38. Money orders for Australia only, China, Great Britain and Northern Ireland, Hongkong and India and for places served through these countries may be advised by air mail. A special fee, not exceeding the combined air mail and postage fee on a letter not exceeding half an ounce addressed to the country to which the money order advice is sent, will be charged for an air mail money order in addition to the ordinary money order commission.

39. If the remitter of an air mail money order desires to gain full advantage from the use of the air mail he must not only himself send the money order by air in cases where the money order is issued to him but in all cases he must allow the Post Office the necessary time for the particulars to be notified by the next air mail.

CHAPTER XXX.

THE POST OFFICE SAVINGS BANK, STRAITS SETTLEMENTS.**THE POST OFFICE SAVINGS BANK, FEDERATED MALAY STATES.****General.**

A Savings Bank account may be opened with an initial deposit of \$1, or more, at any Post Office in the Straits Settlements or Federated Malay States; a passbook is issued in which transactions are recorded by written entry. Subsequent deposits and withdrawals are not restricted to the office at which the account was opened but may be made at whatever office best suits the depositor's convenience from time to time; provided that if the account has been opened in the Federated Malay States Bank subsequent transactions must be at a Federated Malay States Post Office, and if the account has been opened in the Straits Settlements Bank subsequent transactions must be at a Post Office within the same Settlement as that in which the account was opened.

2. If the initial sum offered for deposit is less than \$1, a savings card will be issued, on which stamps to the value of \$1 may be collected.

3. Home safes are sold at all Post Offices at fifty cents each. These are small money boxes in which money may be placed for deposit in the Savings Bank. The safe is locked when issued, but every Postmaster has a key which will open the safe when presented for deposit of the contents.

Persons who may become Depositors and Types of Accounts they may open.

4. Accounts may be opened by:

- (a) A person over seven years of age and not under legal disability.
- (b) A person on behalf and in the name of a minor under seven years of age.
- (c) The committee of the estate of a person of unsound mind on behalf of such person.
- (d) Two persons entitled to make a deposit, in their joint names.
- (e) A person (or persons) as trustee for another person.
- (f) A Judge, Registrar or Assistant Registrar of the Supreme Court or of a Court, District Judge and Assistant District Judge, Magistrate, Public Trustee, Official or Assistant Official Assignee, Official Administrator, Commissioner for Workmen's Compensation, Protector or Assistant Protector of Chinese, Controller or Deputy Controller or Assistant Controller of Labour, or other Government officer, with moneys paid into Court or received by him in his official capacity in trust for any person.

SAVINGS FACILITIES.

- (g) A registered, or recorded, or exempted society through its trustees or officers.
- (h) The men of a police force, the members of a regiment or of a cadet or scout corps, the employees of a Government department, municipality, estate or mine, the pupils of a school, the members of a congregation, or of any similar body of persons collectively by any person acting on their behalf.
- (i) Government departments or municipalities on behalf of Government servants, servants of municipalities, or contractors who are required by Government departments or municipalities to deposit security.

Restrictions.

5. A limited liability company operating for profit may not open a Savings Bank account on its own behalf; a limited liability company, the articles of which do not permit it to act as trustee, may not open a trust account.

6. A depositor shall not have more than one account open in each Savings Bank in his own name.

7. A minor (a person who has not completed the age of 18 years) may not open an account on behalf of an adult.

8. A depositor in a joint account may open an account in his own name but may not be a depositor in another joint account.

9. A person may not open more than one account on behalf of any one minor, but he may open any number of accounts on behalf of minors.

10. A person, either individually, or jointly with one or more persons, may make deposits as trustee for any number of persons and in any number of accounts. He may not have deposits made in trust for him by any person whose name appears in any of these accounts as the beneficiary, and he may not open more than one trust account for any one person.

11. A depositor in a joint account may not have an account as trustee for any person whose name appears in the joint account.

Limitations on Deposits.

12. The smallest deposit that may be made in an account at any time is one dollar. A deposit may not include a fraction of a dollar unless made in accounts 4 (g) and 4 (h) above.

13. An account may not be opened with an initial deposit of more than \$2,000, and may not at any time during the calendar year in which the account was opened have a credit balance exceeding \$2,000, exclusive of interest earned during the year.

14. The balance at credit of an account brought forward on January the first of any calendar year may not be increased at any time during that year by an amount exceeding \$2,000, exclusive of interest credited during the year.

SAVINGS FACILITIES.

67

15. When the total amount of principal to the credit of a depositor in an account amounts to five thousand dollars, and in the account of a society (registered, recorded or exempted) to ten thousand dollars, no further deposits shall be made.

16. There is ordinarily no limit to the amount that may be deposited in any one year or to the amount that may be kept at credit in accounts 4 (h) above; nevertheless the Director-General may at his discretion and without reason assigned impose on any such account the same limits as are imposed on the accounts of societies (registered, recorded or exempted).

17. The interest earned on accounts that have reached the limits allowed will be credited to the respective accounts, but will not be treated as an addition to principal.

Interest.

18. (i) Interest is payable at the rate of three per cent. per annum, and is credited to the depositor in respect of deposits from the beginning of the month following that in which they were made until the end of the calendar year, and is debited against the depositor in respect of withdrawals from the beginning of the month in which they were made until the end of the calendar year.

(ii) Where in the operation of this rule the interest debited exceeds the interest credited, no deduction is made from the principal standing to the credit of the depositor. The account is regarded as having earned no interest.

(iii) Interest is allowed on \$1 and upwards, but is not allowed on any fraction of a dollar.

Deposits.

19. **Cash.**—Sums deposited in cash must be made up to complete dollars.

20. **Cheques, Money Orders, Postal Orders and Dividend Warrants** will be accepted provided that the documents are payable at a Bank, Post Office or Treasury in the Straits Settlements and Federated Malay States. Deposits made by cheque, money order, postal order or dividend warrant may not be withdrawn until the actual payment has been received by the Savings Bank.

21. Every deposit must be immediately entered in the passbook by the officer who receives it, and this officer must affix his initials and the stamp of his office against the entry.

Acknowledgments.

22. All deposits for sums exceeding twenty-five dollars will be acknowledged on a special form from the Head Office of the Savings Bank. This acknowledgment will be posted direct to the depositor. If not received within 14 days of making the deposit, or if when the acknowledgment is received by the depositor it is in any way incorrect, the depositor should complain at once by letter to the Accountant-General, Central Accounts Office, Posts and Telegraphs, Kuala Lumpur.

23. No acknowledgment is sent for any deposit of \$25 and under.

Withdrawals.

24. A depositor may withdraw the whole or any part, exceeding twenty-five dollars, from his account, by means of a notice of withdrawal which he should post to the Superintendent, Savings Bank. If the request is in order, the Superintendent, Savings Bank, will send the depositor a warrant for the amount required, which warrant will be paid at the Post Office named thereon. Warrants issued on the last day of the month are dated as if issued on the first working day of the next month.

25. A depositor may withdraw any sum not exceeding \$25 from his account on demand. To do so he should fill up a notice of withdrawal form, and hand it with his passbook to the Post Office at which he wishes to receive payment. If his request is in order, if his passbook has been audited or his account opened since the first of January of the previous calendar year, and if he has not made a similar withdrawal within the previous seven days, he will receive immediate payment.

26. A depositor may withdraw any sum not exceeding \$100 from his account by telegraph, provided that not more than one such payment by telegraph shall be made within any period of seven days. To do so he should fill up the usual notice of withdrawal form and present it with his passbook and \$1.50 to the Post Office at which he wishes to receive payment. The Postmaster will prepare the necessary telegram of request and will despatch it to the Superintendent, Savings Bank. On receipt of the telegraphic reply authorizing payment from the Superintendent, Savings Bank, the depositor will be paid the amount authorized. The fee of \$1.50 is to cover telegraphic charges.

27. Every person named in a warrant must attend at the specified Post Office to receive payment or must execute an authority, in favour of some other person, to receive payment on his behalf. If attendance at the office specified on the warrant is not practicable, the Superintendent, Savings Bank, will, on return of the warrant, arrange payment at some other Post Office.

28. A warrant should be cashed without delay or returned to the Superintendent, Savings Bank, to be cancelled. Any warrant more than six weeks old cannot be paid without special reference to the Superintendent, Savings Bank.

29. The depositor's passbook must be produced when any transaction or enquiry is being made.

Joint Accounts, Trust Accounts, Public Accounts and Conjoint Accounts.

30. When an account stands in the name of more than one person, the signatures of all are necessary on the notice of withdrawal. Payment of the money can, however, be made to any one of the parties if a request to that effect is made by all the parties in the notice of withdrawal.

31. All changes of persons operating accounts on behalf of societies and bodies of persons should be notified to the Superintendent, Savings Bank. The Superintendent, Savings Bank, will arrange through the Postmaster for the new signatures to be taken on the necessary forms and in the passbook.

Transfers.

32. A depositor may transfer his account, or part of his account, to another depositor in the Straits Settlements or Federated Malay States Savings Bank, or to an account in the Savings Banks of Great Britain and Northern Ireland, or the Savings Bank of the Irish Free State, India, Johore, Kedah, Kelantan or Brunei. Similarly, accounts may be transferred from these savings banks to the Straits Settlements or Federated Malay States Savings Bank.

SAVINGS FACILITIES.

69

33. A depositor wishing to transfer his account will be supplied with the necessary forms by the Postmaster, who will give what assistance is necessary.

Passbook.

34. If a depositor loses his book, he must immediately give notice to the Superintendent, Savings Bank, stating at what Post Office and about what date the account was opened and, if possible, the number of the book, also the date and amount of the last transaction (deposit or withdrawal) and at what Post Office it took place.

35. No charge is made for the passbook supplied to the depositor when the account is opened, or for passbooks issued in continuation of the original. A charge of 50 cents may be made when a passbook is supplied to replace one that has been lost.

36. Once in each year, on the anniversary of the day on which his first deposit was made or on such date as is indicated on his passbook, the depositor should forward his book to the Superintendent, Savings Bank, in order that it may be compared with the ledgers, and that the interest to the previous 31st of December may be inserted. Envelopes for the transmission of the book can be obtained at any Post Office. When two or more books are forwarded, each should be enclosed in a separate envelope.

37. The Savings Bank Head Office is inundated with books for examination after Christmas and during the month of January. Many of these books are not really due for examination, and their receipt out of course causes much inconvenience. It is very desirable that only such books as are due for examination should be forwarded during that period.

Free Postage.

38. A depositor residing in the Straits Settlements or Federated Malay States need not pay any postage when communicating with a Post Office or with the Head Office of the bank or with the Accountant-General on Savings Bank business, or when transmitting his book for examination. A special envelope for forwarding a book for examination may be obtained, free of charge, at any Post Office.

Deceased Depositors' Accounts.

39. Where the whole amount due to a depositor at the time of his decease does not exceed five hundred dollars exclusive of interest due for the current year, and probate of the will of such depositor is not, or letters of administration to his estate are not, produced within two months of the date of such death or such longer period as the Director-General may, in any particular case think reasonable the Director-General may, if he deems it fit, at any time after the expiration of the said period of two months or of such longer period, without requiring probate of the will or letters of administration to the estate of the deceased depositor, in his discretion pay or distribute the amount so due as aforesaid, or any part thereof, to or among the person or persons, or any one of the persons (exclusively of the others), who shall in the opinion of the Director-General establish a valid claim to the said amount or any part thereof.

40. In making such payment as aforesaid, the Director-General shall ordinarily have regard to the rules of law regulating the distribution of the estates of deceased persons, but he may, nevertheless, when he considers that injustice, hardship or inconvenience would result from adherence to such rules, pay and distribute the amount due to the deceased depositor otherwise than in accordance with such rules.

Savings Bank Business.

41. Savings Bank business is transacted at all Post Offices. No business is transacted on Public and Bank Holidays or Sundays.

CHAPTER XXXI.

TELEGRAMS.

Inland Telegrams.

1. Inland telegrams are those which are sent to or received from places within the Malayan Telegraph System, that is the system controlled and worked by the Governments of the Straits Settlements, the Federated Malay States, Johore, Kedah (including Perlis), Kelantan and Trengganu and which pass only over the lines forming that system.

2. Government is not legally responsible for the accuracy of telegrams, nor for the consequences of non-delivery, errors or delay.

Offices where Inland Telegrams are Accepted.

3. Inland telegrams are accepted at all Postal Telegraph Offices during the hours they are open for business, and at Railway Telegraph Offices at places where there are no Postal Telegraph Offices. Inland telegrams from passengers are, however, accepted at all Railway Telegraph Offices.

Objectionable Telegrams.

4. Telegraph offices are authorised to refuse to transmit any telegram which appears to be dangerous to the security of the State or contrary to the laws of the country or to public order or decency.

General Division.

5. Inland telegrams are divided into three classes:

- (a) Government telegrams.
- (b) Service telegrams.
- (c) Private telegrams.

Mode of Writing, Etc.

6. **Characters.**—Inland telegrams must be legibly written in characters which have an equivalent in the table of telegraph signals given below and which are used in the country in which the telegram is presented:

- (a) **Letters.**—A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z.
- (b) **Figures.**—1, 2, 3, 4, 5, 6, 7, 8, 9, 0.

- (c) **Signs of punctuation and other signs.**—Full stop (.), comma (,), colon (:), note of interrogation (?), apostrophe ('), hyphen or dash (—), brackets (()), fraction bar (/), underline (—).

With the exceptions given in paras. 6 (h), 40, 43 and 49, the above signs are not counted or transmitted.

TELEGRAMS.

71

(d) Service indications and conventional abbreviations.—

- =D=Urgent telegram;
- =RP*=Telegram with reply paid (para. 84);
- =RPD*=Telegram with urgent reply paid (para. 85);
- =TC=Telegram to be repeated (collated), (para. 89);
- =PC=Telegram the delivery of which is to be notified by telegraph (paras. 95 and 96);
- =PCP=Telegram the delivery of which is to be notified by post (paras. 95 and 96);
- =Post=Telegram to be posted at the Terminal Telegraph Office (paras. 108 and 109);
- =PR=Telegram to be posted as a registered letter at the Terminal Telegraph Office (para. 108);
- =Express=Telegram for places beyond the free delivery radius to be delivered by special messenger (paras. 102, 103 and 105);
- =XP†=Porterage prepaid (paras. 106 and 107);
- =Open=Telegram to be delivered open (para. 73);
- =MP=Telegram to be delivered to addressee personally (para. 66);
- =TR=Telegram to be called for at the Telegraph Office (telegraph restant), (para. 74);
- =GP=Telegram to be called for at the Post Office (poste restante), (para. 74);
- =GPR=Telegram to be registered and kept at the Post Office till called for (para. 74);
- =TM‡=Telegram with multiple address (para. 97);
- =CTA=Communicate all addresses (para. 100);
- =OBS=Meteorological telegram (para. 115);
- =Press=Press telegram (paras. 111 to 114);
- =JOUR=To be delivered during the day. (For inland telegrams not later than 10.0 p.m.)
- =NUIT=To be delivered during the night if telegraph delivery office is open.

NOTE.—

Telegrams received after 10.0 p.m. at night are delivered forthwith, subject to the limitations imposed by the working hours of offices, only if they bear the paid service indication =NUIT=.

Telegrams not bearing the paid service indication =NUIT= will be delivered after 10.0 p.m. if they are recognised by the office of destination to be of an urgent nature.

Telegrams will, in any case, be delivered at night if the addressee has given written instructions at the delivery office to this effect.

* Number of words prepaid to be inserted here. † Here insert amount paid (for example, "XP dollars 2" the whole expression counting as one word). ‡ Here insert number of addresses.

- (e) Roman figures are admitted as written but are transmitted as Arabic figures. If, however, the sender of a telegram desires the addressee to be informed that Roman figures are intended, he writes the Arabic figure or figures, and inserts the word "Roman" in front of the figure or figures.
- (f) The multiplication sign ($\times$) is admitted, although it has no equivalent in the table in these rules. It is replaced in transmission by the letter X, which is counted as a separate word.
- (g) Expressions such as 30*a*, 30*me*, 30*ne*, 1*o*, 2*o*, $\diamond B$ 1' (minute), 1" (second), etc., cannot be reproduced by telegraph instruments; senders must therefore substitute an equivalent which can be telegraphed, thus for example, for the expressions quoted above; 30 power a (or 30*a*), trentième, trentaine, primo, secundo, B in diamond, 1 minute, 1 second, etc.
- (h) If, however, the expressions 30*a*, 30*b*, etc., 30 bis, 30 ter, etc., 30 I, 30 II, etc., 301, 302, etc., indicating the number of a house, appear in an address, the counter officer separates the number from the letters or figures accompanying it, by a fraction bar (oblique stroke). The same rule is applied in transmitting house numbers such as 30 A, 30 B, etc. A fraction bar (oblique stroke) is not counted as a character in a group of figures, or of figures and letters forming a house number, even when the sender has written it upon his copy. For charging purposes, the fraction bar (oblique stroke) is counted as a character in the group of figures, or figures and letters comprising a house number, only when the sender requests that it be transmitted. The expressions in question are consequently transmitted in the following form: 30/A, 30/B, etc., 30/bis, 30/ter, etc., 30/1, 30/2, etc., 30/I, 30/2, etc., 30/A, 30/B, etc.

Language.

7. No telegram not written in English characters shall be transmitted or delivered.

8. The mixture in one group of figures and letters having a secret meaning is not admitted.

Erasures, Etc.

9. Every foot-note, insertion, erasure, elimination or correction must be authenticated by the sender or by his representative.

Parts of a Telegram.

10. The different parts forming a telegram should be written in the following order :

- (1) Service indication, if any;
- (2) Address;
- (3) The body or text of the telegram;
- (4) The sender's name.

Route.—The sender may give instructions as to the routing of his telegram on condition that charges proper to that route are paid.

Service Indications.

11. The sender should write upon the form in the place provided for the purpose, such of the service indications provided in para. 6 (d), as he may desire to use.

12. In the case of a multiple telegram the service indication which concerns each addressee should be written immediately before his name; but in the case of an urgent or collated multiple telegram it is sufficient if the indication relative to urgency or collation be written once only before the first address.

13. Service indications may be written in any form permitted by these rules but they are charged and transmitted only in accordance with the abbreviated form provided in the rules. If necessary the accepting officer deletes the indication written by the sender and substitutes for it the corresponding abbreviation.

Address.

14. Every address must, in order to be accepted, contain at least two words; the first designating the addressee, the second indicating the name of the Telegraph Office of destination.

15. The address should contain all the particulars necessary to ensure the delivery of the telegram to the addressee, without search or enquiry.

16. In the case of large towns, the address should contain the name of the street and the number of the house or, in the absence of these particulars, it should state the profession of the addressee or give all other information which would facilitate the delivery of the telegram.

17. Even for small localities, the name of the addressee must be supplemented, as far as possible, by additional particulars for the guidance of the office of delivery in case of alteration of the name of the addressee.

18. (1) The address may be composed of the name of the addressee followed by the word "Telephone" and his telephone number though it will not necessarily follow that the telegram will be telephoned to the addressee. The address is then worded as in the following example "Jones Telephone 435 Singapore".

(2) The address may also be composed of the addressee's name and his Post Office box number. The address is then worded as in the following example "Smith Post box 218 Kuala Lumpur".

19. When a telegram is addressed to one person at the address of another the address must contain immediately after the name of the actual addressee the expression "care of," "c/o," "chez," "aux soins de" or other equivalent expression. In the case of foreign telegrams the abbreviation "c/o" should not be used.

20. The address of telegrams addressed "Poste Restante" or "Telegraph Restant" must give the name of the addressee; the use of initials, figures, Christian names only and fictitious names is not allowed in such messages.

21. If the address is not in conformity with the provisions of paras. 14 and 20 the telegram will be refused.

Insufficient Address.

22. Subject to the provisions of para. 21 telegrams, the address of which does not satisfy the foregoing conditions are, nevertheless, accepted and transmitted at the sender's risk.

23. In every case the sender has to bear the consequences of an insufficient address, which, after the telegram has been despatched, can neither be completed nor altered, except by a paid service advice.

Preconcerted or Abbreviated Addresses.

24. The address may be written in preconcerted or abbreviated form. But the right of an addressee to have a telegram thus addressed delivered to him is subject to an agreement made between the addressee and the Telegraph Office which has to deliver the telegram.

TELEGRAMS.

25. Any firm or individual expecting to receive telegrams may register preconcerted or abbreviated address at the Telegraph Office from which the telegrams have to be delivered. The fee charged for each address so registered will be as follows:

- (a) For any period commencing before 1st July to 31st December following—\$10.
- (b) For any period commencing on or after 1st July to 31st December following—\$5.

26. No preconcerted or abbreviated address can be accepted, which has already been registered locally by another firm or individual.

27. (1) No responsibility is accepted in respect of the delivery of any telegram having a preconcerted or abbreviated address if such address has not been registered, or for delay in delivering such telegram. Exceptionally, if in the locality of destination, the delivery of telegrams is effected by several offices worked by different administrations or private enterprises, their offices will communicate to any one of their number, on request, the information necessary for the delivery of a telegram received by that office with a registered address unknown to it but authorised by an administration or private enterprise to which one of the other offices is subject.

(2) A charge of 20 cents will be made for the delivery of each telegram bearing a preconcerted or abbreviated address that has not been registered. This charge will be collected on delivery.

28. For preconcerted and abbreviated addresses only genuine or artificial words not exceeding ten letters in length may be registered. Proper names will not be accepted.

29. If it shall appear expedient to do so, the registration of any preconcerted or abbreviated address may be cancelled, but in such case a part of the registration fee proportionate (as near as may be) to the unexpired portion of the period in respect of which a registration fee has been paid shall be returned.

Text.

30. Telegrams without text are not admitted.

Signature.

31. A signature is not compulsory; it may be written by the sender in a customary abridged form or may be replaced by a registered address.

Proof of Identity.

32. The sender of a private telegram must prove his identity when requested to do so by the office of origin.

Government Telegrams.

33. **Definition.**—A Government telegram is a telegram on the business of the Government signed by an officer authorised for the time being in writing under the hand of the Colonial Secretary or of the High Commissioner of the Federated Malay States or of the British Advisers of Johore, Kedah (including Perlis), Kelantan or Trengganu, to frank telegrams, or by an officer duly authorised by a head of department to authenticate departmental telegrams as Government telegrams sent on Government service and chargeable to departmental votes.

TELEGRAMS.

75

Paid Service Advices.

34. The sender and addressee of any telegram already transmitted or in course of transmission, or the authorised representative of one of those persons, may, during the period of preservation of records, and after having previously proved, if necessary, their identity, cause enquiry to be made, or instructions to be given respecting such telegram, by telegraph. They must deposit the following amounts:

- (a) The cost of the telegram making the request;
- (b) The cost of the telegram for the reply, if a reply by telegraph is wanted.

They may also, with the object of rectification, have a telegram, which they have sent or received, repeated wholly or in part, either by the office of destination or origin or by a transit office.

In the case of a repetition asked for by the addressee, the latter must pay the full charge for each word to be repeated. This charge covers the whole cost of the request and the reply.

35. Rectifying, completing or cancelling telegrams, and all other communications relating to a telegram already despatched or in course of transmission, when they are addressed to a Telegraph Office, must be exchanged exclusively between the offices under the form of paid service advices at the cost of the sender or the addressee. If the sender asks that the reply to a paid service advice may be sent by post a charge equivalent to 40 centimes (12 cents) is made for such reply.

36. The charges for service advices necessitated through errors of service are refunded.

37. When the words of which the repetition is requested are written in a doubtful manner, the office of origin adds to the repetition a note "Writing doubtful".

38. The various communications referred to above may be made by post through the agency of the Telegraph Office of origin or destination. They are sent under registered cover at the cost of the person who makes the request, and who should, in addition, pay the cost of a reply by post when he demands one.

39. When the repetition relates to a telegram which has reached a foreign telegraph office of origin from the sender by telephone or by a private telegraph wire, that office before giving a repetition will ask the sender to repeat the words in question. In such case, if one or more of the words thus repeated are not the same as the words in the telegram, the office will give the desired repetition as corrected by the sender but will add to the text of the service advice the indication "CTP" (retain charge paid) followed by the number, in letters, of words corrected by the sender, thus:—"CTP one", "CTP two", etc., and the charge for repetition shall not in such case be refunded. If the sender cannot be consulted at once, a provisional repetition shall be given from the copy of the telegram at the office of origin. The repetition shall bear at the end of the text the special instruction "CTFSN" (correction to follow, if necessary).

Counting of Words.

40. All that the sender writes upon the form, to be transmitted to his correspondent, is charged for, and consequently included in the number of words. However, signs of punctuation, apostrophes and hyphens are only transmitted if the sender pays for them as isolated figures or letters. In the absence of any request of the sender it is assumed that he does not wish them to be transmitted. When signs of punctuation, instead of being used singly, are repeated one after the other, they are charged for as groups of figures. No charge is made for the route indication when written by the sender.

41. The name of the office of origin, the date and time of receipt of the telegram from the sender, the instructions as to the route, and the words, numbers, or signs, which constitute the preamble and are added by the Telegraph Office for official purposes, are not charged for: such of these particulars as reach the office of destination and in all cases the date and time of handing in appear on the addressee's copy.

42. The sender may insert the particulars referred to in para. 41, wholly or in part, in the text of his telegram, but in that case they will be charged for.

43. The following are each counted as one word :

In the address—

1. (a) The name of the Telegraph Office, land station, or mobile station of destination when written as it appears in the list of Telegraph Offices in the Post Office Guide or in the first column of the International Lists.
- (b) The name of the Telegraph Office of destination or that of the land station completed either by the name of the country or smaller division of territory, or both, or by any other particulars, when the name of the office has not yet been published in the Post Office Guide or in the International Lists.

- (c) The names of countries or smaller divisions of territory written as shown in the International Lists, including any alternative forms given in the prefaces to the lists.

If it has not already been done, the counter officer should join up the different parts of each of the expressions which are specified under the foregoing sub-paragraphs (a), (b) and (c) and these are counted as one word. The counter officer should also observe this rule as far as it applies to money order telegrams.

2. In money order telegrams the name of the Post Office of issue, the name of the Post Office of payment and the name of the locality in which the payee lives.
3. Every isolated character, letter or figure, and every sign of punctuation, apostrophe, hyphen or fraction bar, transmitted at the request of the sender. Words separated or joined by an apostrophe, a hyphen or fraction bar are counted as separate words.
4. An underline, irrespective of its length, brackets (the two signs forming one word).
5. Service indications written in the abridged form authorised in para. 6 (d).

44. In plain language telegrams written in any of the under-mentioned languages, each ordinary word and each authorised compound word shall be counted at the rate of 15 characters to one word plus one word for the excess, if any. The same method of counting applies to bank telegrams and telegrams of a similar kind containing a check word or check number as the first word of a plain language text, but the length of the check word or check number may not exceed five letters or five figures.

45. Registered abbreviated telegraphic addresses whether used in the address, in the text or in the signature, are treated as plain language words for the purposes of para. 44.

46. Combinations or alterations of words contrary to the usage of the language to which they belong are not allowed. Nevertheless, family names belonging to one person, the full names of places, squares, boulevards, streets and other public ways, names of ships, designations of aircraft, compound words which can be justified if necessary, whole numbers, fractions, decimal or fractional numbers written in words, may be grouped as a single word which is counted in accordance with para. 44. Commercial marks are counted at the rate of five characters to the word plus one word for the excess, if any. Numbers written in words in which the figures are represented separately or in groups, for example: thirtythirty instead of threethousandandthirty or sixfoursix instead of sixhundredandfortysix, are counted in the same way. Subject to the provisions of these rules, Asiatic names will be accepted as one word if so written.

Use of Apostrophes, Hyphens and Fraction Bars.

47. Words separated or joined by an apostrophe, a hyphen or fraction bar are counted as separate words.

All unintelligible groups of letters or figures, including cipher, commercial marks and code words, whether forming the whole of a telegram or part of a plain language telegram.

48. Groups of figures or of letters, commercial marks composed of figures and letters, are counted at the rate of one word for each five figures or letters which they contain, plus one word for any excess. Each of the combinations ae, aa, ao, oe, ue and ch is counted as two letters. The letters "fob" (free on board), "cif" (cost insurance freight), "caf" (coût, assurance, fret), "svp" (s'il vous plaît), or any other analogous expression in general use, up to five letters, are accepted as one word each.

* Refers to groups of four figures taken from the official telegraph dictionary of the Chinese Administration.

Signs used with Figures or Letters.

49. Full stops, commas, colons, dashes and fraction bars are each counted as a figure or a letter in the group in which they occur. This also applies to each letter added to groups of figures to form ordinal numbers, as well as to letters or figures added to the number of a house in an address, even in the case of an address in the text or in the signature of a telegram.

(1) The sign or signs of punctuation, etc., of which transmission has been requested are underlined with a small dash by the counter clerk, in order to attract the attention of the signalling officer.

(2) Combinations sanctioned by use.

Order of Priority.

51. The transmission of telegrams will take place in the following order:

- (a) Telegrams relating to the safety of life by land; at sea or in the air.
- (b) Urgent Government telegrams that include in the address the special service indications "=Most Immediate=" "=Immediate=", or "=Important=".
- (c) Urgent service telegrams relating to interruption of communication.
- (d) Other urgent telegrams whether Government, service, private or press.
- (e) Non-urgent Government service and private telegrams, other than deferred and letter telegrams.
- (f) Deferred telegrams.
- (g) Daily letter telegrams.
- (h) Night letter telegrams.

Charges.

52. **Inland Telegrams.**—The charges for inland telegrams handed in at a Postal Telegraph Office or Railway Telegraph Office in the Malayan Telegraph System for delivery within that system are as follows: For press telegrams, see paragraphs 113 and 114.

TELEGRAMS.

81

Greetings Telegrams.—A fixed fee of 25 cents per telegram.

In addition to the charges prescribed above a fee of 20 cents is levied in respect of each inland telegram handed in at a Postal Telegraph Office or Railway Telegraph Office on a Sunday, on Good Friday or on Christmas Day for delivery within the Malayan Telegraph System.

NOTE.—Telegrams sent via the Singapore-Penang cable route are to be treated in all respects as foreign telegrams.

Payment of Charges.

53. All charges must be prepaid, except those for supplementary services or special conveyance beyond the Telegraph Office of destination, which may be collected from the addressee.

Charges must be paid as follows:

If handed in—

(a) At Postal Telegraph Offices in postage stamps unless the sender has a telegram deposit account at the accepting Telegraph Office in which case the charge will be debited to his account.

(b) At Railway Telegraph Offices in cash.

54. When payment is made by means of stamps these must be affixed on the spaces left blank for the purpose on the telegram form by the sender or the person who hands in the telegram.

55. Stamps which are in any way defaced, discoloured or damaged are not accepted.

56. Receipts are given for all telegrams handed in at Railway Telegraph Offices. Receipts are also given free of charge for telegrams handed in at Postal Telegraph Offices, provided that the sender fills up the receipt form, which is then dated, stamped and initialled by the counter clerk.

57. In every case where charges have to be collected on delivery the telegram is only handed to the addressee upon payment of the amounts due.

Errors in Charges.

58. Under charges made in error, and charges and expenses not recovered from the addressee in consequence of his refusal to pay them, or the impossibility of finding him, must be made good by the sender.

59. Amounts over-charged in error and the value of excess stamps affixed to telegrams are refunded to the person entitled to them without application if the amount is at least 70 cents. The repayment of a sum less than 70 cents is not made unless the sender claims it.

Interruption of Telegraph Communication.

60. When in the course of transmission of a telegram an interruption takes place in the regular telegraphic communications, the office beyond which the interruption has taken place at once sends the telegram by an alternative telegraphic route or, failing that, by post, registered if possible.

61. As soon as communication is re-established, the telegram is transmitted afresh by telegraph, unless its receipt has been previously acknowledged, or unless, on account of an exceptional accumulation of traffic, this retransmission would be clearly injurious to the general service.

Cancellation.

62. If the sender of a telegram or his authorised representative wishes to cancel it before transmission has begun, he can do so, on proving his identity, and the charges less a fee of twenty cents will be returned. Provided that, if the telegram has been stamped and the stamps have been obliterated, the charges shall be refunded only on application being made to the Central Accounts Office, Kuala Lumpur, within three months. If the telegram is in course of transmission or has already been despatched, it can be cancelled only by a paid service advice addressed under para. 34 to the terminal office. The sender must pay, at his option, the cost either of a telegraphic or of a postal reply to the notice of cancellation. If the telegram has been delivered to the addressee, the latter is informed of its cancellation, unless the service advice contains instructions to the contrary.

Delivery at Destination.

63. Telegrams are delivered according to their address either at an abode or a poste restante or at a telegraph restant.

Free Delivery Limits.

64. Telegrams are delivered free of charge within two miles of a Postal Telegraph Office measured by route distance. Beyond this free delivery limit, telegrams are sent by post without charge, or by such other means as may be arranged between the Telegraph Office and the sender or addressee. (See paras. 105, 106 and 107.)

65. Railway Telegraph Offices do not undertake the delivery of private telegrams to the addressee, except at a station. Planters and others may, however, at their own risk and expense, make arrangements with Station Masters for the delivery of their telegrams by persons other than railway servants.

66. A telegram taken to the addressee's place of residence may be delivered either to the addressee or to any adult member of his family, or to any of his employés, lodgers or guests, or to the porter of the hotel or house, unless the addressee has named in writing a special person, or the sender has requested by writing on the form in the space reserved for service indications, the service indication =MP=, that the telegram may be delivered only into the hands of the addressee himself. In this case the office of destination writes the request in full upon the envelope and gives the necessary instructions to the messenger.

Phonograms (Acceptance and Delivery of Telegrams by Telephone).

67. Telegrams may be accepted by telephone at any time from all telephone subscribers who are allowed trunk facilities and may be delivered by telephone to all telephone subscribers. Such telegrams are called phonograms.

While every care is taken to ensure secrecy and accuracy, the Posts and Telegraphs Department cannot accept responsibility for any loss of secrecy or for errors which may occur during telephonic transmission of telegrams between subscribers and the Post Office.

Acceptance of Phonograms by Telephone.

68. The telephone subscriber should write down the telegram to be dictated, then call the telephone operator in the usual way and ask for "Phonograms". Subscribers on an Automatic Exchange should give their Exchange and number to the operator. When connection to the phonogram centre has been made the Phonogram Clerk will answer "Phonograms". The subscriber should then give his name, name of exchange and number and proceed to dictate the telegram to the Phonogram Clerk in groups of two or three words at a time. The clerk will repeat each group as he writes it down. Great care is necessary in the dictation of a phonogram.

TELEGRAMS.

83

The distinctive sounds of consonants may become blurred in speech by telephone and words containing the same vowels are apt to sound alike. Names of persons and places, difficult words and figures should be spelt, using analogies as much as possible, e.g., A for Andrew, Q for Queen, Z for Zebra. On completion of the phonogram the clerk will repeat the entire message and will verify the number of words in foreign or radio telegrams. Press telegrams cannot be accepted as phonograms.

69. The charge for the telegram at telegram rates will be included in the monthly bill for telephone charges. No trunk or junction fees will be charged in the cases where trunk or junction lines are used to establish the connection to the phonogram centre.

Delivery of Telegrams by Telephone.

70. The sender of a telegram may address it to a telephone number. Telegrams so addressed will be delivered by telephone and a confirmatory copy sent by post. An example of a telegram so addressed is as follows :

Smith Telephone Kuala Lumpur 1234.

If the sender of a telegram knows the addressee is a telephone subscriber but is not aware of the telephone number the word telephone should be written followed by the name and full address of the addressee. A telegram so addressed will be delivered by telephone under the same conditions as one addressed to a telephone number.

71. Any telephone subscriber may make an arrangement with the Controller or Superintendent, Posts and Telegraphs, that all telegrams addressed to him should be delivered by telephone. In this case the subscriber must undertake to pay any trunk or junction fees which may be incurred in the delivery of telegrams to his telephone number.

72. Telegrams will not be delivered by telephone to house servants and any telegram addressed "Care of" a householder, business firm or a subscriber's registered telegraphic address will be delivered by messenger unless the addressee has given instructions to the contrary.

Open Delivery.

73. The sender may request that the telegram may be delivered in an open cover by writing on the form the service indication =Open=. This request is reproduced on the copy handed to the addressee.

Telegrams to be Called For.

74. If a telegram be addressed "Poste Restante" it will be at once posted to or delivered at the Post Office, where as regards delivery and period of preservation, it will be subject to the same rules as postal correspondence. If addressed "Telegraph Restant", it will be kept at the Telegraph Office with the receipt ready to be signed by the addressee on his application for the telegram.

For telegrams on which a charge has to be collected, addressed "Poste Restante" or "Telegraph Restant," and which have not been claimed by the addressee, the service advice of non-delivery is sent by ordinary paid letter at the expiration of the period for retaining such correspondence.

Telegrams Addressed to Ships.

75. Telegrams addressed to passengers on a vessel arriving at a port are delivered, if possible, before disembarkation. Telegrams may be delivered at the discretion of the delivery office to the steamship agents.

TELEGRAMS.

Reply Given to Messenger.

76. Save in the case of delivery by post beyond the free delivery limits, the messenger who delivers a telegram may be entrusted with the reply, provided that he be not detained for this purpose more than five minutes. The fact of the reply having been given to the messenger, and the amount paid to him, should be mentioned on the receipt given for the original telegram.

Undelivered Telegrams.

77. When a telegram cannot be delivered, the office of destination sends a service telegram to that effect and the sender is informed. No telegram advising non-delivery will be sent in the case of:

- (a) Telegrams addressed to await arrival, poste restante, telegraph restant, c/o Post (or Telegraph) Office;
- (b) Telegrams to places beyond the free delivery radius which have been duly posted and are subsequently returned as undelivered by the Post Office which posted them;
- (c) Telegrams addressed to hotels, unless returned immediately to the Post Office as being undeliverable.

78. When in consequence of an inexact or insufficient address or of the addressee's absence or refusal, charges due on a telegram have not been paid at destination, the amount of these charges is advised in the service telegram and the sender must make them good.

79. If the messenger finds no one at the address given who will consent to receive a telegram for the addressee, the delivery receipt is left at the address given and the telegram is brought back to the office to be delivered to the addressee upon his application.

80. The form of receipt sent out with every telegram must be signed by the addressee or his representative and all charges paid before the telegram is delivered by the messenger. The time at which the telegram is delivered should be inserted in the form of receipt by the recipient.

Unclaimed Telegrams.

81. Except as otherwise provided in these rules telegrams unclaimed or undelivered are not kept after six weeks by the office of destination.

Re-directed Telegrams.

82. At the request of the addressee, made in writing at a Telegraph Office, telegrams addressed to him at that office will be re-directed to any office in the Malayan Telegraph System. The charge for such re-direction will be that for a fresh telegram, and may be prepaid by the addressee or recovered from him on delivery of the telegram.

Instruction Regarding Delivery.

83. All instructions, which persons leave at Telegraph Offices regarding the delivery or re-transmission of telegrams, should be renewed at intervals of at least six months.

Prepaid Replies.

84. The sender of a private telegram may prepay a reply. The words "Reply paid," or =RP=, must be written before the address and paid for; the sender must state the number of words he has prepaid, for instance, "Reply paid twenty words," or =RP 20 words=.

85. The sender may also prepay an urgent reply to his telegram; in this case he must write before the address the instruction "Reply paid urgent," or =RPD=, and pay the corresponding amount.

TELEGRAMS.

85

86. At the Telegraph Office of delivery a voucher is issued to the addressee stating the number of words for which a reply has been prepaid. This voucher gives the right to send up to its value a telegram to any destination in the Malayan Telegraph System. The period of validity of a reply paid voucher is three months following the date of issue.

87. When the addressee refuses the voucher or, for any reason, does not use it, its value is refunded to the sender of the telegram if application is made either by him or by the addressee within the period of validity mentioned in para. 86.

88. If the reply sent contains less words than have been prepaid the difference between the value of the voucher and the amount of the charge actually due is refunded to the sender of the original telegram when application is made within the period of validity mentioned in para. 86, and when the difference is at least 20 cents.

Collated (or Repeated) Telegrams.

89. The sender may have his telegram repeated from station to station on payment of an additional charge of one half the tariff rate. The words "repetition paid," or the service indication must be written before the address and paid for.

Night Letter Telegrams (Inland).

90. Night letter telegrams may be accepted at Ipoh, Kuala Lumpur, Penang and Singapore Post Offices.

91. Night letter telegrams may be handed in at the above Post Offices after 5 p.m. daily except on Sunday, Good Friday and Christmas Day, for delivery by the first post on the morning following acceptance or by the first post on Monday morning if the night letter telegram is accepted on a Saturday.

92. The charge for a night letter telegram is a minimum of 40 cents for 30 words plus 1 cent for each additional word.

93. The following general conditions of acceptance will apply :

- (i) Night letter telegrams must be written in English, in plain language on the usual telegraph form and the charges must be prepaid.
- (ii) The indication =NLT= must be distinctly written before the address and this indication will be charged for as one word.
- (iii) Night letter telegrams must bear the addressee's full postal address; multiple addresses and abbreviated telegraph addresses cannot be accepted.

Inland Greetings Telegrams.

94. (1) Inland greetings telegrams at a fixed rate of 25 cents per telegram may be sent from any Postal Telegraph Office in the Malayan Telegraph System for delivery within that system.

These special telegrams may be sent whenever desired, i.e., they are not restricted to certain dates as in the case of foreign=XLT=telegrams. The telegrams will be handed in by the sender written on Inland Greeting Service Telegram (Sender's) forms but will be delivered to the addressee on specially designed coloured forms and in special envelopes.

(2) There are six different forms available, three with a printed greeting, and three without.

- (i) **Malay.**—A form mainly green in colour bearing a printed greeting in Jawi.
- (ii) **Chinese.**—A form of Chinese design bearing a printed greeting in Chinese characters.

- (iii) **Tamil.**—A form mainly blue in colour bearing a printed greeting in Tamil.
- (iv) **Chinese.**—Same design as (ii) but without printed greeting. This form will be used for greetings written in English and selected from the special list given below in sub-paragraph (6).
- (v) **Tamil.**—Same design as (iii) but without printed greeting. To be used for greetings in English selected from the special list in sub-paragraph (6).
- (vi) **English.**—To be used for greetings in English selected from the special list in sub-paragraph (6).
- (3) There are different delivery envelopes :
- (i) **Malay** (green with inscription in Jawi across top left corner).
 - (ii) **Chinese** with a flower device in top left corner.
 - (iii) **Tamil** with a flower device across the top of the envelope.
 - (iv) **English** with a holly and berries device round the edge of the envelope and "Seasons Greetings" printed at the top.
- (4) On the three telegram forms which bear printed greetings no other greetings can be written, thus greetings in English must not appear on the Malay, one Chinese and one Tamil form.
- (5) On the three telegram delivery forms which do not bear a printed greeting in the body of the form greetings in English selected from the list in sub-paragraph (6) below may be written.
- (6) The greetings in English which may be sent for delivery to the addressee on either the English, Chinese (without printed greeting) Tamil (without printed greeting) forms are as follows :
- A. Best wishes for a Happy and Prosperous New Year.
 - B. May the New Year bring you health, happiness and prosperity.
 - C. Seasons Greetings to you all.
 - D. A Merry Christmas and a Happy New Year.
 - E. May you and the firm enjoy a Prosperous New Year.
 - F. Many thanks for your good wishes which are most heartily reciprocated.
 - G. My heartiest Deepavali Greetings to you.
 - H. Wishing you a Happy Deepavali.
- NOTE.**—No variation of the above greetings can be made.
- (7) The sender will decide the delivery form he wishes to be used by referring to the special poster which is available in all Post Offices.
- (8) The sender will write the name and address of the sender and other particulars on the special greetings telegram form.
- (9) There is no limitation to the number of words in the address or sender's name but it is desirable that not more words than necessary be used.

Notification of Delivery.

95. The sender may request that the date and time at which his telegram is delivered to the addressee be notified to him by telegraph or by post.

96. The words "notification of delivery" or the service indication =PC=, or if by post =PCP=, must be written before the address of the telegram and paid for. The cost of notification of delivery by telegraph is equal to the charge for a telegram of ten words; for a notification by post,

TELEGRAMS.

87

the charge is the current charge for a single rate inland registered letter, the notification being sent by registered post. The notification of delivery of a =CDE= telegram is in all cases charged for at the full rate. When telegram with notification of delivery cannot be delivered, a service advice reporting non-delivery is sent to the office of origin as in the case of an ordinary telegram and the notification of delivery is not prepared. If, at a later time within the period of six weeks, the telegram can be delivered to the addressee, the notification of delivery is immediately prepared and forwarded. At the end of the foregoing period, if the telegram has not been delivered, the charge for a telegraphic notification of delivery may be refunded to the sender on application. The charge for a postal notification of delivery is never refunded.

Multiple Telegrams.

97. Telegrams may be addressed:

(a) To several persons in the same place;

(b) To one person at several addresses in the same place;

if the words =TM= be written before the address. The name of the office of destination only appears once, at the end of the address.

NOTE.—An inland telegram addressed to two persons jointly (such as Mr. & Mrs. Smith) at the same address is not regarded as a multiple telegram, and only one copy of the message will be delivered.

98. Telegrams addressed to several persons, or to the same person in localities where delivery is to be effected by different offices are not treated as multiple telegrams but are charged for as so many separate telegrams and must be written on separate telegram forms.

99. An inland telegram addressed to several persons in the same place, or to one person at several addresses in the same place, with or without further despatch by post, is charged as a single telegram; but in addition there is charged a copying fee of 20 cents per copy not exceeding 50 chargeable words for each copy except the first plus 20 cents for every additional 50 words or portion thereof. In the case of urgent telegrams the copying fees are doubled. These fees are for all classes of inland telegrams except inland Greetings Telegrams.

100. Unless the sender requests to the contrary, each copy of the telegram will bear only its own address. If it is required that all the addresses should be communicated to each addressee, then the sender must write before the addresses the service indication "Communicate all addresses" or =CTA=.

101. In the copies, the number of words appearing in the preamble of the telegram is corrected to agree with the number of words appearing in each copy.

Telegrams for Places where there are no Telegraph Offices.

102. Telegrams addressed to places where there are no Telegraph Offices, or to addresses beyond the free delivery limit, may be delivered at destination according to the request of the sender either by post or by special messenger.

103. The address of telegrams to be conveyed beyond the free delivery limits must be preceded by the indication denoting the method of transport to be employed, whether post or special messenger. The name of the Telegraph Office from which the telegram is to be sent on should be stated last. For example :

=Post= (or =Express=) Ah Fat, Miner, Titi, Jelebu.

Service Indications.

104. The service indications are charged for as one word and they should be written in the abbreviated form shown in para. 6 (d).

Charges on Delivery.

105. If the sender has not prepaid the charges for delivery by special messenger, the delivery office will not be responsible for non-delivery, should it be considered for any reason that the addressee cannot be relied on to pay the charges due. Should the addressee refuse to accept the telegram or to pay the charges due, the sender is liable for the charges.

106. When the sender desires to prepay the cost of transport, and if he can himself indicate the amount to be collected under this head by the Telegraph Office of origin, the telegram must bear the service indication =XP=. If the sum deposited is found to be insufficient, the difference is claimed from the addressee, but, if it exceeds the actual cost, the difference is not refunded.

107. The amount of portorage to be collected will ordinarily be at the rate of 10 cents per mile or part of a mile calculated by route distance from the nearest Postal Telegraph Office. No charge is made for the return journey. In cases where special expenditure such as motor-car hire, boat hire, etc., is incurred to effect delivery, the actual amount expended will be claimed from the sender or addressee as the case may be. Delivery of telegrams upon which portorage is chargeable is conditional upon the services of a suitable messenger and means of conveyance being obtainable.

Employment of Post.

108. Telegrams to be delivered by post are subject to the following supplementary charges :

On a telegram to be posted to a place in the Federated Malay States, Straits Settlements, Johore, Kedah (including Perlis), Kelantan or Trengganu; a fixed charge equal to a letter registration fee is payable in the case of those only which bear the paid service indication =PR= (Registered Post). No surcharge is made on those telegrams bearing the paid service indication =Post=.

109. The Telegraph Office of destination is entitled to employ the post :

- (a) In the absence of directions in the telegram as to the means of delivery to be employed;
- (b) Whenever there is an unpaid claim against the addressee for portorage on a previous telegram which he has refused to pay;
- (c) When such has been the request expressly made by the sender or addressee;
- (d) When it has no more rapid means at disposal.

General Provisions.

110. In applying the preceding rules, the facilities given to the public for urgent telegrams, prepaid replies, collated telegrams, acknowledgments of receipt, telegrams to follow, multiple address telegrams and telegrams to be forwarded beyond the telegraph lines may be combined.

Press Telegrams.

111. (1) Press telegrams are those of which the text consists of information or news relating to politics, commerce, etc., intended for publication in newspapers or other periodical publications. These telegrams are admitted at reduced rates. Press telegrams must bear at the beginning of the address the paid service indication "Press" written by the sender, and may not bear any other paid service indication than those relating to urgent telegrams and multiple telegrams. The use of abbreviated and registered addresses is authorised.

TELEGRAMS.

89

(2) Press telegrams must be addressed to newspapers, periodical publications or news agencies, and solely in the name of the newspaper, publication or agency and not in the name of a person connected in any capacity whatever with the management of the newspaper, publication or agency. They must only contain matter intended for publication and instructions relative to the publication of the telegram. Any passage of the instructions must be written between brackets, either at the beginning or the end of the text. The number of words contained in the whole of the instructions relating to a single telegram may not be more than 5 per cent. of the number of chargeable words in the text or exceed ten words in all, the brackets being charged for.

112. The transmission of press telegrams may be deferred pending the transmission of other private telegrams whether urgent or non-urgent or of Government telegrams. A press telegram must be written in plain English or in one of the languages designated by the country of origin or of destination and authorised for international telegraph correspondence in plain language, or in the language in which the receiving newspaper is printed, provided that this language is admitted for international telegraph correspondence.

113. Press telegrams for which the charges are to be collected on delivery (Collect) may be accepted, provided that the sender produces sufficient evidence of his identity. The acceptance of these telegrams is subject to an arrangement between the Director-General, Posts and Telegraphs, and the newspaper concerned. The names of all persons authorised to send such telegrams are notified to Postal Telegraph Offices by the Director-General, Posts and Telegraphs. In the event of the addressee refusing to pay, the office accepting the press telegrams for transmission will be held responsible for payment, and may recover the cost from the sender. The charges for ordinary inland press telegrams are as under :

Class.	Unit number of words.		Unit rate.		Each additional word.	
			\$ c.		\$ c.	
Press	...	...	10	...	0 10	0 01

Urgent Press Telegrams.

114. Urgent press telegrams are also admitted for transmission within the Malayan Telegraph System. The charges for urgent press telegrams are as shown below :

Class.	Unit number of words.		Unit rate.		Each additional word.	
			\$ c.		\$ c.	
Press (urgent)	...	...	10	...	0 40	0 04

For foreign press telegrams, see Head of the Table of Charges for Foreign Telegrams.

Meteorological Telegrams.

115. A meteorological telegram is that sent by an official meteorological service or by a station in official relation with such a service, and addressed to such a service or to such a station. A meteorological telegram must solely consist of meteorological observations or meteorological forecasts. The charge for an inland meteorological telegram is as follows :

Class.	Unit number of words.		Unit rate.		Each additional word.	
			\$ c.		\$ c.	
Meteorological	...	...	10	...	0 20	0 02

For foreign meteorological telegrams, see Head of the Table of Charges for Foreign Telegrams.

Period of Preservation.

116. The originals of telegrams are kept for three days only in Postal Telegraph Offices, after which they are sent to the Central Accounts Office, Kuala Lumpur, where they are preserved for ten months from the first day of the month following that in which the telegram was deposited, and then destroyed.

Secrecy.

117. The contents of telegrams can only be communicated to the sender or to the addressee after proof of identity, or to the authorised representative of either of them.

Copies.

118. The sender or the addressee of a telegram, or the authorised representative of either, has a right to be furnished with a certified copy of the original telegram, on application to the Central Accounts Office, Kuala Lumpur, within the period of preservation prescribed in para. 116.

119. For every copy furnished a minimum fee of 50 cents is charged for a telegram not exceeding 150 words, this charge is increased by 20 cents for each additional 50 words or part thereof.

Extended Preservation.

120. On the ground of pending or contemplated judicial proceedings, application may be made by an interested party to the proper officer for the preservation of specified telegrams exchanged between other persons. Such application must be made within the period of preservation, and such telegrams will then be preserved for a period of four months beyond the ordinary date of destruction; at the expiration of the further period, they will, in default of a renewed application, be destroyed. It must be understood that the duty of the Telegraph Department in the matter is confined to making the search and preserving the telegrams, if found. No information as to the result of the search will be furnished, and any telegram answering the description given, which may be found, will be produced only on the order of a competent Court of Law or other competent authority.

Fees for Searching for Telegrams.

121. Should the particulars furnished be insufficient to enable the Central Accounts Office, Kuala Lumpur, at once to trace the telegrams applied for under either para. 118 or para. 120 the cost of searching for them must be deposited by the applicant. A fee of 50 cents is charged for searching through the telegrams of any Telegraph Office for one day; thus, if it be required to examine the telegrams of two Telegraph Offices over a period of five days, the searching fee will be five dollars.

Refunds.

122. Refunds of the following charges on private telegrams are made to those who originally paid them on receipt of an application for such refund, or of a complaint against the service:

- (a) The full charge paid for every telegram, which, through the fault of the telegraph service, has failed to reach its destination;
- (b) The full charge paid for every urgent or ordinary telegram which has suffered a notable delay—that is to say, which does not arrive sooner than by post, or which occupies more than 24 hours in transit;

TELEGRAMS.

91

- (c) The charge paid for that part of the text of a collated telegram, which owing to errors made in transmission, has failed to accomplish its object, unless the errors have been rectified by paid service advices;

NOTE.—No refund is granted for errors made in the transmission of uncollated telegrams.

- (d) The full amount of every sum prepaid for a reply where the addressee has not made use of the voucher, or has refused it, or, when the voucher has been used, the difference (if it be not less than 20 cents) between the value of the voucher and the cost of the reply;
- (e) The full amount of the sum prepaid for a reply to a telegram which has not been delivered. The sender should forward with his application for refund the receipt granted for the original telegram and the report of non-delivery received by him;
- (f) The charges pertaining to any special service which has not been performed, including the charge for the relative paid service indication;
- (g) Amounts deposited for paid service advices requesting repetition of a supposed incorrect passage, if the repetition does not agree with the first transmission, with the reservation, however, that when some words have been correctly and some incorrectly reproduced in the first telegram, the charge for the words relating exclusively to words correctly transmitted originally is not refunded, except when they have been repeated in consequence of their sense being obscured by the mutilated words. No refunds will, however, be made when the mutilation has been caused by the message being transmitted by means of a telephone;
- (h) The value of excess stamps affixed by the sender;
- (i) The value of the stamps affixed to a telegram cancelled before transmission, less a fee of twenty cents.

123. No refund is made for the telegram which has given occasion to a request for correction, nor are any refunds made for rectifying or completing telegrams exchanged direct between the sender and addressee.

124. No refund is made on account of telegrams necessitated or rendered useless by the loss, delay or omission referred to under para. 122 (a), (b) and (c), nor beyond the amount indicated in para. 122 for any loss, injury or damage arising or resulting from the non-transmission or non-delivery of a telegram, or delay or error in the transmission or delivery thereof.

125. Every application for refund must be made within six months of the date of the despatch of the telegram.

126. Applications for refund must be accompanied by documentary evidence, namely:

- (a) In case of non-delivery or delay, by a written statement from the office of destination or from the addressee; and
- (b) In case of alteration or omission, by the copy of the telegram delivered to the addressee.

Telegram Credit Accounts.

127. Credit accounts may be opened by persons who desire to send telegrams without prepayment.

128. Application to open a credit account should be made to the Controller or the Superintendent-in-charge of the district in which the office at which the account is to be opened is situated.

129. The applicant will be required to make a deposit. This deposit is returnable when the account is closed subject to deduction in respect of any charges for telegrams remaining unpaid. The amount of the deposit will normally be equal to the value of two weeks telegrams but this amount may be varied at the discretion of the Controller or the Superintendent-in-charge.

130. All telegrams sent by the person in whose name the account stands will be debited to the account at the time such telegrams are accepted.

131. Bills for the charges due will usually be rendered weekly but they can be rendered at more or less frequent intervals by arrangement. Bills must be paid as soon as they are presented irrespective of whether the deposit is exceeded or not.

132. A numbered printed receipt will be issued for each payment.

133. Postmasters are empowered to refuse to accept telegrams without prepayment if the charges for such telegrams would cause the total debit in the credit account to exceed the amount of the deposit.

134. Where repetitions of telegrams are asked for no charge will be made until it has been seen whether an error has been made in transmission. If no error has been made in transmission the full charge for each word repeated will be debited to the account.

Posting Telegrams to a Telegraph Office.

135. Telegrams may be posted at any Post Office or in any letter-box for transmission over Government lines, provided that stamps are affixed in prepayment of the charges. Forms may be obtained at any Post Office. Telegrams should be enclosed in covers addressed "Telegraph Office." No postage need be paid on such covers.

SPECIAL RULES FOR FOREIGN TELEGRAMS.

136. Foreign telegrams are those sent to or received from places beyond the Malayan Telegraph System or which pass over lines not forming part of that system. Such telegrams are subject to the regulations laid down by the International Telecommunication Convention.

Charges.

137. The charges for foreign telegrams are given in the Table of Charges for Foreign Telegrams at the end of this Guide. Particulars as regards the method of charging urgent, code, meteorological, press and urgent press telegrams are shewn at the head of that table. A supplementary fee of 20 cents is levied on every foreign telegram handed in at a Postal Telegraph Office or Railway Telegraph Office on a Sunday, on Good Friday or on Christmas Day. The fee will not be imposed in the case of collect press telegrams addressed to the foreign destinations nor in the case of incoming telegrams from foreign offices of origin.

138. A foreign telegram addressed to several persons in the same place, or to one person at several addresses in the same place, with or without further despatch by post, is charged as a single telegram, but, in addition, there is charged a copying fee of 35 cents per copy containing not more than fifty chargeable words, and 20 cents for each additional fifty words or part of fifty words. The number of copies to be prepared is equal to the number of addresses a copying fee to be charged for each copy including the first.

TELEGRAMS.

93

Text.

139. In some countries the use of code or cipher language is prohibited. See Table of Charges for Foreign Telegrams.

Language.

140. Subject to the limitations prescribed in paragraph 6, the text of private telegrams may be written in plain language or in secret language, the latter being divided into code and cipher language. Each of these languages may be used alone or together with others in the same telegram.

141. Tamil and other Indian languages are not available for foreign telegrams in plain language.

142. Plain language is that which presents an intelligible meaning in one or more of the following languages, each word and each expression having the meaning normally assigned to it in the language to which it belongs :

Abyssinian	Flemish	Norwegian
Afrikaans	French	Ousbeck (Russian dialect allowed for U.S.S.R.)
Albanian	Georgian	Persian
Annamite	German	Polish
Arabic	Greek	Portuguese
Armenian	Greenlandic	Romance
Bulgarian	Hebrew	Rumanian
Catalonian	Hungarian	Russian
*Chinese	Icelandic	Ruthenian
Croatian	Irish	Serbian
Czech	Italian	Siamese
Czechoslovak	Japanese	Slavonic
Danish	Ki-swahili	Slovakian
Dutch	Latin	Spanish (Castilian)
English	Lettonian	Swedish
Esperanto (International language, 1887)	Lithuanian	Turkish
Esthonian	Luxemburgese	Ukrainian
Ethiopian	Malay	Welsh
Faroean	Malgache (Madagascar tongue)	White-Russian
Finnish	Maltese	

143. Telegrams in plain language are those of which the text is entirely composed of plain language. The character of a telegram in plain language, is not, however, changed by the presence of numbers expressed either in letters or in figures which have not a secret meaning, arbitrary addresses, commercial marks, exchange quotations, letters representing the signals of the International Code of Signals used in semaphore telegrams and radiotelegrams, abbreviations in current use in ordinary or commercial correspondence, such as fob, cif, caf, svp or any similar expression, the admissibility of which is decided by the country despatching the telegram, or a check word or check number placed at the beginning of the text in bank and similar telegrams.

* Refers to groups of four figures taken from the official telegraph dictionary of the Chinese Administration.

144. Code language is composed either of artificial words or of real words used with a meaning other than that normally attributed to them in the language to which they belong and consequently not forming intelligible phrases in one or more languages authorised for telegraphic correspondence in plain language, or again of a mixture of real words and of artificial words.

145. (1) Code words, whether real or artificial, must not contain more than five letters. They may be formed in any way, but they must not contain the accented letter é.

(2) Code telegrams will bear in the preamble the free service instruction =CDE= which will be inserted by the telegraph counter clerk and transmitted to destination. For particulars of charges *see* Table of Charges for Foreign Telegrams.

146. Words in the address and in the signature of code telegrams will be counted at the rate of 15 letters to one word [*see* para. 158 (13)]. The exceptions to this method of counting are given in para. 43. 1.

147. In the case of telegrams in code language, or code language mixed with another language, the sender must produce the code from which the text or part of the text of the telegram has been compiled, if the office of origin or the administration to which this office is subject requests it.

148. Cipher language is formed :

- (1) of Arabic figures, groups or series of Arabic figures with a secret meaning;
- (2) of words, names, expressions or combinations of letters, with the exception of the letter é, not fulfilling the conditions of plain language (*see* para. 143) or code language (*see* paras. 144 and 145).

149. In telegrams, the text of which is written in cipher language, the combination, in one group, of figures and letters with a secret meaning is not allowed. The groups indicated in para. 143 are not considered as having a secret meaning.

Special Service Indications and Conventional Abbreviations.

150. The following special service indications and conventional abbreviations are admitted in foreign telegrams :

- =FS= Telegram to follow addressee;
- =PU= Partially urgent.

Address.

151. Particulars in the address must be written in the language of the country of destination or in French.

Surnames, Christian names, names of firms and the name of the place of delivery are, however, accepted as the sender writes them.

152. The name of the Telegraph Office of destination should be written in the form in which it appears in the first column of the International List of Telegraph Offices and, when so written, it is in all cases, whatever the number of words or letters it contains, charged as one word only.

153. When the name of the office of destination has not yet been published in the official nomenclature, the sender must complete the address by the designation of the country or of the territorial sub-division or by any other information which he considers sufficient for the forwarding of his telegram, which, at the same time, is only accepted at his risk.

154. The last word in the address should, as a rule, be the name of the Telegraph Office of destination. This name can be followed only by that of the country or of the territorial sub-division or by both of these. In the latter case the name of the territorial sub-division should follow immediately after that of the Telegraph Office of destination.

Telegraph Offices in the Neighbourhood of London.

155. In telegrams addressed to Telegraph Offices in the neighbourhood of London, the names of which appear in the official list of offices, it is not necessary to add the word London in the address. Telegrams for places in London itself, the names of which do not appear in the official list of offices, cannot be accepted, unless addressed London as the name of the terminal office.

Insufficient Address.

156. Telegrams the address of which does not satisfy the conditions laid down in paras. 152 and 154 are not accepted. In all cases of insufficient address, telegrams are accepted only at the sender's risk, if he persists in demanding transmission.

Government Telegrams.

157. (a) Government telegrams bear the service indication =Etat=; this indication is officially inserted by the office of origin at the end of the preamble. In the international service Government telegrams take priority over all other telegrams.

(b) The sender of a Government telegram may, however, renounce priority of transmission; in which case, the original telegram must bear the instruction =Sans priorité= written by the sender, and the telegram is treated as regards order of transmission like an ordinary private telegram.

Counting of Words.

158. (1) **Counting by Office of Origin Decisive.**—The counting of the office of origin is decisive. Nevertheless, when a telegram in plain language or a mixed plain and cipher telegram contains combinations or alterations of words of a language other than that of the country of origin, contrary to the usage of the language, the office of destination has the right to recover from the addressee the amount undercharged. If this right is exercised, the telegram is delivered to the addressee on payment of the undercharge. In case of refusal to pay, a service advice is sent to the office of origin explaining the cause of non-delivery and mentioning the amount of the undercharge due. Should the sender duly notified of the reason for non-delivery agree to pay the undercharge, a service advice is sent to the office of destination which then delivers the telegram.

(2) When the Administration of origin ascertains that an undercharge has been made for a telegram in plain language or in mixed plain and cipher language, it may collect the deficiency from the sender, and it acts similarly when the irregularity is brought to its notice by an Administration of transit or the Administration of delivery.

(3) **Plain Language.**—In telegrams of which the text is written entirely in plain language, each single word and each authorised compound word is counted at the rate of 15 characters to the word, plus one word for any excess. Commercial marks are counted at the rate of five characters to the

word, plus one word for the excess, if any. This method of counting applies to bank telegrams and telegrams of a similar kind containing a check word or check number as the first word of a plain language text but the check word or number may not exceed five letters or five figures.

(4) In telegrams written in plain language, registered telegraphic addresses are always counted as words in plain language, whether used as the address, or in place of the sender's name, or occurring in the text. (See para. 143.)

(5) **Code Language.**—In code language, the maximum length of a word is fixed at five letters. [See para. 145 (1).]

(6) **Mixed Telegrams.**—In a mixed telegram of which the text contains both plain language words and code words, the plain language words in the text are counted and charged for at the rate of five letters to one word, any excess of less than five letters being counted as one word.

(7) If the mixed telegram also contains cipher language in the text, the cipher words are counted at the rate of five characters to the word, plus one word for any excess.

(8) Words not fulfilling the conditions of either plain or code language are counted at the rate of five letters to the word, plus one word for any excess.

(9) If the mixed telegram contains only words in plain language and words in cypher language, the telegram is charged at the full rate and the words in plain language are counted in accordance with the provisions of para. 158 (3), and those in cipher language in accordance with the provisions of para. 48.

(10) Figures and groups of figures will be admitted in code telegrams and charged for at the rate of five figures to one word, on condition that the number of figures or groups of figures must not exceed one-half of the number of chargeable words in the text and signature.

(11) Telegrams of which the text contains words in code language and groups of figures in excess of one-half of the total number of chargeable words in the text and signature, will be considered as telegrams in cypher language (see paras. 148 and 149), and charged at the full ordinary rate.

(12) Bank and similar telegrams expressed in plain language and containing a check word or check number at the beginning of the text will not be considered as code telegrams (see para. 143). The length of the check word or number in such telegrams may not exceed five letters or five figures.

(13) With the exceptions stated in para. 43/1, words in the address and in the signature of code telegrams will be counted and charged for at the rate of 15 letters to one word, any excess of less than 15 letters being counted as one word.

(14) Combinations or alterations of words contrary to the usage of the language to which they belong are not allowed. Nevertheless, family names belonging to one person, the full names of places, squares, boulevards, streets and other public ways, names of ships, designations of aircraft, compound words which can be justified if necessary, whole numbers, fractions, decimal or fractional numbers written in words, may be grouped as a single word, which is counted in accordance with the provisions of paras. 158 (3) to 158 (10). Numbers written in words in which the figures are represented separately or in groups, for example: thirtythirty instead of threethousandandthirty or sixfoursix instead of sixhundredandfortysix, are counted in the same way. Subject to the provisions of paras. 158 (1) to 158 (14), Asiatic names will be accepted as one word if so written.

TELEGRAMS.

97

Precedence.

159. The transmission of foreign telegrams for that portion of the route outside the Malayan Telegraph System will take place in the following order :

- (a) Telegrams relating to the safety of life at sea or in the air;
- (b) Government telegrams;
- (c) Meteorological telegrams;
- (d) Telegrams and service advices relating to the interruption of the channels of communication;
- (e) Urgent service telegrams, urgent service advices and paid service messages;
- (f) Urgent private telegrams and urgent press telegrams;
- (g) Non-urgent service telegrams and advices;
- (h) Government telegrams for which the sender has renounced priority of transmission, ordinary private telegrams and ordinary press telegrams;
- (i) Deferred telegrams and other kinds of reduced rate telegrams.

Route.

160. If the sender wishes to prescribe the route, he should write the necessary direction on the telegram. Indications as to route are transmitted free

161. When the sender prescribes the route to be followed the telegram is forwarded by that route unless such route be interrupted, or transmission by it seems likely to involve serious delay, in which case the sender cannot raise any objection to the employment of another route.

162. If the sender specifies no route, the telegram is sent by the best route for which sufficient charges have been received.

163. The sender may request that his telegram be transmitted by telegraph to a particular office which he specifies, and thence by post to destination.

Interruption of Telegraphic Communication.

164. If it is found that a foreign telegram cannot be sent to its destination owing to interruption of the specified route taking place after the telegram was accepted, the sender will be communicated with and asked to pay the additional charges if he wishes his telegram diverted to a more expensive route.

Cancellation.

165. **After Transmission.**—The paid service advice referred to in para. 34 relating to inland telegrams is, in the case of foreign telegrams, transmitted, as far as is practicable, in succession to the different offices through which the original telegram was transmitted until it overtakes the latter. If the telegram has been delivered to the addressee the latter is informed of its cancellation, unless the service advice contains instructions to the contrary. The sender must pay, at his option, the cost either of a telegraphic or of a postal reply to the notice of cancellation. The office which cancels the telegram or which forwards the notice of cancellation to the addressee advises the office of origin accordingly. The information is given by telegraph if the sender has paid for a telegraphic reply to

the notice of cancellation; in the contrary case, it is sent by post as a paid letter. If the telegram is cancelled before reaching the office of destination, the charges for the original telegram, for the service advice of cancellation, and for the telegraphic reply (if any) to such advice will be refunded on application after deducting the charge for the distance traversed by the original telegram, the cancelling service advice and the telegraphic reply (if any).

Telegrams to be Delivered by Day.

166. Foreign telegrams bearing the special service indication =Jour= are not delivered during the night.

Employment of Post.

167. A telegram may be forwarded by post from the appropriate telegraph office in the country of destination if the locality is not served or cannot be reached by the telegraph system of the country of destination. The address of a telegram to be posted at the terminal telegraph office must be preceded by the indication =Poste= and the name of the terminal telegraph office written at the end of the address. The word =Poste= is counted and charged for, but no fee for postage is collected.

Urgent Telegrams.

168. The charge for an urgent foreign telegram is twice the charge for an ordinary telegram of the same length between the same points, and such telegrams take precedence over other private telegrams.

169. Urgent telegrams are not accepted as such by certain countries, and during transmission over the wires of those countries they will take rank with ordinary telegrams.

Partially Urgent Telegrams.

170. The transmission of urgent telegrams over parts of routes, is allowed if the administrations concerned have come to a special understanding on the subject. A sender wishing to make use of this privilege writes before the address the paid service indication and pays double rate for the section over which the telegram is to be transmitted as urgent.

Prepaid Replies.

171. The sender of a telegram may prepay the reply which he requests from his correspondent by writing before the address the paid service indication =RP= followed by the amount paid for the reply. This service indication counts as one word.

172. At the place of destination the office of delivery issues to the addressee a voucher for an amount equivalent to that stated in the original telegram. This voucher gives the right to send, up to its value, a telegram to any destination, from any office of the administration to which the issuing office is subject. The value of a reply paid voucher issued in respect of a foreign incoming telegram received at a Postal Telegraph Office within the Malayan Telegraph System shall be converted to local currency. When the conversion so made computes to a fraction of five cents the fraction shall be rounded up or down to the nearest multiple of five cents.

173. When the charge for a telegram franked by a voucher exceeds the value of the voucher excess charge must be paid by the sender using the voucher. In the reverse case the difference between the value of the voucher and the amount of the charge actually due is refunded to the sender of the original telegram when application is made within three months of the date of issue of the voucher and when the difference is at least 2 francs.

TELEGRAMS.

99

Notification of Delivery.

174. The sender of any telegram may request that a notice of the date and time of its delivery to the addressee be transmitted to him by telegraph or by post as soon as possible after such delivery. When the telegram is forwarded to its final destination by post, this notification shall indicate the date and hour of posting.

175. If notification by telegraph be required the sender must write before the address the paid service indication =Notification of Delivery= or =PC=, and pay the cost of an ordinary telegram of six words for the same destination by the same route.

176. If notice by post be desired, the sender must write before the address the indication =Postal notification of delivery= or =PCP=, and pay a fee of 12 cents.

Telegrams to Follow.

177. The sender of a telegram addressed to countries whose regulations permit, may request, by inserting before the address the paid service indication =To follow=, or =FS=, that the office of destination shall cause his telegram to follow the addressee.

178. The sender shall be required to pay, in advance, the charge for transmission of the telegram to the first address, and the cost of further transmission will, if possible, be collected from the addressee, on delivery of the telegram.

179. If, however, the telegram cannot be delivered, the sender shall be advised thereof, and also be required to pay any charges due thereon.

180. Where the addressee refuses payment of the re-direction charges, the telegram is nevertheless delivered, the office of origin being advised of the refusal to pay, and the amount of the charge is then recovered from the sender.

181. If the sender of a telegram =To follow= requests a telegraphic acknowledgment of receipt, and the telegram is re-transmitted beyond the limits of the country of destination given in such telegram, he shall be required to pay any sum that may be necessary to complete the cost of the acknowledgment of receipt, according to the distance actually traversed, independently of the charges for re-transmission which the office of delivery may be unable to recover.

Multiple Telegrams.

182. Multiple telegrams for places in North America are not accepted.

Telegrams to Places Beyond the International System.

183. Telegrams addressed to localities not served by the international telegraph system may be delivered at their address by post or air post. The address of such telegrams must be prefixed with the paid service indication relative to the means of transport to be used, e.g., express post, or air post. Nevertheless delivery by express can only be required in the case of States which have organised a service more rapid than the post for the delivery of telegrams.

Refunds.

184. (1) Reimbursement of the following charges, to those who have paid them, shall take place if a claim is made, or in the event of a complaint against the services:

- (a) All charges erroneously collected in excess, and also the value of stamps affixed in excess to the telegraph form. If the excess charge is equal to or in excess of 2 francs it shall be refunded officially, even though the sender has not applied for it.

-
- (b) The full charge paid for every telegram which has failed to reach its destination through the fault of the telegraph service.
 - (c) The full charge paid for every telegram stopped in transmission owing to interruption of a route, and for that reason cancelled by the sender.
 - (d) The full charge paid for every telegram which, owing to the fault of the telegraph service, is received later than it would have been delivered by post, or in any case if it had not been delivered to the addressee until after a delay of 48 hours if a private ordinary telegram, or 24 hours if a Government or urgent telegram or paid service advice, or 72 hours if a deferred telegram. The period during which offices are closed, when it is the cause of delay, the time occupied in delivery by the special messenger are not included in the periods mentioned.
 - (e) The charge on any portion of the text of a collated telegram in secret language, and for every telegram in plain language which has manifestly been unable to fulfil its object in consequence of errors made in its transmission, unless the errors have been rectified by paid service advice.
 - (f) The supplementary charge for special services not rendered, as well as the charge for the corresponding paid service indication.
 - (g) The amounts deposited for the repetition of a passage supposed to be incorrect, if the repetition does not agree with the first transmission, with the reservation, however, that when some words have been correctly and some incorrectly transmitted in the original telegram, the charge for the words correctly transmitted originally shall not be refunded, unless the mistakes made rendered unintelligible the words which had not been mutilated.
 - (h) The full charge paid for every other telegraphic or postal paid service advice, the sending of which has been necessitated by an error in the telegraph service.
 - (i) The full amount deposited for a reply when the addressee has not been able to make use of the voucher, or has refused it, and when such voucher remains in the hands of, or within
 - three months from the date of issue has been returned to, the office from which it was issued.
 - (j) The charge in respect of the telegraph section not traversed by the telegram when, owing to interruption of a telegraphic route, the telegram has been forwarded to its destination by postal or other means. The expense of replacing the original telegraph route by any other means of transport, shall, however, be deducted from the amount to be refunded.
 - (k) The full charge for every telegram with prepaid reply which has manifestly been unable to fulfil its object owing to a service irregularity which warrants the return of the charges for the reply; also the full charge for every prepaid reply which has manifestly been unable to fulfil its object owing to a service irregularity which warrants the return of the charges for the telegram of inquiry.
 - (l) The charge, when it amounts to 2 francs, or more, for the word or words omitted in transmission of a telegram, unless the error has been corrected by paid service advice.

(m) The difference between the amount of a reply voucher, and the charge for a reply telegram of less value prepaid by means of said voucher, if this difference is equal to 2 francs at least.

(n) The charge for every telegram stopped on the ground that it is considered dangerous to the security of the State, or contrary to the laws of the country, to public order, or decency, or owing to the suspension of the telegraph service.

(o) The proportion of charge due on every cancelled telegram.

(p) The difference between the amount collected from the sender and the charge on a notification of delivery of a redirected telegram when the difference is equal to 2 francs at least.

(2) In the cases provided for in paragraphs (b), (c), (d), (e), (j), and (l), the refund only applies to the actual telegrams lost, cancelled, delayed, or mutilated, including any supplementary charges not used, and not to telegrams necessitated or rendered useless by such non-delivery, delay, or mutilation.

185. In case of a partial refund on account of a multiple telegram, the total charge received shall be divided by the number of addresses, and the quotient shall represent the charge appertaining to each copy.

186. When errors of the telegraph service have been corrected by paid service advices within periods fixed by the application of paragraph 184 (1) (d), counting from the time of lodgment of the original telegram, reimbursement shall only apply to the charges for such service advices. No refund shall be made in respect of telegrams to which such advices relate.

187. No refund shall be made for rectifying telegrams which, instead of being exchanged between telegraph offices as paid service advices, have been exchanged direct between sender and addressee.

188. Every claim for refund must be made under penalty of rejection within six months from the date of deposit of the telegram.

189. Every claim must be made to the original sending administration, and be accompanied by documentary evidence, i.e., a written statement from the terminal office or the addressee, if the telegram has been delayed or not been delivered; or the copy delivered to the addressee, if the question is one of alteration or omission.

190. The claim may, however, be presented by the addressee to the office of destination, which shall decide whether it will deal with it, or whether it must be forwarded to the sending administration.

191. The right to refund lapses after a period of six months from the date of the letter by which the sender is informed that a refund has been granted.

Deferred Telegrams at Reduced Rates.

192. (a) The sender of a private telegram to a place outside the Malayan Telegraph System which admits deferred telegrams, may obtain the concession of a reduction of approximately 50 per cent. in the charge subject to the reservations that the telegram is written in plain language, as defined hereafter, and that it is not transmitted until after ordinary rate telegrams and press telegrams.

(b) Radio-telegrams and semaphore telegrams are not transmissible at deferred rates.

193. The text of deferred telegrams must be written entirely in plain language in one and the same language chosen from amongst the languages detailed in paragraph 142.

The expression referred to in paragraph 143 may also be included in the text of deferred telegrams. Proper names, names of firms and expressions describing merchandise or a type of merchandise are also exceptionally admitted in the text if expressed in a language other than that in which the telegram is written. In addition in a deferred money order telegram the amount of the money order may be expressed by means of a code word.

194. (1) Any telegram comprising numbers, names, or words without connected meaning, and, in a general way, any telegram which has not in itself an intelligible meaning for the telegraph service, is not admitted to the benefit of the reduced rate.

(2) Registered abbreviated addresses are accepted when they are accompanied by a text which shows clearly their nature.

195. If numbers written in figures, commercial marks or abbreviated expressions are used the number of those words and groups chargeable must not exceed one-third of the number of chargeable words in the text including the signature. If this calculation of one-third gives a fractional number of words, the fraction is rounded up to the next highest whole number.

Exceptionally in deferred money order telegrams the above restriction only applies to private messages from the remitter to the payee which may be included in the text of the telegram.

196. As an exception, in deferred telegrams from or for China, the text may be written entirely by means of groups of four figures, taken from the official telegraph dictionary of the Chinese administration.

197. Deferred telegrams may contain all the paid service indications, except that relating to urgency and partial urgency.

198. The rates applicable to the different special services requested by the sender in the case of a deferred telegram (paid service advice, conditions of delivery =RP=, =TC=, etc.) are the same as for an ordinary telegram; nevertheless, =telegrams to follow= may be re-transmitted at the reduced rate for deferred telegrams, if such telegrams are admitted between the re-transmitting administration and the administration of new destination. The corresponding paid service indications are charged at the reduced rate.

199. Collation charges on deferred telegrams are one-half of the full ordinary word rate for each taxable word.

200. The sender must sign a declaration, formally specifying that the text is written entirely in plain language and does not contain a meaning different from that apparent from the text. The declaration must indicate the language in which the telegram is written. For deferred money order telegrams, however, this declaration is only required if the official text is followed by a private communication.

201. The sender must write before the address of a deferred telegram the service indication =LC=. This service indication is charged for as the word.

TELEGRAMS.

103

202. Deferred telegrams may be delivered after ordinary telegrams.

203. The minimum delay, giving the right to refund of the charge of a deferred telegram, is fixed at 72 hours.

204. Telegrams at reduced rates are subject to all the conditions of the international telegraph regulations which do not conflict with the foregoing conditions.

Press Telegrams.

205. Telegrams of which the text consists of information and news relating to politics, commerce, etc., intended for publication in newspapers and other periodical publications, are admitted as press telegrams at reduced rates. These telegrams must bear, at the beginning of the address, the paid service indication =Presse= written by the sender and apart from this, press telegrams may not bear any other paid service indication other than those relating to urgent telegrams and multiple telegrams. The use of abbreviated and registered addresses is authorised. Press telegrams must be addressed to newspapers, periodical publications or news agencies and solely in the name of the newspaper, publication, or agency and not in the name of a person connected in any capacity whatever with the management of the newspaper, publication or agency. They must only contain matter intended for publication and instructions relative to the publication of the telegram. Any passage of the latter kind must be written between brackets either at the beginning or the end of the text. The number of words contained in the whole of the instructions relating to a single telegram may not be more than 5 per cent. of the number of chargeable words in the text or exceed ten words in all. The brackets are charged for. Urgent press telegrams are admitted and the charge per word for an urgent press telegram is the same as for an ordinary private telegram over the same route. For particulars of charges, etc., relating to press telegrams, application should be made to the nearest Postal Telegraph Office.

Daily Letter Telegrams.

206. (i) Daily letter telegrams shall bear the service indication =DLT= which must be inserted by the sender before the address and shall be charged as one word at the daily letter telegram rate.

Radio-telegrams, semaphore and money order telegrams are not transmissible at D.L.T. rates.

- (ii) These special telegrams must be written in plain language and shall be subject generally to the same rules as deferred telegrams. They may be accepted for transmission on any day of the week, with normal delivery on the morning of the second day after the day of handing in and shall be chargeable in principle at one-third of the charge for an ordinary telegram subject to a minimum charge as for 25 words.
- (iii) In the Malayan Telegraph System daily letter telegrams shall rank for priority after "deferred" messages.
- (iv) The special services admitted are the following : Reply paid, Poste Restante, Telegraph Restant, Telegraphic redirection at the request of the addressee. The corresponding chargeable service indications (=RPX=, =GP=, =TR= and =Réexpédié de=) are charged for at the reduced rate.
- (v) The names of the countries for which such special telegrams are admitted are shown in the Table of Charges for Foreign Telegrams.

Night Letter Telegrams (Foreign).

207. Night letter telegrams shall bear the service indication =NLT= and will generally follow the rules for Daily Letter Telegrams as regards charge and special services admitted except that the normal delivery will be on the morning after the day of handing in. This service at present operates between Malaya and Great Britain, Northern Ireland and Irish Free State and between Malaya and Hong Kong only.

Foreign Greetings Telegrams.

208. (i) An optional service of telegrams conveying Christmas and New Year wishes is admitted during the period from the 14th of December to the 6th of January inclusive. These greetings telegrams will bear the paid service indication =XLT=, which the sender must insert before the address. Registered or abbreviated addresses may be used in the address. Semaphore telegrams and money order telegrams are not admitted as greetings telegrams. Radio-telegrams of greetings are admitted only by special agreement with the administrations and private enterprises concerned. The only special services admitted in foreign greetings telegrams are, prepaid reply, poste restante and telegraph restant; the relative paid service indication =RP=, =GP=, or =TR=, being charged at the reduced rate.

(ii) The text of these greetings telegrams must consist solely of wishes or greetings and they will be chargeable in principle at one-third of the rate charged for an ordinary telegram subject to a minimum charge as for ten words. The charges may be ascertained on application at a Postal Telegraph Office.

(iii) The countries for which such greetings telegrams may be accepted at Postal Telegraph Offices in the Straits Settlements and Federated Malay States will be published by the Director-General of Posts and Telegraphs from time to time.

Radio-Telegraph Service.

209. Radio-telegrams will be accepted at any Postal Telegraph Office in the Straits Settlements or Federated Malay States for transmission through the coast stations at Singapore and Penang to ships equipped with wireless telegraph apparatus and also to Sarawak and Christmas Island.

They will also be accepted at any Postal Telegraph Office in the Straits Settlements or Federated Malay States for transmission through the wireless stations at Singapore, Penang and Kuala Lumpur to aircraft equipped with wireless telegraph apparatus.

210. The wireless services between the Straits Settlements and Christmas Island, and the Straits Settlements and Sarawak are regarded as extensions of the telegraph system, and are therefore governed by the regulations laid down for foreign telegrams.

211. The Post Office can give no information as to the times of arrival or departure of ships or aircraft beyond such information as is published in the Post Office Daily List in connection with mails.

Special Conditions.

212. Radio-telegrams are subject to the rules governing foreign telegrams, except as hereinafter provided.

TELEGRAMS.

105

213. The following classes of telegrams (though admitted in the international telegraph service) are not admitted in the radio-telegraph service unless the service is an extension of the telegraph system.

- (a) Telegraph money orders.
- (b) Telegrams to follow by order of the sender.
- (c) Paid service telegrams asking for repetition or information, except as regards transmission over the land lines.
- (d) Urgent telegrams, except as regards transmission over the land lines.
- (e) Telegrams at deferred rates or daily letter telegrams.

Charges.

214. The charges for radio-telegrams transmitted to or received from ship stations shall include :

- (a) Coast station charges.
- (b) Ship station charges.
- (c) Land line or other telegraph charges.
- (d) Charges for special services, if any.

The coast station charge for Straits Settlements and Federated Malay States wireless stations is 21 cents per word.

The land line charge for radio-telegrams sent via the Straits Settlements or Federated Malay States wireless stations to ship or to aircraft is 5 cents per word.

Ship station charges are as follows :

For ships of Spanish or Swedish nationality 18 cents per word; and for ships of Finnish and Lettonian nationality 9 cents per word; for all other ship stations 24 cents per word. There is no minimum charge. Exceptionally, the compulsory minimum charge as for five words as in the case of code telegrams, does not apply to radio-telegrams expressed in code language.

215. The charge per word on radio-telegrams transmitted to the under-mentioned places are as follows :

To					Ordinary.		Urgent.
					\$ c.		\$ c.
Christmas Island	...	...	...	...	0 47	...	0 94
Sarawak	...	...	...	...	0 52	...	1 04

=CDE= Radio-Telegrams.

216. Charges for =CDE= radio-telegrams are assessed as follows :

- A. **Coast Station Charge.**—A charge per word that is 6/10ths of the full charge per word rounded up to the nearest one cent.
- B. **Ship Station Charge.**—A charge per word that is 6/10ths of the full charge per word rounded up to the nearest one cent.
- C. **Land Line Charge.**—Three cents per word (subject to a minimum charge as for five words).
- D. **Charges for Special Services, if any.**

NOTE.—For =CDE= telegrams for Christmas Island and Sarawak the minimum charge as for five words should be collected. (*Vide* section 210.)

Address.

217. The address of a radio-telegram must contain :

- (a) The name or description of the addressee, with supplementary particulars if necessary.
- (b) If for a ship, in addition to (a) above, the name of the ship and its call sign as shown in the international list of radio-telegraph stations. Where there is any risk of confusion between the name of the ship and the name of a Telegraph Office the word "steamship" should be prefixed to the name of the ship. If for an aircraft the registration letters of the aircraft.
- (c) The name of the coast station as it appears in the international list of radio-telegraph stations, e.g., "Singapore Radio."

In the address, the name of the ship and its call sign as shown in the international list of radio-telegraph stations shall be counted in every case, and independently of its length, charged for as one word. Similarly, the name of the coast station is counted and charged for as one word.

Special Telegrams.

218. The sender, upon giving the necessary instructions and paying the requisite fees, may make use of the following special services, namely :

- (a) Prepaid replies. The amount prepaid shall be inserted in franc currency. The equivalent of 1 franc is 60 cents of a dollar.
- (b) Collation or repetition from office to office during transmission.
- (c) Delivery by post.
- (d) Multiple addresses.
- (e) Paid service advices, except those asking for repetition or information. Nevertheless all paid service advices shall be allowed on the route over the land lines.
- (f) Urgent radio-telegrams, but only in transmission over the land lines.

219. Radio-telegrams may be exchanged with ships which are out of range by the aid of intervening ships.

- (1) The number of re-transmissions is limited to two.
- (2) The charge for such telegrams is generally the ordinary charge (para. 214), plus one ship station charge for each re-transmitting ship—for exceptions to this rule *see* sub-paragraph (7) below.
- (3) The charge for re-transmission is held as a deposit for settlement on receipt of information as to the number of re-transmissions that were actually necessary.
- (4) The information required for settlement can be obtained by post or by telegraph. In the former case an additional charge of 5 cents must be paid, and in the latter the cost of an inland telegram of five words.
- (5) Telegrams requiring re-transmission must bear the supplementary instruction "x transmissions lettre" or "x transmissions telegraphe," according to whether the information for settlement of the deposit is required by post or by telegraph. These supplementary instructions are each charged for as three additional words.

(6) Telegrams requiring re-transmission are accepted only at the risk of the sender.

(7) Ship stations controlled by any of the companies named below make no charge for re-transmission of messages addressed to other ship stations controlled by the companies named:

Amalgamated Wireless (Australasia), Ltd., Sydney.

Compagnie Radio-Maritime, Paris.

Companhia Nacional de Comunicacoes sem Fio, Rio de Janeiro.

Compania Nacional de Telegrafia sin Hilos, Madrid.

Compagnia Internazionale Marconi per le Comunicazioni Marittime, Rome.

La Compania Marconi de Telegrafia sin Hilos del Rio, Buenos Aires.

Norsk Marconikompani, Christiania.

Nederlandsche Telegraaf Maatschappij "Radio Holland," Amsterdam.

Siemens Brothers & Co., Ltd., London.

Société Anonyme Internationale de Télégraphie sans Fil, Brussels.

The Radio Corporation of America, New York.

The Marconi Wireless Telegraph Co. of Canada, Ltd., Montreal.

The Marconi International Marine Communication Co., Ltd., London.

Advice of Transmission to a Ship.

220. The sender of a radio-telegram to a ship may require that a notice of the date and time at which his telegram is transmitted from a coast-station in the Colony be notified to him as soon as possible after its transmission. In such cases the service indication =PC= (or if an acknowledgment by post, =PCP=) must be written on the form in the space for special instructions and paid for. The cost of an acknowledgment of receipt by telegraph is equal to that of an inland telegram of five words; for an acknowledgment by post the charge is 19 cents, the acknowledgment being sent by registered post. If the radio-telegram is forwarded through an intervening ship (para. 219), the advice will furnish only the time of transmission to the first ship. In case of non-transmission, the sender will be advised in accordance with paras. 221, 222 and 223 following, and the special charge paid for the advice of transmission will be refunded on application.

Procedure when the Ship cannot be Reached.

221. The sender of a radio-telegram to a ship may indicate the maximum period for which he desires the message to be kept at the coast station. In that case he should write before the address the instruction "x days" (charged for as two words), specifying the number of days, inclusive of the day of handing in of the telegram. If the ship does not communicate with the coast station within that period, the latter notifies the office of origin and the information is communicated to the sender.

222. If the sender does not specify any period, the office of origin will be informed by service advice on the morning of the third day following the date of handing in that it has not been possible to deliver the message to the ship of destination. The sender who will be informed by the office of origin, may then if he chooses, request by means of a paid service advice telegraphic or postal that the radio-telegram may be retained until the end of the fourteenth day counting from the day of handing in. Payment for the advice should be made at the rates for telegrams or letters addressed to the country in which the coast station is situated. If no such request is received, the radio-telegram will be treated as undelivered at the end of the seventh day (not including the day of handing in).

223. If the coast station is sure that the ship has passed beyond its range of transmission before the station could have transmitted the radio-telegram to it, such station will immediately inform the office of origin, and the sender will be advised of the cancellation of the message. Nevertheless, the sender may by paid service advice request the coast station to transmit the radio-telegram when the ship next passes.

Refunds.

224. If a radio-telegram fails to reach the ship of destination through a fault of the telegraph service, the whole of the charges prepaid will be refunded to the sender on application.

Refunds will be made under the rules for foreign telegrams, subject to the following stipulations :

- (1) The time occupied in radio-telegraphic transmission and also the time during which the radio-telegram remains at the coast station in the case of radio-telegrams addressed to ships or in the ship station in the case of radio-telegrams originating in ships shall not be counted in the period of delay giving rise to refunds and reimbursements.
- (2) When the acknowledgment of the receipt of a radio-telegram has not reached the station which transmitted the radio-telegram, the charge is only refunded after it has been proved that the radio-telegram is one which gives rise to a refund.
- (3) If a radio-telegram cannot be delivered owing to the ship having passed out of range, the charge paid by the sender, less the land line charge, will be refunded without application.

225. Claims for reimbursement should always be accompanied by documentary evidence, viz.:

In the case of non-delivery or delay, by a written statement from the office of destination or the addressee, that the radio-telegram has not been received, or has been delayed.

In the case of error in a plain-language radio-telegram, or in the case of the omission of one or more words, by the copy of the message delivered to the addressee.

226. No claim for reimbursement will be entertained unless it is made within five months of the date of the original radio-telegram.

Communication through Coast Stations in other Countries.

227. Radio-telegrams may also be sent to ships through coast stations in other countries. In such cases the total charge for a radio-telegram is made up of :

- (1) The charge for transmission to the coast station given in the tariff for foreign telegrams.
- (2) The coast station charge given in the international list of radio-telegraph stations.
- (3) The ship station charge.
- (4) The charge for re-transmissions, if any, and unless otherwise provided—one ship or coast station charge for each transmitting ship or coast station (*see* para. 219).
- (5) The charge for special services, if any.

Meteorological radio-telegrams are charged at one-half of the charge for the total number of words at the full rate, rounded up to the nearest multiple of five cents.

228. Charges for =CDE= radio-telegrams communicated through coast stations in other countries are assessed as follows :

- A. **The Charge for Transmission** at =CDE= rate (subject to the usual minimum as for five words).
- B. **Coast Station Charge.**—A charge per word that is 6/10ths of the full charge per word rounded up to the nearest one cent.
- C. **Ship Station Charge.**—A charge per word that is 6/10ths of the full charge per word rounded up to the nearest one cent.
- D. **The Charge for Retransmission**, if any.
- E. **The Charge for Special Services**, if any.

229. Coast stations in the Straits Settlements and in other countries with the relative coast station charges are shown in the List of Radio Coast Stations and Charges.

AGREEMENT TERMS, ETC.—

Subscribers within 2 miles radius of a telephone exchange are required to sign an agreement for an initial period of three months, and those beyond the 2 miles radius for an initial term varying from one year to five years depending upon the cost of installation. These agreements are terminable after the expiry of the initial term, at two weeks' notice.

Subscribers not more than one mile beyond the 2 miles radius of an exchange may pay subscriptions monthly in advance, subject to their maintaining a deposit equivalent to one month's rental, or 60 per cent. of the total monthly bill for telephone services, whichever is the greater.

New subscribers more than one mile beyond the 2 miles radius of an exchange, are required to pay initially a full year's subscription in advance but may pay subsequent subscriptions monthly, subject to the maintenance of a small deposit, if they so desire. A small initial deposit is also required if trunk and phonogram facilities are desired.

SPECIALLY EXPENSIVE LINES.—

In cases where the cost of construction is exceptionally heavy or the line is not likely to be of use, later, for any other subscriber, the Director-General may charge sums in addition to, or in lieu of the above subscription rates.

Removals and Alterations.

The charge for the removal of a telephone instrument or bell from one point to another within 2 miles radius of an exchange is \$5. For removals of telephones situated more than 2 miles from an exchange a charge will be quoted on application to the Controller, Posts and Telegraphs, of the district.

The charge for replacing one type of instrument by another at subscriber's request is \$5 (e.g., replacing wall telephone by table type or vice versa).

112 GOVERNMENT TELEPHONES—S.S. AND F.M.S.

Applications.

All applications for telephone service, or for alterations to existing services should be addressed to **Controller, Posts and Telegraphs, Penang**, for exchanges in Penang and Province Wellesley.

Superintendent, Posts and Telegraphs, Malacca, for exchanges in Malacca.

Controller, Posts and Telegraphs, Ipoh, for exchanges in Perak.

Controller, Posts and Telegraphs, Kuala Lumpur, for exchanges in Selangor and Pahang.

Superintendent, Posts and Telegraphs, Seremban, for exchanges in Negri Sembilan.

Trunk Communication.

Any exchange in the Straits Settlements, Federated Malay States and Johore may communicate with any other, and in addition with most exchanges in Kedah. For details and charges *see* the current Telephone Directory, which shows the fees for day calls of three minutes duration. For calls booked between 7 p.m. and 9 p.m. the fees for three minute calls are one-half day rates with a minimum of 10 cents, and for calls booked between 9 p.m. and 7 a.m. the fees are one-quarter day rates with a minimum of 5 cents, all such fees being rounded up to the next multiple of 5 cents. For six minute calls double fees are charged. No call, except by prearrangement is permitted to extend beyond six minutes. If further communication is desired a fresh call must be booked which will take its turn with other waiting calls.

The period charged for, on a trunk call, commences at the moment when communication with the number demanded is offered to the number from which the call was originated.

Personal Calls.—Any subscriber in the Federated Malay States and Straits Settlements may book a trunk call by name to any other subscriber in the Straits Settlements, Federated Malay States, Kedah and Johore.

The telephone staff will take all reasonable steps to ascertain the whereabouts of the required person and, if he is available at any exchange served on a "no-delay" basis from the exchange named by the caller, will connect him as soon as he is ready to speak.

The calling subscriber may name a substitute to be connected if the required person is not available.

TO MAKE A PERSONAL CALL SIMPLY SAY "PERSONAL CALL" TO THE OPERATOR. You will then be connected to the supervisor who will take the necessary particulars and arrange accordingly.

If there is likely to be considerable delay in finding the required person, you will be informed as early as possible. If, thereafter, the telephone staff are unable to find the required person within six hours from time of booking, the call will be abandoned.

A small additional fee is charged for this service, whether the call is effective or ineffective. (*See below*). The trunk fee is only charged if the required person, or his substitute, speaks.

Phonogram Calls.—Telegrams dictated over the telephone are accepted from any telephone in respect of which a deposit is held and trunk calls are allowed. (See also the phonogram paragraph of the telegram section of this guide.)

GOVERNMENT TELEPHONES—S.S. AND F.M.S. 115

Trunk Deposits.—Subscribers paying subscription annually, desiring the use of trunk lines are required to deposit a sum equal to the average amount of fees incurred in two weeks with a minimum of \$5 for residential lines and \$10 for business lines. Bills for trunk fees are rendered monthly in arrear.

Subscribers who desire details of trunk calls originated from their telephones during any month may obtain these on payment of a fee based on the total value of such calls. This fee is refunded if it is found that the trunk fee account originally rendered was inaccurate.

Public Call Offices.

Public Call Offices are maintained at those Post Offices marked "P" in the List of Post Offices published in this Guide.

The charge for the use of a Call Office is 10 cents for three minutes and 20 cents for six minutes. In the case of trunk calls the trunk fee is additional.

A sum, to cover all charges, must be deposited in advance by the caller. If the caller is not certain whether three minutes or six minutes use of the Call Office will be required he may deposit a sum to cover six minutes use and book an "optional" call. This permits him the option of extending the call to six minutes when challenged by the operator after the first three minutes. If only three minutes use is made, the balance of the fees is refunded.

If a Call Office call is cancelled by the caller before connection has been offered to him, or if it is ineffective owing to communication with the desired number not being available for any reason, the whole of the fee deposited is refunded.

Dutiable Articles.

Under the regulations of the Postal Union articles liable to Customs duty may be sent in packets prepaid at the letter rate of postage to those countries which have agreed to admit them. A green label giving precise particulars of the weight and value of the articles must be affixed to the address side of each packet; and in addition, if the country of destination so requires, one or more non-adhesive Customs Declarations as required for parcels and written in specified languages must be enclosed in or securely fastened to the packet. The labels may be obtained at any Post Office. Exceptionally, when the laws of the country of destination permit, articles liable to Customs duty may be sent by sample post.

Particulars of the countries which participate in the arrangement and of the number of Customs Declarations required are given in this schedule. To countries not included in this arrangement, dutiable articles may be sent only by parcel post or in insured boxes to those countries with which the Director-General has an arrangement for the exchange of insured boxes. Dutiable articles sent otherwise may be returned, subjected to fines, or confiscated, according to the laws of the country of destination.

Prohibitions.

The special prohibitions shown in the following schedule are additional to the general prohibitions detailed in Chapter II. Coin, platinum, gold or silver manufactured or not, precious stones, jewellery, etc., cannot be sent by letter post in the Straits Settlements or Federated Malay States no matter to what country addressed, except in insured boxes to those countries with which the Director-General has an arrangement for the exchange of insured boxes.

Prohibited Articles.—Same as for parcel post, except letters.

Every article (except books imported by or for the account of any public library or library association) capable of being stamped, branded or labelled at the time of its manufacture, without suffering damage, must be conspicuously and indelibly stamped or branded, etc., in English characters with an indication of the country of origin.

Books and printed matter of all kinds, engravings, photographs, etchings, maps, charts, music in books or sheets, etc., are subject in general to a Customs duty of 15 per cent. *ad valorem*. The under-mentioned articles are, however, exempt from duty:

- (a) Newspapers and periodicals; books, engravings, photographs, etchings, bound or unbound maps and charts imported for the use of the United States of America or the Library of Congress; books, maps, music, engravings, photographs, etchings, lithographic prints, bound or unbound, and charts, which have been printed more than 20 years, or are intended for the use of any religious, educational or learned institution or any State or public library; hydrographic charts and publications issued by scientific and literary associations or academies for their subscribers or exchanges, or publications of individuals for gratuitous private circulation, not advertising matter, and public documents issued by foreign Governments; books and pamphlets printed wholly or chiefly in languages other than English, blind literature and music, and books used abroad not less than one year, by persons or families from foreign countries.
- (b) Photographs and printed papers, other than books, sent in small quantities, and intended for the personal use of the addressee.

For Customs purposes there must be enclosed an *invoice* in all packets containing either merchandise or books for sale; and a *statement* (giving accurate particulars of contents and value) in all packets containing merchandise or books not sent in execution of an order or not for sale. If the total value of the goods contained in a packet or in several packets sent at the same time by the same sender to the same addressee exceeds 100 dollars, the invoice (or statement) should be certified by a United States Consul. Sample packets should be marked "Trade Samples".

All sealed packets containing merchandise (or having the appearance of containing merchandise) which is not definitely known to be dutiable, must bear an endorsement "May be opened for Customs purposes prior to delivery to addressee". Packets containing merchandise which bear neither the endorsement described nor a green label (*see below*) can be accepted only at sender's risk.

Dutiable articles may be sent by letter post under the green label system; Customs Declarations, 1.

Articles (except cigars, cigarettes and cheroots) the aggregate value of which is not more than one dollar, are admitted free of duty provided they are not imported for sale or forwarded for the purpose of avoiding the payment of duty. A charge of 10 cents for Customs clearance is collected from the addressee.

PARCEL POST.

TABLE OF POSTAGE RATES, ETC.

NOTE.—The sender of a parcel for any place abroad must fill up a Customs Declaration on a form provided for the purpose. There are two types of form in use, one an adhesive form to be used in connection with parcels for Great Britain, all British Possessions and a few foreign countries, and the other a non-adhesive form to be used for parcels for all other places abroad. The letter "A" in the column headed Customs Declaration signifies that the adhesive form must be used, and the letter "C" the non-adhesive. The figure following the letter "C" shows the number of identical copies of the Customs Declaration which are required in each case.

When a non-adhesive form "C" is used the sender must also fill up a despatch note. One despatch note and one set of Customs forms "C" will suffice for two or three (not more) uninsured parcels subject to the same rate of postage from the same sender to the same addressee, unless the contrary is stated in this Table. Each insured or cash on delivery parcel and each parcel on which the sender undertakes to pay Customs and other charges must have a separate set of forms.

The transmission of celluloid is subject to special conditions. Celluloid unmanufactured or in sheets, must be well packed in strong wooden boxes, and articles composed wholly or partly of celluloid must be in a packing not less strong than stout cardboard. A white label bearing the word "Celluloid" in plain black letters should be affixed to the parcel and to the Despatch Note, when one is used. Celluloid, unmanufactured or manufactured, when intended for conveyance by French packet, must be packed in a cardboard box enclosed in a strong mortised box made of wood at least 1 centimetre thick, and a large red label bearing the word "Celluloid" in very distinct black letters should be affixed to each parcel and Despatch Note. Liquid celluloid may not be sent by post.

For general prohibitions, see Chapter II. For information as to articles the importation of which, through the post, into certain countries is prohibited, see the "Prohibitions" against the names of the countries concerned, in this Table. The Post Office accepts no responsibility for the correctness or completeness of this information, although every effort is made to secure accuracy.

Parcels weighing over 11 lb. which contain bullion, coin or jewellery cannot be forwarded by P. & O. packets.

The sender of an insured parcel may obtain an advice of its delivery on application at the office of posting, either at the time of posting or subsequently.

Symbols used in the following table :—

E. Parcels may be prepaid for express delivery.

R. Parcels bearing Trade Charges accepted.

P.C. Payment of Customs and other charges may be undertaken by the sender.

Limitations of the Service and General Observations.

- A *Observations.—General.*—Parcels are accepted for all places in China; but the postage covers transmission to certain offices only, a list of which is published in this Guide and may be seen at any Post Office. The limits of size for parcels addressed to these offices are $3\frac{1}{2}$ feet in length, breadth or depth and 6 feet in length and girth combined. Extra postage is collected from the addressee for the inland transmission of parcels for offices other than those included in the list; and the limits of size for such parcels are 2 feet in length, breadth or depth and 4 feet in length and girth combined, except that parcels which do not measure more than 8 inches in breadth or depth, may be as much as $3\frac{1}{2}$ feet in length. Exceptionally, parcels for Sinkiang Province, Chinese Turkestan, may not exceed 1 foot in length, breadth or depth. Parcels for any of the offices included in the list mentioned above may be insured; parcels for other places can be insured only as far as the service extends, and the parcels must be marked by the senders "To be insured as far as the service permits". For certain places in Manchuria, the maximum insured value is £50. Insured parcels may not be accepted for places in the province of Jehol.

Parcels for Kashgar and Yarkand in Chinese Turkestan are despatched to the Indian Post Office at Gilgit, and must be addressed to persons on whose behalf the Gilgit Agency will accept them. The Indian rates of postage apply. *See* separate entry under Turkestan.

Parcels for the Province of Yunnan should be strongly packed in stout cloth or in strong wooden boxes. The parcels must be sealed. Parcels for Hoihow and Kiungchow (Province of Kwantung) must be sealed. A copy of the relative invoice with a detailed description of the contents should be enclosed in each commercial parcel.

C 1

- C 1 (c) *Prohibitions.*—Same as China.

Observations.—The regulations as to Despatch Notes, Customs Declarations, etc., are the same as for Japan. There are Japanese Agencies in Manchuria at Anshan, Antung, Changchun (Hsinking), Changtu, Chikwanshan, Fankiatun, Fenghwangcheng, Fengtien, Fushun, Haicheng, Hiungyaocheng, Hsintaitzu, Kaiping, Kaiyuan, Kiaotow, Kungchuling, Kuokiatien, Liaoyang, Lienshankwan, Moukden (except East Suburb and Sin Pin), Newchwang, Penkinu, Shuangmiaotzu, Sukiatun, Sunshu, Szepingkai, Tashihkiao, Tiehling, Wafangtien, Yentai, Yingkow.

NOTE.—East Suburb, Moukden and Sin Pin, Moukden, are outside the zone of the Japanese Agency; and postage on parcels so addressed must be prepaid as for (b).

C 2 *Prohibitions.*—Letters; arms (except sporting guns) and munitions; condensed wine and substances for imitating the flavour of wine; contraceptives; roulette and other apparatus for games of chance. The importation of the following articles is subject to special restrictions: Pharmaceutical preparations and sporting guns.

Observations.—The contents of a parcel should be fully described on the Customs Declaration, in accordance with the classification of the Customs tariff of El Salvador. An invoice in triplicate made out in Spanish and certified by a Consul for El Salvador is required. One copy of the invoice may be enclosed in the parcel or, if sent separately, it should be posted in time to reach the addressee before the parcel. One invoice is sufficient for a consignment of parcels posted at the same time by one sender to the same addressee. If the invoice covers a consignment of parcels and is forwarded with them, the parcels should be marked 1, 2, 3, etc., by the sender and the invoice should be enclosed in parcel No. 1 which should be noted accordingly; the remaining parcels should be marked "Invoice in parcel No. 1". If an invoice is sent separately, the parcel or parcels concerned should be marked accordingly.

Commercial parcels should be accompanied by certificates of origin authenticated by a Consul for El Salvador.

C 1 *Prohibitions.*—Letters; arms and parts of arms and saccharine and its products, except under permit; opium and other narcotics except under permit and then only in insured parcels.

Observations.—Insurance is confined to parcels for Asmara, Assab, Cheren and Massouah. Every parcel should be very strongly packed and sealed with a distinctive device.

C 2 *Prohibitions.*—Letters; secret weapons; aniline dyes except in crystals; articles coloured with poisonous preparations; playing cards; corks, labels, capsules, etc., bearing the marks of foreign commercial houses and not sent with the goods to which they relate. The importation of the following articles is subject to restrictions: Arms of war and accessories; bees; compound pharmaceutical preparations; margarine; meat; seeds of clover and other fodder exceeding one kilogramme in weight; wireless telegraph apparatus.

The importation of many other articles is subject to the production of a certificate of origin and of an import permit which must be obtained by the addressees in advance.

Observations.—A separate Despatch Note and set of Customs Declarations must be prepared for each parcel.

Names of streets and places in addresses should be those officially recognised in Estonia.

To ensure the speedy clearance through the Customs of post parcels addressed to places in Great Britain and Northern Ireland the following regulations should be observed :

If goods are liable to any *ad valorem* duty, an invoice, showing the contents in detail and the value of each article should be enclosed, and the cover of the parcel should be marked on the address side "Invoice enclosed".

When the invoice relates to more than one parcel, the cover of each parcel should be marked "Invoice enclosed in Parcel No.....".

A certificate of origin in the prescribed form should be enclosed in parcels posted in the Straits Settlements or Federated Malay States containing goods claimed to be of local growth, produce or manufacture. The parcels should be marked on the address side of the wrapper "Certificate of origin enclosed" or, where the consignment comprises more than one parcel, "Certificate of origin enclosed in Parcel No.....".

Provided the value does not exceed £10, the prescribed certificate of origin may be dispensed with for parcels not containing tobacco or not being merchandise for sale, despatched from a place within the Straits Settlements or Federated Malay States to Great Britain or Northern Ireland, where the sender has definite knowledge that the contents have been grown, produced or manufactured locally, provided a signed declaration in the following terms is affixed to the outside of each parcel :

"The contents of this parcel are not merchandise for sale, and every dutiable article herein is the growth or produce, or, if a manufactured article, is to the extent of at least..... per cent. of its present value, *bona fide* the manufacture of the Straits Settlements/the Federated Malay States."

In this connexion, it should be noted that responsibility for ascertaining as to whether goods contained in post parcels are liable to Customs duty, and the category in which they fall, rests on the sender, as no information on the subject is available at local post offices.

Customs Declaration : Customs Declarations must show the net weight or quantity and value of each class of article, and must bear the signature of the sender.

- C 2 *Prohibitions.*—Letters. Iranian bank-notes. The importation of a wide range of general merchandise is definitely prohibited. Merchandise not prohibited is subject to a quota system, and a permit is required for the importation of any such goods. Senders should ascertain before posting whether the goods are admissible.

Observations.—All parcels must be packed in wood, tin, canvas, linen or similar material, and must be sealed with a distinctive device.

Additional charges for conveyance from the Iranian frontier are collected from the addressee.

...

...

- C 1 *Special Prohibitions.*—Letters; coins; feeding bottles with tubes of glass or rubber.

The importation of the following articles is subject to special restrictions: Arms; pharmaceutical preparations; plants, parts of plants, bulbs, seeds, etc.; saccharine; table salt; tobacco.

Observations.—The following places are in the Department of Loreto: Caballococha, Calzada, Chazuta, Contamana, Habana, Iquitos, Masisea, Moyabama, Nauta, Nazareth (Rio Yavari), Rioja, San José de Sioa, Saposoa, Soritor, Tarapoto, Yurimaguas.

An invoice certified by a Peruvian Consul and sent to the addressee separately by letter post is required in respect of every parcel or consignment of parcels posted at the same time to one addressee. A consular invoice may, however, be dispensed with where the contents do not exceed 5 dollars or the equivalent thereof in value, or where the parcel is sent from a locality in which a Peruvian Consular Officer is not resident; but a commercial invoice must then be forwarded with the parcel and the relative charges will be levied on delivery.

Observations.—No compensation is paid in respect of any parcel sent by this service.

- C 2 *Prohibitions*.—Letters; aniline colours containing arsenic (except in crystals) and articles coloured with them; gold coin, unmanufactured gold and certain monetary documents except, under permit; labels, empty receptacles, etc., bearing the names of non-Polish firms sent without goods; saffron substitutes. Restrictions apply to the importation of the following articles :

Alcoholic liquors; arms and munitions; artificial sweetening substances; celluloid; fruit; meat and other animal products; medicines; plants; potatoes; poisons; salt; seeds (certain kinds); serums and vaccines; vegetables; tobacco, except for personal use and not over 1 kilogramme in weight; white lead and sulphate of lead.

The importation of certain other articles is subject to the production of an import permit which should accompany the parcel. Used clothing is exempt from duty if sent for charitable purposes; but the sender must enclose a "certificate of poverty" issued by the local authorities in Poland together with a list of the contents, both documents bearing the *visa* of a Polish Consular Officer.

Observations.—Parcels must be very strongly packed (paper or cardboard is not sufficient). A separate Despatch Note and set of Customs Declarations must be prepared for each parcel.

If a certificate of origin is sent with goods subject to preferential rates of Customs Duty, it should be enclosed in the parcel, the relative Despatch Note and the cover of the parcel being clearly marked to that effect. A single certificate may cover three but not more parcels. In such a case the cover of the parcel containing the certificate and the Despatch Note should be endorsed to show that the certificate enclosed covers the other parcels, the serial numbers of which should be indicated; and the other parcels and their Despatch Notes should be noted to the effect that the certificate is contained in parcel No.....

In Asia (*b*)—Bitlis, Cizre, Elaziz, Gazi Antep, Kilis, Maras, Severeck, Urfa and Van.

The names in parenthesis in the above lists are now obsolete and must not be used in the address. The country of destination must be shown as "Turkey" only without such alternatives or additions as "Asia Minor, Armenia, etc."

Commercial parcels should be accompanied by an invoice and by a certificate of origin in duplicate in the prescribed form, issued by a Chamber of Commerce or other competent authority and visaed by a Turkish Consul. The invoice and certificates of origin may be attached to the Despatch Note or enclosed in the parcel. In the latter case the parcel should be marked on the address side "Invoice and certificates of origin enclosed".

Parcels must be sealed with a distinctive device.

A *Prohibitions*.—Letters; firearms (except by special authority).

Observations.—No compensation is paid in respect of any parcel sent by this service.

...

...

...

C 3 *Prohibitions*.—Letters; arms (except hunting weapons); cotton seed, pods or plants; hypodermic syringes, opium pipes and similar articles; labels, corks, etc., bearing marks of foreign firms and not sent with the goods to which they relate; peas and beans; playing cards; poisons; Soviet coin and monetary documents, except under permit; worn clothing and footwear, unless clean and accompanied by a medical certificate of disinfection.

Observations.—Licences from the Soviet Authorities are necessary for all parcels sent commercially and an invoice must be enclosed in every such parcel. Licences are also necessary for most other articles entering the Union of Soviet Socialist Republics; but small quantities of certain articles may be imported without a licence up to specified yearly limits provided they are intended for the personal use of the addressee. Certificates of origin and similar documents which are required in respect of articles liable to Customs duty must bear the signature of a Soviet representative.

Parcels must be strongly packed in wooden boxes, or sewn in canvas or similar material (paper or cardboard is not sufficient), and must be sealed with a distinctive device.

Limitations of the Service and General Observations.

- A *Prohibitions*.—Letters; adulterated food and drugs; bees; contraceptives; cotton seed, cotton and cotton seed products (except oil, unmanufactured cotton and cotton waste—see below), feathers and skins of wild birds (except ostrich feathers) unless for educational or scientific purposes; films or pictorial representations of prize-fights; intoxicating liquors; poisons; potatoes; prison-made goods. The importation of the following articles is subject to special restrictions: Arms; bulbs; cereals; cigars and cigarettes; cotton waste and unmanufactured cotton; plants and parts of plants; sealskin in any form; unprepared fruit and vegetables; virus, serums, toxins and analogous products.
- Observations*.—No compensation is paid in respect of any uninsured parcel.
- The value shown on the Customs Declaration must not be less than the market value.
- If more than one parcel is sent at one time to one addressee, the sender should number the parcels consecutively and should indicate on each parcel the number of parcels forming the consignment. For instance, if the consignment consists of three parcels, the parcels should be numbered "1/3," "2/3," "3/3," respectively. One Customs Declaration may be used for any number of uninsured parcels from one sender to one addressee. The total number of parcels forming the consignment should be shown on the Customs Declaration.
- Every article (except books imported by or for the account of any public library or library association) capable of being stamped, branded or labelled at the time of its manufacture, without suffering damage must, as well as its immediate container and the packing in which the article is sent, be conspicuously and indelibly stamped or branded, etc., in English characters with an indication of the country of origin.
- Articles (except cigars, cigarettes and cheroots) the aggregate value of which is not more than one dollar, are admitted free of duty provided they are not imported for sale or forwarded for the purpose of avoiding the payment of duty.
- An invoice or statement giving accurately the value of the contents for Customs purposes should be enclosed in every parcel containing books and also in every sealed parcel containing merchandise; and the parcel should be marked on the address side "Invoice enclosed". If, however, the invoice or statement relates to more parcels than one, it should be enclosed in parcel No. 1, and the remaining parcels should be marked "Invoice enclosed in parcel No. 1".
- If the value of the goods contained in a parcel or in several parcels sent at the same time by one sender to the same addressee exceeds 100 dollars, an invoice certified by an United States Consul should be furnished. This invoice should be enclosed in the relative parcel, the Customs Declaration being noted "Consular Invoice enclosed". When the Consular Invoice relates to more parcels than one, it should be enclosed in parcel No. 1, the Customs Declaration being noted accordingly. The Customs Declarations

or covers of the remaining parcels should be marked "Consular Invoice in parcel No. 1". If the sender prefers, however, the Consular invoice may be sent separately to the addressee, the relative Customs Declaration being suitably noted. When the Consular Invoice is enclosed no other invoice or statement of value need be furnished. If the Consular invoice is sent separately to the addressee, a commercial invoice should be enclosed in the parcel.

Articles (except cigars, cigarettes and cheroots), the aggregate value of which is not more than one dollar, are admitted free of duty provided they are not imported for sale or forwarded for the purpose of avoiding the payment of duty.

A charge of 15 cents for Customs clearance and delivery is collected from the addressee.

- C 2 *Prohibitions*.—Letters; firearms and arms of war; game; gold and silver coin, except ancient coins (not exceeding 10 per parcel) for collections; vines and parts of the vine.

Observations.—A certificate of origin on a form obtainable from a Consul for Uruguay and authenticated by him must accompany every commercial parcel (or consignment of parcels posted at the same time by one sender to the same addressee).

- C 1 *Prohibitions and Observations*.—Same as Italy.

- C 4 *Prohibitions*.—Letters; absinthe; arms (except sporting guns, which are admitted with an importation permit) and other war material, except for the Government; cigarette papers; copper, nickel and silver coins, except for the Government; salt.

The importation of the following articles is subject to special restrictions: Foodstuffs; pharmaceutical preparations; saccharine and similar substances.

Observations.—Customs Declarations should show the nature of the contents in accordance with the classification of the Venezuelan Customs Tariff.

- A *Prohibitions and Observations*.—Same as United States of America.

- C 2 *Prohibitions*.—Letters; arms of war and parts thereof; cigarette papers; foreign military uniforms; salt; tobacco; wine essences. The importation of the following articles is subject to special restrictions: Fresh or prepared meat; fruit; pharmaceutical products; sporting weapons; wireless apparatus.

Observations.—Parcels must be very strongly packed and sealed with a distinctive device. Customs Declarations should be prepared in French as well as in English, and should bear the Post Office serial number of the parcel. The original invoice must accompany a parcel containing merchandise.

- A *Prohibitions*.—Letters, except one for the addressee; condensed milk containing less than 8 per cent. of cream.

LIST OF PARCEL OFFICES IN CHINA.

The names in brackets indicate the Postal District in which the towns are situated.

Letters may not be accepted for insurance to those places marked with an asterisk.

Note.—There are many variations in the spelling of the names of places in China and it will rest with the sender to decide, in case of doubt, whether a particular place in the list is that for which his parcel is destined or not.

342 TABLE OF CHARGES FOR FOREIGN TELEGRAMS.

TABLE OF CHARGES FOR FOREIGN TELEGRAMS.**Urgent Telegrams.**

The charge for an urgent foreign telegram is twice the charge for an ordinary telegram of the same length between the same points, and such telegrams take precedence over other private telegrams.

Urgent telegrams are not accepted as such by certain countries, and during transmission over the wires of those countries they will take rank with ordinary telegrams.

Code Telegrams.

Code telegrams (shown under CDE in the following tables) are charged at six-tenths of the full rates per word rounded up to the nearest multiple of 5 cents and are subject to a compulsory minimum charge as for five words. Government code telegrams are charged at six-tenths of the full British Government rate per word; in other respects they are governed by the same conditions as for private code telegrams.

Press Telegrams.

The charges for press telegrams may be obtained on application at any Postal Telegraph Office.

Urgent Press Telegrams.

The charge for an urgent press telegram is the charge for an ordinary private telegram of the same length between the same points.

Meteorological Telegrams.

Meteorological telegrams are charged at one-half of the charge for the total number of words at the full rate.

Route.

There is no necessity for the sender to specify a route, except where the charge for the particular class of telegram in question depends on the route. Telegrams for places served by North Atlantic Cables (referred to as NAC) intended for transmission by British routes should be marked:

"Via Imperial"

Other N.A.C. routes are:

"Via Commercial" ... (Commercial Cable Company)

"Via P.Q." ... (French Telegraph Company)

"Via Western Union" ... (Western Union Telegraph Company)

Other routes referred to are:

"Via Manila-Pacific" ... (Eastern Extension Telegraph Company and Pacific Cable Company)

No guarantee can be given that the rates shown in the following table will not be changed.

* Telegrams should bear official instructions "Via Peshawar". Private telegrams in cipher language are not admitted.

† Only English language allowed in deferred telegrams.

‡ A copy of the code used for telegrams should be deposited with the Yemen Postal Administration.

§ Telegrams in cipher languages are not admitted.

|| Telegrams in public or part public code must bear name of code in preamble. For telegrams in private code the addressee must have deposited a copy of the code or cipher used with the Argentine Telegraph Authorities or have permission to receive code or cipher telegrams. Telegrams including Bank Telegrams which do not comply with the above requirements are not delivered; but those addressed to "Banco de la Nacion" are exempt from these restrictions.

414 POST AND TELEGRAPH OFFICES IN MALAYA.

LIST OF POST AND TELEGRAPH OFFICES IN MALAYA.

NOTES AND EXPLANATIONS.

A=Postal Agency	Ip=Insurance (parcels only)
BO=Town Branch Post Office	M=Money Order business
C=Cash-on-Delivery Service	P=Telephone Call Office
c=Delivers but does not accept	R=Railway Station Postal Agency
Cash-on-Delivery Articles	S=Savings Bank
I=Insurance	T=Postal Telegraph Office

At Postal Agencies the only business transacted is the sale of stamps, the acceptance and delivery of registered articles and uninsured parcels, and the receipt and despatch of mails. A postman is stationed at a few of the more important agencies but in the majority of cases delivery is to callers only.

Holidays.

On Christmas Day and Good Friday, Sunday hours are observed. On other public holidays, the General Post Office, Singapore, is open from 8 a.m. to 1 p.m. and from 5 p.m. to 7 p.m.; all other Post Offices, with the under-mentioned exceptions, are open from 8 a.m. to 10 a.m. and from 4 p.m. to 5 p.m. When the public counters at Singapore, Penang and Kuala Lumpur are closed, telegrams may be handed in at the Telegraph Office throughout the 24 hours and at Ipoh at the Telegraphs Office between 10 a.m. and 1 p.m.
